A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than to submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Delle. Emerentienne Montreuil, of 114 Latourelle St., Quebec, Que.

Dear Mrs. Pinkham:—

"I suffered for eight months with what the doctors called prolapsus, which caused great weakness all over my system, with faint dizzy spells. I kept growing weaker and weaker. I tried several medicines which they claimed would cure my trouble, but nothing was of the least benefit until I tried Lydia E. Pinkham's Vegetable Compound, and this helped me so rapidly that I could hardly believe my good fortune. I would gladly have paid $25.00 for that first bottle, for it started me on the road to health, and five bottles cured me. I am most grateful for my splendid, robust health, and shall certainly recommend the Vegetable Compound in glowing terms to all my friends and acquaintances, for it is deserving of all the praise I can give it."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

A GLASS NOVELTY.

Invention Will Bring About Revolution.

Washington, D.C., May 3.—The United States vice-consul at Nuremberg reports a new invention in the glass plate industry which, he believes, will bring about a revolution in the trade. It is the invention of M. Fourcault, a Belgian, who has sold his patent to the European syndicate of plate glass manufacturers for nearly one million dollars. This syndicate consists of German, French and Belgian manufacturers, and one Bohemian factory. Hitherto, in the making of window glass, the molten substance has been blown into cylinders by glass-makers' pipes, and subsequently flattened, while in the making of plate glass the viscid mass was cast from the pots and rolled. The new invention draws the molten substance from the pot and conducts it between rollers lying side by side. Seventeen pairs of these rollers are built up tower-like above the pot. The liquid mass cools on its way between the rows of rollers and comes out from them polished on both sides, in any desired thickness, this being regulated by the relative position of the rollers. The glass, after leaving the rollers, is beautifully polished and ready for use. At present dimensions of from 157.48 inches to 39.37 inches can be made, but experiments are being conducted to allow the manufacture of from 98.42 inches to 68.90 inches as well. One early result is expected to be that the manufacturing of plate glass of 157.48 inches and less will undergo an entire change, as the making of glass plates will come chiefly within the scope of the plate glass furnaces.

There has been much grieved surprise manifested by the Old Maids, at the failure of the bachelors to give them a supper party after the performance last night. They naturally feel that their efforts might have been accorded some tangible appreciation. They, however, will not refuse any little attention, even if it is a trifle tardy, but announce themselves open for engagements.

• • • •

A delegate to the "Old Maids' Convention," having suggested, last night, that a matrimonial advertisement bureau be established in connection with "Told In The Twilight," the editor hastens to say she would willingly throw open her columns. But—she is forced to admit that she thinks the expedient needless—if the pretty, and the nice, and attractive, and capable girls of Kingston, don't get married, its because—its to be hoped the bachelors won't see this, it might alarm them—they don't want to. Perhaps if Professor Makerney's machine works, and time-honoured bachelordom patronizes it, the girls might change their minds.

There promises to be a most enjoyable concert, in the city hall, tonight, in aid of that good object, the Soldiers' Wives' League. The musical committee, Mrs. Norman Leslie, Mrs. Charles Harvey, Mrs. Francis Macnee, and Miss Massie, have secured the very best of Kingston's musical favorites, to take part, and Colonel E. T. Taylor, whose singing is so much appreciated, will also assist. There will be a large attendance of the military.

Miss Ara Drury, who has been spending several weeks in Ottawa, the guest of Miss Pansy Mills, has left for Montreal to join her mother, Mrs. Drury, who is visiting friends there.

Mrs. J. M. Machar is expecting Mrs. H. R. Fairclough very soon. She would have been here before this, but has stayed in California to assist in making clothing for the destitute San Franciscans.

Mrs. Vevanti, of New York, is the guest of her sister, Mrs. Norman Stuart Leslie.

• • • •

Miss Etta Kirkpatrick left to-day for Orillia, to visit Mr. and Mrs. Frederick McGachen.

Among the visitors to town may be mentioned the charming delegates to the Old Maids' Convention, from Oshawa, Belleville and Gananoque. The latter was forwarded on a freight car, and was sent at the convention's risk. The Belleville delegate will not remain long, as she finds the atmosphere of Kingston too swift for her, the bracing nature of the climate and the people preventing her enjoying her customary daily snooze.

CIVIC IMPROVEMENT.

G. T. R. Co. Will Improve Approach to Kingston.

The Civic Improvement Society met yesterday afternoon with Mrs. Richard Hooper in the chair. Charles Hays, general manager of the C.P.R. company promises that the company would do its share by improving the approach to Kingston.

The public meeting planned for Friday has been postponed for a few weeks. The new Grandmother Tales competition will cover any story concerning Kingston from its beginning until now.

The district visitors, of Charity Circle, have promised to co-operate and interest all people they can in having gardens and competing for prizes.

"Parada."

Bangor Whig and Courier says: That the "Parada" has the finest staying qualities and wears well is shown every night at the opera house. The audience was again large, pleasure undiminished, and the programme splendidly carried out. Notwithstanding that it was the fifth night of the "Parada," the audience was just as enthusiastic. It was not spontaneous combustion, but a genuine expression of admiration for the meritorious work of all the participants in dance, song, or march. Frequent applause and numerous encores were the rule. "Parada will be at the Grand four nights next week, May 8th, 9th, 11th, 12th, under the auspices of the Mechanics' Institute.

Artillery Desertions.

There have been quite a number of desertions from the R.C.H.A. recently. This week, half a dozen men have gone off without permission. It is said that two nights ago, a battery-man changed his uniform in the barracks for civilian's clothing, had a carriage call for him at the gate, and was driven to the G.T.R. station to take a train. Desertions are becoming so common that it will be difficult to take a respectable-sized artillery force to camp in July. The R.C.H.A. is not the only permanent corps to be so affected. It is hard to keep any of the Canadian permanent service up to strength. Canadians do not seem to care to join. The militia department will very soon have to enquire into the cause.

Await Increased Grant.

The general hospital governors are anxiously awaiting to hear about an increased grant from the city, now that the increased liquor license fees are in force. The hospital must get more money from the city, or the governors will be unable to meet its financial demands. One of the governors said this afternoon that if the civic grant was not increased to at least $2,500 it would be necessary to consider the advisability of closing the infectious disease wards, which are kept open at a loss to the hospital of $1,400 a year.

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.

"How glad I am that I overcame my hesitation about writing you for a Free Sample of Samaria. At that time my husband was drinking very hard, and I was in despair. The effect of your treatment was immediate, and now our home is entirely free from the Drink Curse. I gave my husband the tablets in his tea, and he never knew. As the taste for liquor left him, his general health improved and is now splendid—many, many thanks. I will be glad if you will tell others of my experience.

BISHOP M'DONNELL

APPOINTMENT TO DIOCESE OF ALEXANDRIA.

The New Bishop is a Native of the County of Glengarry and Has Seen Long Service in Eastern Ontario.

Cornwall, Ont., May 3.—The appointment of Rev. William McDonell as bishop of Alexandria is officially announced.

Rev. William McDonell was born on the south branch of Charlottenburg township, Glengarry county, a little over fifty years ago. He is a son of Donald Archibald McDonell, deceased. He was educated in the common schools of the county and at St. Joseph's College, Ottawa, and took his theological course at the Grand Seminary, Montreal. He was ordained at St. Raphael's, Glengarry, in September, 1881, by the late Bishop Cleary, of Kingston. He was stationed at Gananoque for about five years and in 1886 succeeded the present Archbishop of Kingston in the pastorate of Glen Nevis, where he remained until 1890, when he was removed to St. Andrew's as successor to Rev. Vicar-General Corbet, now of Cornwall.

RESOLUTION OF CONDOLENCE

Passed by the Kingston Clerical Club.

At the meeting of the Kingston Clerical Club, on Tuesday last, being the first regular meeting since the death of the founder and first president, the late lamented Dean of Ontario, a minute of the letter of condolence recently issued by the club through the secretary and directed to the bereaved family, was read, the clergy respectfully standing. The high estimation in which the dean was held by his brethren is indicated in the sympathetic warmth of the language employed, and the deep regret on all sides felt and manifested at his unlooked for and sudden departure. Subjoined is an extract from the expression of the sentiments of the club with regard to the late Very Rev. Buxton Birbeck Smith, doctor of divinity, rector of Kingston, and Dean of Ontario, which speaks for itself:

"With devout thankfulness to God we recognized in him the workmanship of Christ, in his gentle and gracious personality, his complete and patient absorption in his work, his calm and consistent adherence to principle, his absolute avoidance of all that could irritate in feeling word or tone, his administrative wisdom, his large-hearted co-operation in all philanthropic measures, his tactful sympathy as a friend, a counsellor, a consoler and above all his reverent, practical and supreme allegiance to Him who is King of Kings and Lord of Lords."

FRONTENAC CHEESE BOARD.

The Prices Paid For White and Colored.

Kingston, May 3.—The meeting of the Frontenac Cheese Board, this afternoon, had a large attendance. The following buyers were present: D. J. Mackinnon, J. W. Gibson, L. W. Murphy, A. Alexander, R. Thompson. Cheese boarded: Three hundred and nine colored and 151 white. The opening bid for colored was 10c. and for white 10½c. The white was all sold to Mackinnon at 10⅝c., and 119 boxes colored sold to Mackinnon at 10½c.

Last week 326 colored cheese were boarded and all sold at 10½c. The following factories boarded cheese:

Colored—Arigan, 30; Cataraqui, 12; Cold Spring, 60; Cornflower, 50; Glenvale, 25; Hartington, 47; Model, 30; McGrath's, 30; Collins Bay, 25.

White—Cataraqui, 35; Keenan & Son, 50; Morning Star, 36; Rose Hill, 30.

The buyers pointed out that Kingston board had so far paid higher prices than Brockville board. It was also stated that the market is pretty well filled with colored cheese, but the demand for white is brisk.

Pigs or Grass Plots?

Before it can hope for the removal of the market verandahs and their replacement by grass plots and flower beds, the Civic Improvement Society will have to devise means of sheltering the little pigs raised by Wolfe Islanders, who use the verandah on the Brock street side as a pig market. Alderman Harkness is chief spokesman for the islanders. Alderman Angrove wants to know why the Wolfe Island pigs should be given any more shelter than the Inverary or Odessa pigs, which have to remain on the outside market without a roof above their heads.

Kingstonian's Loss In California.

In a letter to Kingston relatives, Walter and Thomas Pillar, who had previously sent word that they passed through the California earthquake safely, estimate the loss to their large departmental store at Santa Rosa at $1,300. The roof caved in, and other damages resulted. The Messrs. Pillar are brothers of William Pillar, county councillor.

Is Leaving The City.

At the regular monthly meeting of the Plumbers' Union, Local 221, held on Tuesday evening, the secretary, Charles Veale, tendered his resignation after holding office for the past six years. Mr. Veale is going to Gananoque, was tendered a very hearty vote of thanks by the members, who wish him prosperity in his new home.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-west Province, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

HOMESTEAD DUTIES: A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making applications for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $5 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may, locate a claim 1,500x1,500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 an acre.
