

Slaves to Spring Catarrh Restored to Health by Pe-ru-na.

SPRING THE TIME TO CURE CATARRH.

Pe-ru-na Invigorates Mind and Body.

Hon. Wm. G. Hunter, Ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., as follows: "The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peru-na. "The most common affliction to humankind is a bad cold. Peru-na drives it out of doors, warms the catarrh, invigorates and gives fresh strength to mind and body. I give Peru-na my unqualified endorsement."—Wm. G. Hunter.

Takes Pe-ru-na Every Spring.

Miss Tilly Marx, 421 14th St., Milwaukee, Wis., writes: "I am pleased to endorse Peru-na, as I found it very efficient in ridding my system of a severe cold and catarrhal trouble, after I had tried many other remedies without getting relief. "I took Peru-na for two weeks, when I was much better, and in two weeks more I was entirely rid of the cold and catarrh. I shall take it every spring as a tonic, as I found that it made me much better in every way."—Tilly Marx.

MISS LYDIA HERZIGER

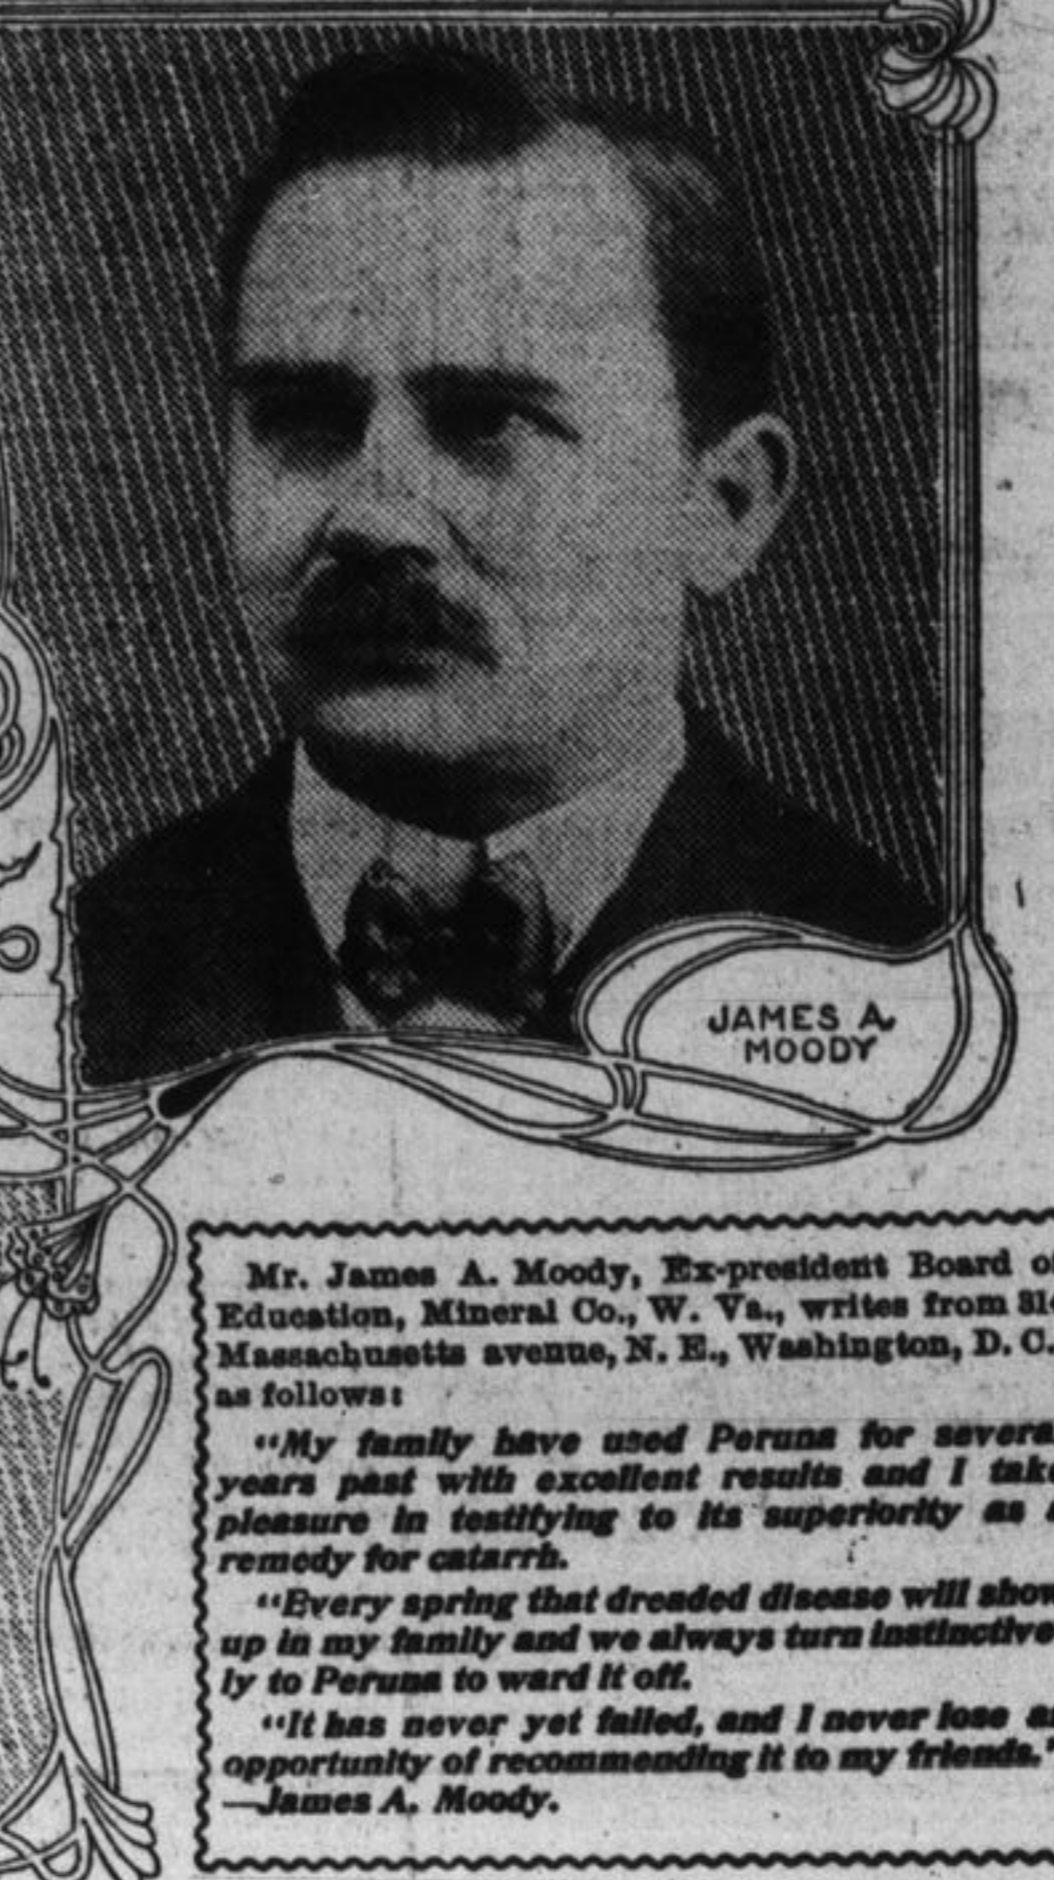

Miss Lydia Herziger, Grand Recorder of American Daughters of Independence, writes from Neenah, Wis., as follows: "I have used Peru-na now for four years, each Spring and Fall, and it keeps me perfectly well and strong. "I am able to continue working and do not have to take a three months' rest, as I used to do every year. This is a great comfort to me, as I was not able to afford such a long rest. "I find that it is a great preventative for colds and coughs and soon rids the system of all disease and is an admirable medicine. I can honestly endorse it."—Lydia Herziger.

HON. WM. G. HUNTER

MISS TILLY MARX

JAMES A. MOODY

Mr. James A. Moody, Ex-president Board of Education, Mineral Co., W. Va., writes from 814 Massachusetts avenue, N. E., Washington, D. C., as follows: "My family have used Peru-na for several years past with excellent results and I take pleasure in testifying to its superiority as a remedy for catarrh. "Every spring that dreaded disease will show up in my family and we always turn instinctively to Peru-na to ward it off. "It has never yet failed, and I never lose an opportunity of recommending it to my friends."—James A. Moody.

Spring Catarrh. Almost every one has come to believe that spring is a season that brings derangements of the body dependent on blood impurities. This belief is an old one, is nearly universal, and has arisen, not as the result of the teachings of the medical fraternity, but has been learned in the bitter school of experience. **Nervous Depression.** Depression of the nervous system at the approach of spring is a fertile source of blood impurities. There are general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep. **That Tired Feeling.** That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peru-na is taken.

The Proper Remedy. Peru-na meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peru-na invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep. **Do Not Delay.** Get a bottle of Peru-na when the first languid feelings make themselves apparent in the spring. Take it according to the directions on the bottle. Continue this treatment through the first months of spring. This course of treatment is no experiment; it is as positive in its results as any fact of science can be. **A Spring Tonic.** Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peru-na will do this is beyond all question. Everyone who has tried it has had the same experience as

A Typical Case. Geo. M. Fillmore, late 1st Lieut. 8rd U. S. Artillery, writes from 909 L St., N. W., Washington, D. C., as follows: "I brought forward from winter into spring a sickening case of catarrh which was making existence miserable for me, until I was induced to try a bottle of Peru-na. "An immediate improvement gave me hope, if not relief. I kept up taking Peru-na and it has so strengthened and relieved me that I am now confident of a cure. I heartily endorse Peru-na for catarrhal affections and as a tonic for their weakening effects."—Geo. M. Fillmore. **Now Is Your Opportunity.** This failure was during the winter months. But now is your opportunity. Nature comes to your assistance at this season. Just help her a little and she will bring you out of the quagmire in which you have been foundering so long. Give Peru-na a little assistance lest her struggle be in vain.

Thousands of Testimonials. Thousands of cases might be quoted in which Peru-na has rescued people from the ravages of spring catarrh, and put them on a good, solid foundation of health. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements Dr. Hartman is constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks. If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio. All correspondence held strictly confidential.

Nothing In Story. A Brockville exchange of Friday night: "Late yesterday afternoon Detective Foster, who was here in search of the convict Chartrand or Chalaran, received a message from Lieut. Col. A. P. Sherwood to proceed at once to Wells Island, as the escaped convict had been seen there during the day. Detective Foster left for there at six o'clock, but up still noon to-day no word had been received here of the capture. "To almost every islander who stepped foot on Kingston soil, to-day was popped the question, but none knew anything about it. The prison authorities gave out the information that on investigation it was found the convict had not paid the island a visit. Five days have now passed and the supposed murderer is yet at large. **Must Pay Full Fare.** The Colonization bureau is being flooded with applications, from parties who are clearly bent upon going into the Cobalt mineral district, for certificates entitling them to reduced rate settlers' tickets. Much valuable time is wasted in dealing with these applications, as the bureau, as far as possible, sees that only bona fide intending settlers get these tickets. There are no settlers' lands in and around Cobalt or Halesbury, and very little is left in the immediate vicinity of New Liskeard, and the plans advanced to secure reduced rates for these points are too flimsy to deceive the bureau. **To Close Up The Bars.** Quebec, May 12.—An exceptionally important meeting of the city council was held last evening, the principal item on the order paper was the second reading of the by-law to close bars on Saturday evening at seven o'clock. The by-law was adopted, but will only come into force on the 1st of September next.

CURIOUS CLOCKS. German Artisan Has Turned Out a Wonderful Mechanism. A wonderful clock has just been finished, according to the Landindustrielle, by a clockmaker named Wosmer, at St. George, in the Black Forest. This timepiece, which took eighteen months to complete, is adorned with various artistic and elaborate carvings in wood. The dial is supported on either side by two allegorical figures representing angels, sixteen inches high, holding the arms of the Grand Duchy of Baden. One of the angels, dressed in a gown every five minutes. Between these statuettes there are moving figures of a lion in mortal combat with a serpent. The dial is crowned by a moving figure of St. George, which slays the dragon every time the clock strikes the full hour. The whole structure is surmounted by the German eagle. Herr Wosmer used no machinery, all the carvings have been done by hand. Small watches, the size of a shilling, and not much thicker, are on sale as trinkets in Paris. They cost from \$200, plain gold, to \$3,000, heavily encrusted with jewels.

SINKS SLOWLY Condition of Noted Publicist is Precarious. New York, May 12.—Carl Schurz, the noted publicist and former secretary of the interior, continues critically ill at his home in this city. He is suffering from a complication of diseases, and while it was thought there had been an improvement in his condition, it was felt, last night, that the patient had lost some ground. **Lucien Millvoys In Duel.** Paris, May 12.—Lucien Millvoys, editor of the Patrie and Nationalist member of the Chamber of Commerce, fought a duel with pistols with Count Mathieu de Noailles, as a result of the street encounter between them on May 9th, when M. Millvoys broke his cane over the count's head. Pistols were used. Two shots were exchanged on twenty-five paces without result. **Anti-Regicide Officers Go.** Belgrade, Serbia, May 12.—Five army officers have been tried by court martial and dismissed from the service, because they congratulated the editor of a local newspaper on his anti-regicide campaign.

THE ITINERARY. Bishop of Ontario's Engagements For June. Friday, June 1.—11 a.m., Naponee, consecration of church; 8 p.m., confirmation. Thursday, 28.—3 p.m., Harrowsmith; 8 p.m., Syd nam.

New smoke helmets have recently been introduced in the London fire department. They resemble a diver's helmet and are so arranged that they not only protect the fireman from the smoke in burning buildings, but enable them to communicate with the men outside by means of a speaking tube. Air is pumped into the helmets by means of a bellows.

CAUSED HER DEATH Clothes of Five-Year-Old Child Ignited. "Watertown, N.Y., May 12.—Yesterday afternoon the little daughter of Mr. and Mrs. Charles Seeber, No. 12 Mohawk street, died from the effects of being burned. The child was about five years old. With playmates she went into a vacant lot across the street from her home and helped to kindle a bonfire. The flames caught the little tot's skirt and in a moment her clothing was ablaze. She attempted to run home, but was delayed by the family dog, her special pet, in his efforts to tear the burning garments from her body. Neighbors came to the rescue, but the dog would not at first allow them to approach the suffering child, evidently fearing they would do her still more harm. **Independent Of Others.** Tokio, May 12.—It is semi-officially announced that the Japanese government has adopted a wireless telegraph system as the result of special investigation in progress since 1900, which is unique and entirely independent of other existing systems. Berlin supports a professional bird-catcher, who keeps scientific institutions supplied with birds, nests and eggs.

WAS WELL KNOWN. Edward Riley, a Brick-Maker is Dead. Edward Riley, or as he was widely and familiarly known, "Uncle Ned," passed peacefully away at the home of his niece, Mrs. W. Atkins, 4 Victoria Terrace, at seven o'clock this morning. He had reached the advanced age of ninety-one years, and only for the past few years had been retired from a life of commercial activity. Mr. Riley was born in Yorkshire, England, coming to this city when a young man, of twenty years of age. For many years he operated a brick-yard at Westphalia, where he was a member of the Church of England. "Uncle Ned" by his kindly disposition, won many loving friends. He was unmarried. A rather remarkable fact is that deceased's mother lived until her ninety-fourth year. **Wilhelmina's Mother Hurt.** Berlin, May 12.—The Povaeger Queen Emma of the Netherlands, mother of Queen Wilhelmina, was thrown from an automobile yesterday at Steinfurt, Westphalia, where she was attending the silver wedding of Prince and Princess Von Bentheim-Steinfurt. The machine struck a butcher's wagon, ejecting her majesty and Prince Von Bentheim-Steinfurt. The queen-mother was hurt, but resumed her ride.

Dr. Hugo's Health Tablets Are just for women and contain just what every Sick and Run-down Woman Needs. Do you know that distinguished physicians say that ninety per cent. of the ills of women result from their peculiar organism. This should make clear to you the need and advantage of taking a remedy that contains uterine and female tonics. You know, of course, that remedies made to sell to men as well as women do not contain these. What is the result? Simply this: When you buy a box of these tablets you get a remedy compounded just for your special needs, and one containing all that medical science can supply in this twentieth century to make you a healthy woman. What more could you ask? And unless your experience should be different than that of other women, you need nothing more. If you don't feel as well as you would like to, try these tablets. **They Make Healthy Women.** **THE MILITIA CAMP.** Provisional Staffs and Brigades Selected. Meeting at Cobourg, June 18th: Staff-camp commandant, officer commanding Eastern Ontario; orderly officer, Lieut. C. F. Constantine R.C.H.A.; paymaster, Maj. L. W. Shannon, 7th Infantry Brigade; intelligence officer, Lieut. H. B. H. Craig, C. of G.; musketry instructor, Capt. C. M. Wallbridge, 49th Regiment. Cavalry brigade staff, second cavalry brigade—Lieutenant-colonel commanding, Lieut.-Col. T. Clyde brigade major, Lt. Capt. C. T. Van Straubenzie, R.C.D. Infantry brigade staff, 6th Infantry Brigade—Lieutenant-colonel commanding, Lieut.-Col. J. Hughes brigade major, Lieut.-Col. W. N. Ponton, 7th Infantry Brigade—Lieutenant-colonel commanding, Lieut.-Col. E. B. Edwards, acting brigade major, Maj. A. B. Cunningham, 14th Regiment. Corps, 10th Artillery Brigade—Detachment P.S.A.C., No. 3 company C. detachment No. 2 company, R.C.E., de A.S.C., No. 3 field-squadron, Second Cavalry Brigade—3rd Dragoons, 4th Hussars, 6th Infantry Brigade—16th, 40th and 45th Regiments and composite city regiment, 7th Infantry Brigade—16th, 47th and 49th Regiments.

Newest Summer Millinery

PERFECT in choice and arrangement of colors, unique in the number and diversity of good styles and artistically correct in every trimming detail, to-day's display of Summer millinery and trimming requisites surpasses even the most notable of its predecessors in trimmed hats.

Beautiful hats of loghorn and embroidery, liguerie hats, panamas, new sailors, hats of peroxylone, feathers, openwork straws and all the finer makes of white chip.

Whatever your requirement—from the least expensive hat for every day to the rarest and most exclusive and ethereal confection, it can quickly be met in this magnificent collection.

STORY OF COPPS

HE DENIES MARRIAGE TO A CHORUS GIRL. Yale Student Cannot Understand Why Miss Hammett Should Claim Him For Husband. New York, May 12.—J. Edward Copps, Yale '06, in New Haven, declared that the story of Miss Marie Hammett, a chorus girl in "The Social Whirl," at the Casino theatre, that he had married her, is false. On Tuesday night, Miss Hammett told of meeting the Yale man, of the brief courtship, and of the marriage at Hartford, Conn., on the night of April 20th. She declared that Mr. Copps was the handsomest man she had ever seen and that she could not resist his love-making. Mr. Copps was greatly astonished when he read in the newspapers of his wedding and hastened to deny it. At the same time he admits being friendly with the young woman. "I can't understand why she should make such a statement," he said, "I met Miss Hammett in New Haven when 'The Social Whirl' came here. I am not married to her, however, and have no intention of marrying her. I became acquainted with her through Belle Lorimer, a member of the company. Miss Lorimer I met last summer at Lake Umbagog, Rutland Co., Vt. About two weeks ago Miss Hammett and I went auto riding to Merideth, but we were not married. There were four in the party. I have not been in Hartford since long before Easter." Mr. Copps' friends say that he was in New Haven on the day Miss Hammett says she married him in Hartford. In Hartford it is said that there is no minister there by the name of Goodfell. This is the name of the dominie who, Miss Hammett declares, performed the ceremony. When Miss Hammett was seen at the Casino theatre last night, Mr. Copps' denial of the marriage, and her confession that she had nothing to say.
