GANANOQUE NEWS.
Booze Raised on the River-Town People.
Gananoque, May 5.—The local dealers in the "cup that cheers" have decided that they will keep pace with the surrounding towns in this, and hereafter the man who wants straight whiskey pays a dime instead of a nickel for it, and no reduction on large quantities. This, of course, is to keep pace with the increased license fee and the fee for licensed bartenders. Leslie R. Acton, son of James Acton, Vine street, who for a number of years past has been connected with the firm of Gunn, Richards & Co., production engineers and public accountants, Wall street, N.Y., has been promoted to the position of manager of the company's branch in Gananoque, and with his wife has taken up his residence there.
Miss Fortie McMurphy, daughter of Mr. and Mrs. John B. McMurphy, Kingston street, is visiting in New York with Miss Jessie Britton.
The partnership existing between Messrs. Charles McNeil and William W. Stafford, in the agricultural implement and piano business, has been dissolved by mutual consent. Mr. Stafford will hereafter continue the business.
C. A. Lewis, manager of the local branch of the Merchants Bank, has had his furniture brought in from Ottawa during the past week. Mrs. Lewis and family have also arrived and are at the Provincial until they can secure a suitable residence.
F. J. Henderson & Co., gasoline engine manufacturers, are very busy in their line just now, having about twenty engines of different sizes, in different stages of completion, and several gasoline launches for local parties.
It has been looked out that several local young men paid a visit to Clayton in a launch on Sunday to visit some of the fair ones of that town, who looked after them so well that by the time they were ready to leave, the storm broke, compelling them to remain over night and getting back about breakfast time on Monday.
Earl Ormiston, son of Mr. and Mrs. William Ormiston, Victoria avenue, left on Wednesday evening for Prince Albert, Sask., where he has secured a position with the C.P.R. Express company. Before leaving the employees in the Thousand Island railway office here presented him with a handsome travelling case and comb and brush set.
