THE STANDARD OIL

ITS PRESIDENT GAVE CENT TO SUNDAY SCHOOL.

Out of First Earnings, But That Hasn't Prevented John D. From Doing Crooked Things—Stirring Newspaper Criticism.

Kingston, May 12.—(To the Editor): I believe in calling a spade a spade. A few years ago I had something to say in the press on the character of the Standard Oil company, and its head, John D. Rockefeller, in connection with an address by one of our then city preachers, who was then holding up the success of John D. as an example to our young men, because he gave a penny out of his first earnings to a Sunday school. At that time I was thought crazy, or at least rash in my statements, but since then the reading public has learned a good deal about the Standard Oil company, and its head, J. D. Rockefeller, which has justified me in writing as I did about the rascality of the organization, which is still doing business at the old stand, and in the old way, in spite of what social reform cranks have to say about it. The company has dropped some of the grosser forms of sin, such as that which was directed against the individual, but it still retains its unlawful character, as is manifested by the report of Commissioner Garfield, and the president's message to congress. The report shows that the Standard Oil company "has habitually received from the railroads, and is now receiving secret rates and other unjust and illegal discriminations." The benefit from the secret rates amounts to at least three-quarters of a million dollars a year. This the company obtains at the expense of the railroads, but, of course, the ultimate result is that it obtains a much larger profit at the expense of the public.

Out of 26,000,000 barrels of refined oil produced annually, the Standard Oil company produces 23,000,000, to such an extent has it driven out competition.

I saw a good story told about Mr. Rogers, who is practically the head of the company now. His son was reading him the report or message of the president. "Why, my son," he said, "I am ashamed of our innocence. $750,000 on a business of 23,000,000 barrels of oil, it isn't even petty larceny, it would only amount to one mill on a gallon of oil."

The New York Evening Post recalls that about a year ago, when some Baptist preachers, to whose church Rockefeller belongs, objected to receiving $100,000 from him, for missionary purposes, on the ground that the Standard Oil company was not conducted on ethical principles, and the money was "tainted money," one S. C. T. Dodd, some college presidents and Baptist clergymen, and the Baptist press were vigorously explaining that the company was conducted on the very highest plane. The Post adds: "These apologists are completely confounded by the report of Mr. Garfield. The shipments of the Standard Oil company have been falsely way-billed, and blind-billed; many of the discriminations have been clearly in violation of the inter-state commerce law; and most of the railroads, when discovered, have promptly stopped their illegal practices. These charges, sustained by detailed evidence show that the Standard Oil officers do not regard veracity as the chief of virtues; that their ethical principles are those of the strangler; and that in the business of rivalry they shrink from no treachery, however foul."

These are stirring times, and talk like this by the great dailies of the United States ought to arouse the public to take some action that will stop the robbery of the masses, and check the greed of these human devilfishes. I am with the man who stands out for rejecting the money for religious, or even educational purposes, of these monsters of monopoly. Not that the money is not just as good as any other money. It will serve its purpose as well, but the accepting of it will tend to retard the reforms necessary to eliminate the social injustice caused by such systems of production and distribution of wealth. When preachers and college presidents take the money of these men, money made by the monopoly of natural resources, which should belong to all the people, it has the tendency to make them silent on the questions of reform, social and economic, that are pressing for solution at the present time the world over.

I saw it stated that Principal Gordon said, recently, that if Queen's College had severed her connection with the church, Carnegie would have helped her liberally. I am not discussing Dr. Gordon's opinion on that matter, but wish to say that if Queen's not letting go her hold on the church saved her from contributions by such monopolists as Carnegie, she is lucky. The political economy taught at Queen's is conservative enough now, and what would it become if she were endowed with the money of monopoly?—S.A. AYKROYD.

A GENUINE OFFER.

FREE TRIAL BOX OF BILEANS.

The proprietors will send a free trial box of Bileans to all readers who mail this coupon, together with one cent stamp (to pay return postage) to the Bilean Co., Toronto. Write your name and address clearly.

Daily Whig, May 15, 1906

Indigestion

Indigestion is one of the most frequent as well as one of the most painful and disease-producing complaints which afflict mankind to-day. It consists of an inability of the stomach to digest the food given to it. This inability may be traced to many causes. Lack of exercise, abuse of spirits, insufficient food, bad air, worry or brain work, and sedentary habits are all known to be powerful factors in the production of indigestion. The symptoms are also very numerous, the most noticeable being a feeling of heaviness in the chest, or of distress after eating; a disagreeable taste in the mouth in the morning; together with a dull pain in the head, a loss of appetite, general indisposition for work, and a pale and sallow complexion. Gas or wind on the stomach, also heartburn, and at times a dry cough, may all be attributed to the same cause. Bileans for Biliousness cure all forms of indigestion. They aid the stomach to properly digest the food which has been taken, and will also assist in the expulsion of waste and impure matter from the system, thus insuring a permanent cure.

AN AMHERST GENTLEMAN'S CURE.

The following testimonial from an Amherst gentleman well illustrates the power of Bileans in cases of indigestion, Biliousness and stomach disorders generally. Mr. Thomas Molyneaux, of Amherst, states as follows:—"I had been troubled with my stomach for about three years when I ordered "Bileans" from you. Bilious attacks would also come on every two or three days. I had experimented with I don't know how many different kinds of medicines, but the biliousness, etc., went on just the same. Happening across the advertisement of "Bileans" I sent for a supply, and took them according to directions. That must be a month ago, and I have not had an attack since."

WHY BILEANS ARE SUPERIOR.

Bileans are a purely vegetable medicine, which is a cure not only for indigestion, but all the symptoms and ailments arising out of stomach and liver disorders. It is well known that liver medicines hitherto in use mostly contain Bismuth, mercury, and other harmful mineral products, and rely upon these ingredients for their temporary effects. But these mineral constituents are very injurious if taken for long and produce such effects as that of loosening the teeth, causing the hair to fall out, etc. Bileans are entirely different and superior. They are purely vegetable and contain no trace of any such harmful ingredients as the above. In taking them there is no fear whatever of any harmful secondary effects. Note the above offer of how to obtain a free trial box.

BILEANS ARE A CERTAIN CURE FOR

Headache, constipation, piles, liver trouble, indigestion and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, fainting, buzzing noises in the head, feelings of uncomfortable fulness even after a light meal, wind pains, anæmia, debility, etc. They also act as a general tonic, and by improving the tone of the whole system enable it to throw off colds, chills, rheumatism, etc. They improve the general circulation, and are a boon to pale-faced girls and weak women. For all purposes to which a household remedy is put Bileans will be found of excellent service. Bileans are obtainable from all druggists and stores at 50 cents per box, or direct from the Bilean Co., Colborne St., Toronto, upon receipt of price. 6 boxes for $2.50.

BILEANS

Bend Your Arm—Ellis Spring Needle Ribbed Underwear

will stretch from shoulder to wrist—each stitch gives to the next—the strain on any one stitch not one-quarter what it will stand.

Release the strain. Each stitch takes back its own. It is **co-operation underwear.**

With the old latch-stitch this strain is local—confined to about six inches. Each fibre in that space is stretched to almost breaking—and cannot spring back as it should to keep its shape and wear.

That's why Ellis Spring Needle Ribbed Underwear fits best, wears best, and is most comfortable.

Ask your dealer. And send for free booklet.

The Ellis Mfg. Co., Limited Hamilton, Ont.

The Results of Weak Blood

Tired Brain and Body and Languid, Worn-Out Feelings—Cure In

Dr. Chase's Nerve Food

In the spring the blood is lacking in the red corpuscles wherein is found the life-giving principles which put snap and energy into the system—making the body active and the mind alert.

For lack of red corpuscles in the blood, the lungs are weak, the action of the heart feeble, the stomach fails to properly digest the food, the liver, kidneys and bowels become sluggish and inactive.

Dr. Chase's Nerve Food overcomes these conditions because it contains the very elements of nature which go to increase the number of red corpuscles in the blood.

These ingredients are so combined in this great restorative as to act mildly and gently on the system, instilling new vigor and vitality into the blood and nerves and through these mediums reaching with a beneficial influence every vital organ of the body.

Miss Emma Scott, Athens, Ont., writes: "Dr. Chase's Nerve Food has done me a world of good. I was troubled with fainting spells, bodily weakness, and spent restless, sleepless nights. I frequently had cramps in the stomach, and would at times become entirely insensible, not knowing what was going on until others told me afterwards.

"I doctored with several doctors, and they told me I was threatened with paralysis. They gave me relief, but could not cure me. After suffering for three years I began the use of Dr. Chase's Nerve Food and it has done me more good than all the medicines I ever used."

It is interesting to note your increase in weight from week to week while using Dr. Chase's Nerve Food; 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

MADE DEMONSTRATION.

There Are Thousands of Idle Men.

London, May 15.—Thousands of unemployed persons of both sexes marched, yesterday afternoon, to Hyde Park, where James Keir Hardie and George Nicoll Barnes, labor party, members of parliament, presided at meetings. The object of demonstration was to impress on the authorities the fact that there are thousands of men unemployed in the metropolis. Resolutions calling on the authorities to recognize the right of all to work were adopted.

Arrested For Highway Robbery.

Clarendon Station, May 14.—This is a late spring. Seeding is general and growth very backward. George Neeley is moving out of our village. Mrs. Alexander McCoy and family start for New Ontario Tuesday. John Welch and R. Boles intend going also very soon. Mrs. John Hickey returned, Thursday, from Haileybury, bringing home the remains of her son, who died there of pneumonia. Mrs. J. Brown, Tichborn, and Mrs. Graves, Harrowsmith, attended the late James Hickey's funeral. Edward Jones, K. & P. brakesman, has been spending a few days at home. Miss Garrett entertained some of her many friends at R. White's, Friday evening. Our school is progressing favorably, under the management of Miss Powell, Kingston. Last Monday Sandy Badour was arrested by Constable Kirkham, brought before J. H. Cannon, J.P., and committed to jail to await trial for highway robbery. Badour's past record is a bad one, and he carried a loaded revolver when arrested. John Francis is very low. Mrs. L. Moss is very ill and procured the services of Miss Owen, trained nurse, from Kingston. Hiram Conroy is the guest of R. Boles. Rev. H. Smith held service here on Sunday. Joseph Tysic lost a valuable horse. Mrs. James Hughes has sold her farm. David Crawford is quite well again. James Campbell has improved his dwelling by a new roof and painting. A much-needed government grant will be expended on the Ardoch Road this spring.

After The Escaped Convict.

Rockport, May 14.—Great excitement prevails here over the appearance of Chalabran, the escaped convict from Kingston penitentiary. He entered the home of Capt. John Carnegie on Thursday night. As the family were away, Mr. Carnegie being in Kingston, and Mrs. Carnegie at J. F. Fitzsimmons', he helped himself to a lunch and ransacked the house from cellar to garret. He then changed his clothes for a suit of Mr. Carnegie's, and took his fur-lined overcoat, a quilt and some eggs, canned fruit and other edibles, and on Friday night, he entered the unoccupied house of Walter Williams, at Poole's Resort, and had lunch. Since that nothing has been heard from him. A searching party is in pursuit, headed by Chief Ryan, Gananoque. Mrs. Stevens and daughter, Mrs. James Waldron, Holland, spent Saturday and Sunday with friends here. The steamer Victoria is undergoing repairs at Kingston. Mrs. John Farnegie has returned home from Brockville hospital.

The petition against Mr. Thompson, member for the Yukon, is dismissed, and therefore he is confirmed in his seat.

FOLLOWED AN ORGAN.

Girl, Fascinated by Monkey, Returns After 35 Years.

Morristown, N.Y., May 15.—There was joy in the village of Vernon, near Sussex, when Anna Mabee, of whom nothing had been heard for thirty-five years, returned to the home of her aunt, Mrs. Hester Mabee Lyon.

When Anna was six years old a hand organ grinder with his monkey paid the village a visit. The little girl followed the music away. The child and the organ grinder disappeared and Anna's relatives gave her up as dead.

Miss Mabee lives in Texas. She is unable to remember anything of her strange departure from the little hamlet. A few months ago she read of the Young Men's Christian Association camp at Lake Wawayanda, in Sussex county. The wild Indian name brought back recollections of her childhood, and she began inquiries which led to her return.

The replica of the heroic bust of Washington, which was made by the original of David D'Angers, owned by Mme. La Ferme, a daughter of D'Angers, has been presented to the City of New York, and will be placed in one of the

Coughers, Hawkers, Spitters!

Public expectoration is against the common law, against the laws of health also. When the throat tickles, that is the time you need "Catarrhozone"; it soothes away the irritation, cuts out the phlegm and loosens the tight feeling. You'll quickly cure that catarrh and throat trouble with Catarrhozone. It positively prevents new attacks and cures catarrh forever and for all time to come. Don't take our word for it, try Catarrhozone yourself. Once used you'll be delighted with its pleasant and helpful influence.

Tidings From Ventnor.

Ventnor, May 14.—The farmers are getting along nicely with their seeding despite the cold weather. George Cummings is able to be out again after his recent illness. William Cummings is still confined to the house. Mr. and Mrs. William Davison, Keenansville, spent Sunday with friends in this vicinity. Mrs. Charles Wylie and children, Winchester, spent the past week with friends here. Miss Jackson, teacher of the public school, attended the Teachers' Institute at Brockville, on Thursday and Friday of last week. The egg business is booming in this place at present. Vena, the little daughter of H. R. Vanderburg, who was very ill during the past week, has fully recovered. On Sunday there was communion service in the Presbyterian church, when twenty-one (converts of the revival services held here a few weeks ago by Rev. Mr. Melbourne, and Mr. Wood, the evangelist), joined the church. The majority were young people. A little daughter is the latest arrival at Frederick Fulcher's.

Richest in Color. Choicest in Design. Perfect in Taste.

THE MENZIE LINE WALL PAPERS

"For Every Room in Every House."

A SAD DEATH.

A Little Child Passed Away at Napanee.

Napanee, May 15.—An exceedingly sad death occurred, yesterday afternoon, when Hazel Mildred, only daughter of Mr. and Mrs. Perry Huffman, passed away. Deceased was but four years and eleven months old, but a sweet and loving little girl. The cause of death was due to rheumatism and heart trouble. The funeral takes place on Wednesday afternoon, at two o'clock, to the Western cemetery vault. The parents have the sympathy of very many friends in this, the hour of their sorrow.

Mrs. Conger Allan arrived home, last week, after spending the winter with friends in Belleville, Picton and Toronto. Miss Stella Amey spent last week with friends in Picton. Mr. and Mrs. H. M. P. Deroche, Deseronto, spent yesterday in town.

PERSONALLY CONDUCTED.

A Tour to Elks' Convention, Denver, Colo.

Via New York Central lines, twelve-day tour. All expenses included in rate. Special train of Pullman drawing-room and compartment sleepers, buffet, library and dining cars, will leave Utica, Syracuse, Rochester and Buffalo, Friday, July 13th. Experienced New York Central representative in charge. Option of lake trip returning from Chicago, Detroit or Cleveland to Buffalo. Ask any New York Central agent for full information and copy of itinerary.

Of Course!

Who are the men whose views are right
And just?
Who seek to make all error bite
The dust?
Whose motives pure each man of sense
Commends?
Who ought to rule this world immense?—

Have you weakness of any kind—stomach, back, or any organs of the dinary medicine. Hollister's Rockey Mountain Tea is the supreme curative power. 35 cents. Tea or Tablets. Mabody? Don't dope yourself with orhood's Drug Store.

John Murphy, of the Ottawa Electric Light company, has been appointed electrical engineer to the department of railways and canals and to the railway commission.

Plants grow faster between four and six a.m., than at any other time during the day.
