STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman — a woman whose experience with women's diseases covers a great many years. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it "I do not believe it will help me."

ABDUCTS BRIDEGROOM.

"Woman in Black" Bests Tearful Bride.

Baltimore, May 28.—With tears streaming down her cheeks, Mrs. Edna Grace Garfield, a bride of four weeks, entered a police station and asked aid in finding her husband, who, she said, had been forcibly taken from her by another woman, who also claimed to be a Mrs. Garfield.

A "woman in black" invaded the apartments occupied by the Garfields and told the young bride that her dream of happiness was over; that she had come to take Mr. Garfield away.

"He is my husband, and his place is with me," said the bride.

"We shall see," said the other. "Jean, come with me."

After a struggle, in which all three participated, the woman in black left the house with Garfield.

Spring Importation Of 1906.

Prevost, Brock street, has received two cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, cheviots and Vicunas. His $15 suiting made to order beats anything of previous years. The wear and fitting is guaranteed.

Boy Invaded Fox's Den.

Brockville, May 28.—A silver-gray fox, the pelt of which ranges from $75 to $100 in value, was caught by Donald McLeod. The lad crept into the fox's hole, and secured the prize alive.

Whenever your bowels skip a day without a movement—take a Lax-et. Whenever your breath is bad—your skin waxy, or sallow—your tongue coated—your breath foul—take a Lax-et. only 5c. Sold by all druggists.

The railway and municipal board will be appointed during the week of June 4th. Robert L. Joynt, ex-M.P.P. for Grenville, will probably get a place on it.

Stop That Headache!

Foolish to Suffer When a Simple Remedy Will Prevent and Cure.

Ever stop to think what caused your headaches?

Probably not. Then look to the bowels and stomach, and you'll find plenty of cause. Chances are you'll find constipation, liver is sluggish, stomach overburdened with half-digested food.

No wonder you are dull, tired, restless day and night.

You need the cleansing influence of Dr. Hamilton's Pills which cure your condition in short order.

Being composed of natural vegetable remedies, Dr. Hamilton's Pills possess great power, yet they are harmless. They aid all organs connected with the stomach, liver and bowels. In consequence food is properly digested, the blood is pure and nourishing, the body is kept strong and resists disease.

Headaches never come to those who use Dr. Hamilton's Pills, and this fact is vouched for by the assistant manager of the Poultry Success Magazine, of Springfield, O., C. H. Callander, who writes: "No better medicine than Dr. Hamilton's Pills. We use them regularly and know of marvellous cures that resisted everything else. They cleanse the whole system, act as a tonic on the blood, enliven digestion, help the stomach, and make you feel strong and well. For headaches, indigestion, and stomach disorders, I am confident that the one prescription is Dr. Hamilton's Pills."

You can rely on Dr. Hamilton's Pills with implicit confidence: their effect is wonderful. Sold by all dealers. Price 25c. per box, five boxes for $1, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

THE LIGHTING PLANT

SHOULD CITY SPEND $85,000 IN EXTENSIONS?

Information for the Electors to Assist Them in Forming a Sound Judgment Before Depositing Their Ballots.

(Continued from Saturday).

The results for the year 1906 have now to be considered. The following is a tabulated statement:

Increase In Revenue In 1906.

Gas—March quarter, 1905, $7,762.77; 1906, $8,325.53; increase, $562.

Electricity—March quarter, 1905, $8,265.05; 1906, $9,426.22; increase, $1,161.17.

Total gross increase March quarter, $1,723.17.

Note—During March quarter, 1905, gas for light was sold at $2 per M.; in 1906, at $1.50 per M. Electricity, in 1905, at 14c.; in 1906, 12c. Not only, therefore, has the loss due to reduction in rates been made up, but $1,723.17 in addition.

From this it will be seen that there can be no doubt both as to the past earnings of the plant and as to its future success as a money maker for the city, provided the plant remains as it is. But that is not the intention of the present management.

A Forward Policy.

They have resolved on a forward policy, to submit a by-law to the electors authorizing them to expend $85,000 in improvements and extensions. The question the elector has to decide is: Will it pay to vote this sum of money? Can the plant make enough profits to bear the additional interest charge and pay off the principal? These same questions were submitted to Mr. Ross, the expert called in to consider the scheme. His answer is shown in the following statement in his report of the savings which will be effected by the proposed changes.

Total Savings.

"In the table below is shown a summary of the above which indicates merely what we have been able to reduce to figures on a conservative basis. It must be understood that this by no means covers the advantages which will inevitably accrue.

Saving in Coal	$ 800
Saving in Oil, Grease, Waste etc.	170
Saving in Repairs to Electric Plant in Station	466
Saving in Rental of Temporary Dynamo	180
Saving in Gas, Fuel and Petroleum	834
Saving in Labor, Gas Plant	500
Saving in Maintenance, Total Plant	2,500
Yearly Saving by Increased Consumption of Electric Light	2,400
Total Saving	$7,850

"In making up this report we have found it exceeding.y difficult to apportion the savings, and in every case have been very conservative in our estimates, and we feel that if possible to express the total savings and advantages in figures that our estimate would be increased by nearly fifty per cent."

To pay off the $85,000 in thirty years, both principal and interest will mean an annual payment of $4,916. The profits from the changes are estimated by Mr. Ross at $7,850. These figures tell their own story.

General Conclusions.

But in addition to this, Mr. Ross gives us these general conclusions as to the whole, which are worth the personal perusal of every elector who is anxious to decide the question fairly on its merits. They are:

1. Your present plant and business system is a vast improvement over that taken over by the municipality.
2. Your present management is of the very best and should be supported in every way.
3. The proposed by-law to appropriate $85,000 for extensions is most strongly approved.—Advt.

CATARAQUI CEMETERY.

The Annual Meeting of the Stockholders.

On Saturday afternoon the annual meeting of the Cataraqui cemetery stockholders was held. Dr. R. V. Rogers was re-elected chairman, and G. W. Maxwell, secretary-treasurer.

Superintendent George Nicol reported that during the year ending April 30th, 257 interments had been made; 24 were removed from the vaults for interment elsewhere, making a total of 281 bodies received, an increase of 15 over the previous year. In lots, 4,700 square feet were sold during the year. Twenty-six lots were added to the perpetual care list, making a total of 185 lots now under perpetual care. Forty-four foundations for monuments were built, and six hedges and eight fences were removed. The gradual removal of those unsightly enclosures is adding greatly to the general appearance of the grounds. Part of another section has been levelled, and evergreens and shrubs have been planted to hide the boundary fence. Several oak trees were removed and more desirable varieties where required, have been planted. Another unusually wet summer, making the third in succession, kept the grounds fine and green.

Old Boys' Association.

The Kingston Old Boys' Association of Toronto have had to hold an election because of the much-lamented death of their popular president, J. B. McKay. Those chosen were G. W. Gaden, president; G. B. Sweetnam and W. D. McRae, vice-presidents; R. Marshall, secretary. Final arrangements were made for the excursion to Kingston on July 28th. It was resolved to erect a drinking fountain or other memorial in Kingston, in memory of their late first president.

A woman and a little child have been burned to death near Neudorf, Sask., in a prairie fire caused by a man throwing a cigar stub in the grass.

Blue Jay corn and bunion plasters are sold at Gibson's Red Cross Drug Store.

Fifteen hundred immigrants arrived in Toronto since Saturday.

THE SMALL BOY

Must Learn "He Isn't "The Whole Push."

Kingston, May 28.—(To the Editor): In the letter signed "Parent," which appeared in your issue of Saturday, the following statement is made in regard to the letting off of firecrackers in Macdonald Park on the evening of Victoria day.: "The police made no effort to stop the dangerous practice, though women were driven from their seats on the hillside." I think if the writer had said that the police were not entirely successful in their efforts to stop the dangerous practice, he would have been nearer a correct statement of what took place. The police, as a matter of fact, did try to prevent the setting off of firecrackers, and the more dangerous "snakes," which were thrown among the crowd by thoughtless youths; but it was very difficult to spot any one, because once the firecracker had been thrown, there was no way of telling who had thrown it. If the policemen had been dressed in plain clothes they would have had a better chance of success.

"Parent," however, does not in any way exaggerate the danger of the practice, and the annoyance that ladies suffered from it on the evening of Victoria day. Every one is quite willing to allow the boys full swing on a holiday, so long as the amusements they indulge in are innocent and harmless. But it is surely a selfish pleasure to annoy ladies and endanger their clothing and even their persons, by throwing lighted fire-crackers amongst them; and it is one that should not be tolerated for a moment.

Then there is another practice almost as reprehensible, though not so dangerous, which has been allowed too often in Macdonald Park on band nights. I refer to the way in which small boys and even girls race through the crowd, trip each other and yell at the tops of their voices, so that the music can scarcely be heard. It is the intention of the committee on parks to repress any disturbance of this kind. If money is spent in providing music for the public, then the small boy must be suppressed if he interferes with the pleasures which his elders take in listening to it. The small boy, to use a slang expression "is not the whole push," and the sooner he is made to understand that the better. He must learn that other have rights which he ought to respect. It is a mistaken kindness to aid and abet him in what is certainly a selfish amusement.—D. A. GIVENS, Chairman of Committee on Parks.

EASTERN DAIRY SCHOOL.

The Successful Candidates for Diplomas.

The following is a list of the successful candidates for diplomas from the Eastern Dairy School for 1905: Z. K. Anderson, Brandon, Man.; J. R. Ballard, McArthur's Mills; H. E. Brintnell, Belleville; George Coxhill, Arnprior; Thomas J. Ellis, Chesterville; J. J. Hogan, Jernyn; George Hudgin, South Bay; A. E. Murphy, Stanley Bridge, P.E.I.; W. J. Quinn, Martintown; J. W. Smith, Campbellcroft.

Some few applications have been held over for another year, either on account of the conditions laid down in the calendar of the school not being fully carried out; or the applicants not satisfying the school entirely with regard to their ability to manage their factories satisfactorily. The superintendent makes a point of being very particular with regard to the issuing of diplomas.

THE COUNTRY CLUB.

Arrangements Made for Purchase of Site.

The Country Club is a coming Kingston institution of the vigorous order. Members of the golf club are forming an association for a permanent club house, and arrangements made to buy the residence at Strachan's Point, on the Great Cataraqui, north end of Barriefield common, opposite the golf links. The house is prettily situated, and is a convenient landing place for boats. Tennis and croquet lawns will be made, and the surroundings be made creditable and pleasant. The money has all been subscribed for the purchase of the property and more is being subscribed for improvements. The club will be kept open, it is proposed, winter and summer, and be a social centre for the ladies and gentlemen of the Kingston Golf Club, and about an equal number of their friends.

THE BACK YARDS

Still Being Visited by the Policemen.

Police Constable N. Timmerman, sanitary inspector, and his assistant Police Constable H. Filson are yet busily engaged in their duties of inspecting the backyards of the city, in the interests of the town's health. About one-fourth of the work has now been done and P.C. Timmerman reports that he finds the yards in about the same condition as last year, some good, some bad.

"There are a class of people," commented the sage inspector, "who do not get the spring cleaning fit on them until warned by the police to get busy." Less than three weeks will see the work finished, and by that time, all the yards will be considerably spruced up.

Three Drunks In Court.

Regardless of the advance in the price of booze, three Weary Willies filed an appearance in police court this morning on the charge of being drunk, Cornelius McMahon, who had not been there in three years was dismissed. Robert Miller—dear familiar name—and James Mullen, were each fined $5 and costs or one month. John Woods of McKay fur burglary fame was given another week's remand.

If you prefer to take medicine in tablet form you can now obtain Dr. Shoop's Restorative Tablets. Absolutely no change has been made in the medicinal ingredients. Sold by all druggists.

THE DAY'S EPISODES

LOCAL NOTES AND THINGS IN GENERAL.

Occurrences In The City And Vicinity—Other Brief Items of Interest Easily Read and Remembered.

Miss Gertie Gallagher, of Frankville, is a Kingston visitor.

George A. Hutcheson, Brockville, is in the city on business, to-day.

Balfour Mudie returned to Osgoode Hall, Toronto, this afternoon.

Four perfect headache powders, 10c. at Gibson's Red Cross Drug Store.

Louis Lawson and William Maund spent Sunday with friends in Belleville.

Dover's cold breakers cure a cold in twelve hours. Guaranteed, 25c. at Best's.

W. Warren, Carleton Place, spent over Sunday the guest of Mrs. Boyd, Brock street.

The sloop Granger is loading cedar posts for Stella Point and expects to clear to-night.

Prof. and Mrs. Carmichael, returned this afternoon after a several weeks visit in Toronto.

B. Brannigan left at noon to-day for Ottawa to attend the convention of theatre managers.

This morning 141,000 bushels of oats were unloaded in five hours at the M. T. company elevator.

J. G. Teeple, Lett, Ont., arrived at the General Hospital, Friday, suffering from heart and kidney trouble.

The Barnard Stock company has cancelled its week's engagement. The company has closed its season.

Best's Foot-Ezy cures tired and perspiring feet at once, fully guaranteed, 25c. box.

Rev. R. Calvert, B.A., of Pittsburg, preached two excellent sermons in Queen street Methodist church, yesterday.

Mr. and Mrs. H. W. Davis, Watertown, N.Y., and Miss Jean Milford, Camden, N.J., spent the week end in town.

Four headaches cured for 10c. at Gibson's Red Cross Drug Store. Perfect headache powders will do it.

Mrs. A. Richardson and daughter, Lena, Desesonto, spent the 24th with Mrs. W. H. Scott, 148 Division street, Kingston.

Francis M. Hugo, son of N. Hugo, Livingston avenue, this city, has succeeded to the office of mayor of Watertown, N.Y.

City visitors to-day: George Killins, Parham; Charles Jeffery, Picton; T. P. J. Power, Belleville; M. Avery, Sharbot Lake.

Mr. and Mrs. John Campbell, Colborne street, left Saturday to spend a while with Dr. and Mrs. Kilborn, Sharbot Lake.

William O'Gorman, for the past couple of years at the Red Cross Drug store, has taken a position in Orwell's tobacco shop.

Many complaints have come to the police of the boisterousness of boys, every evening in the vicinity of North street and Raglan road.

H. W. Richardson has not yet had any word from Fort William as to how much of the local firm's grain is in the fallen elevator there.

Dr. Ridge's food for infants is fresh at Gibson's Red Cross Drug Store. 'Phone 230.

The chairman of parks intends that better order shall prevail at band concerts in Macdonald park during this summer. The loud actions of boys must be stopped, so that people can enjoy the music.

A great many citizens are wondering why the light committee of 1905 is now being defended in connection with the by-law for $85,000. The electors in January last gave their opinion of the way the committee acted, and a paid defence now is not germaine to the question at issue.

Those who have taken other laxatives without satisfaction—and those who have taken such quantities of other laxatives that they have lost their effect—will find a pleasant surprise in Lax-ets. There is usually no pain, gripping, nausea or discomfort even in severe cases. This candy bowel laxative, Lax-ets, is only 5c., and is sold by all druggists.

A CRITICAL STAGE.

In Regard to General Hospital Infectious Wards.

Next Friday evening the civic finance committee will consider the question of increased grant to the general hospital, in view of the financial predicament of that institution. As the governors of the hospital have almost decided to close the infectious disease isolation wards unless the city gives a grant of $1,500 more the matter has come to a critical stage for the city, because, if these wards are closed, the city will have to build a place for infectious diseases and maintain it at a cost of perhaps $2,500 a year. Last year out of all infectious disease patients, less than $150 was collected, whereas it cost the two hospitals nearly $3,000 to maintain the wards. The Hotel Dieu can no longer receive infectious diseases, so that the general hospital's wards have to be entirely depended upon. It is incumbent upon the city to provide a place for such diseases, and unless it comes to the aid of the general hospital it is not likely that the latter's isolation department will remain in existence much longer.

What Are Their Duties?

The board of health is endeavoring to find out who is responsible for carrying out the health laws. Some of the local by-laws are in the hands of the chief of police for execution. Certain duties fall upon the medical health officer, and others upon the sanitary inspector. The latter would seem to be responsible for general complaints. The late Dr. Fee was so generous in attending to so much that he wasn't responsible for that the board just now scarcely knows where to fix responsibility. Generally, the medical health officer attends to matters of larger importance. The duties of the health board officials will have to be definitely fixed.

Blue Jay corn and bunion plasters at Gibson's Red Cross Drug Store.

SUNLIGHT SOAP

Wash oilcloths and linoleums with warm water and Sunlight Soap, rinse clean and wipe dry. The colors will be preserved and the surface unharmed.

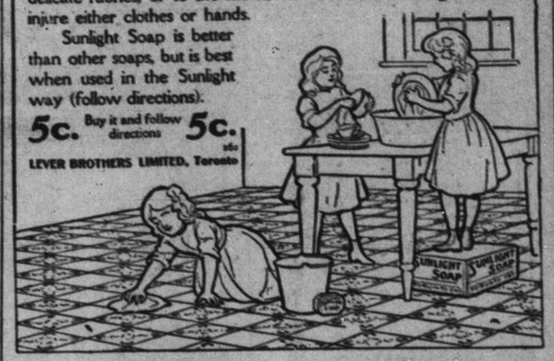
Common soaps fade the colors and injure the surface. Sunlight Soap cleans, freshens and preserves oilcloths and linoleums.

Sunlight Soap washes clothes white without injury to the most delicate fabrics, or to the hands, for it contains nothing that can injure either clothes or hands.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way (follow directions).

5c. Buy it and follow directions 5c.

LEVER BROTHERS LIMITED, Toronto



Baby Carriages and Go-Carts

Sunshine and fresh air is essential to the baby's health. Wheel the baby out in one of our up-to-date Go-Carts, or Carriages.

Have your old one made like new.

Send in your repairing and upholstering this is the season for it.

Use our Furniture Restorer, to give your housecleaning a finish.

TENDERS FOR DREDGING.

SEALED TENDERS ADDRESSED to the undersigned and endorsed "Tender for Dredging St. Mary's River Sault Ste. Marie, Ont.," will be received at this office until the 13th day of June, 1906, inclusively for dredging in the St. Mary's River at Sault Ste. Marie, Ont., according to a plan and combined specification and form of tender to be seen at the office of J. G. Sing, Esq., Resident Engineer, Confederation Life Building, Toronto, on application to the Postmaster at Sault Ste. Marie, District of Algoma, Ont., and at the Department of Public Works, Ottawa.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, for six thousand dollars ($6,000.00), which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, May 22, 1906.

Newspapers inserting this advertisement without authority from the Department, will not be paid for it.
