> Light Plant By-Law. The first speaker was J. M. Camp bell, manager of the city's light, heat and power plant, who reviewed history of the plant, comparing resent state with the condition wher

the city took control.

In endorsing the passing of the ension by-law, E. J. B. Pense, said he felt sure it was the voter's duty to go to the polls, next week and vote felt it was the duty of the board of trade to do its part in aiding in the rovement of this utility

Capt. Crawford was of the opinion hat to render the greatest service for the least money, the fuller extension uld be made. He thought the imortant question was to consider if asonable return could be got for the oney invested. The more the light is ed, the more will be used, and must be made. He thought the duty of the board was to vote for the by-law.

Dr. Ryan threw bouquets at est manager in Ontario, in the elecical line and he had every confidence in the report he submitted. He thought it was the citizens' duty to extend the ant and benefit the city. Ald. Toye, chairman of the civic

light committee, stated that the ques-tion had been carefully weighed in committee meetings, and not merely as alderman, but as one of the city argest taxpayers and consumers, the people. It was then moved by the Bermingham, and seconded by M Pense: "That having carefully examin ed the statement submitted by Campbell as well as the report of Mr. Ross, the expert electrician, who was brought here by the city council to report on the proposed extension fidence in the expert opinion of these trade, unanimously endorse the extension of the plant as proposed, believing such will be for the best interest skill in teaching this subject depended the reasons which gave rise to the in everything worth buy- a of the city, and prove a profitable investment as well as a great convenience and saving to the people. Every member of the Kingston board of trade is urged to give the by-law vig orous support." This resolution was

It was decided that an organization of the work of passing the by-law and the following were elected : Messrs. Bermingham, Richardson, Nickle, Henderon, Toye, and Ryan.

The Hotel Question. With the disposal of the light ques-

hotel, was introduced by J. A. Min-

nes, who pointed out the trying necescity's most urgent wants. trade at its meeting held May 22nd, which read as follows: "Resolved, that this council of the board of trade having discussed the matter of hotel accommodation in Kingston, beg to express the opinion that immediate acand would recommend that committees be formed to arrange for an energetic canvass of the citizens for subscrip

tions for the above purpose.".
In seconding this resolution, L. L. Henderson declared that to show that the civic light plant evidently consid-the citizens had faith in an hotel, ered himself a person to illuminate that it was a commercial necessity Victoria day, and so he gathered chil-and was bound to be a financial success, it was first necessary to raise his house, on Sydenham street, and sufficient local capital to come into for several, hours he fired and engi-

A Definite Plan

In taking care of your week-ly or monthly miscellaneous expenses, don't fail to set aside some part of your sal-ary, which shall go to your savings account, and make it your first duty to see that it is deposited with this Bank. One reason why so many people fail to save is that no plan of action is Try this one. We feel sure the only regret you
