PRETI MONREAL GIRL SAVED BY PE-RU-NA

SUFFERED DREADFULLY WITH PELVIC CATARRH.
ONE BOTTLE OF PE-RU-NA BROUGHT LONG-BOUGHT RELIEF.

An English Woman's Letter.
Miss Nellie South, late of Manchester, Eng., writes from 86 Prince Arthur St., Montreal, Can., as follows:
"Peruna has made a wonderful change in my life. It has brought me health and happiness.
"Since my seventeenth year I have had female complaint and irregularities. My general health suffered, I had pains in my back and lower limbs, my eyes were dim, and I became morose and unreasonable.
"Mother sought the advice of our family physician, who prescribed to me, but I grew no better under his treatment.
"Then read of Peruna and procured a bottle. That one bottle was worth more than all the doctor's medicine I had taken previously. I felt so much better and kept on taking it for six weeks with marked improvement in my health.
"I cannot express my gratitude. Peruna has been a great blessing to me."—Nellie South.

ARTS AND THEOLOGY
Closely Allied, is the Ideal Arrangement.

Rev. D. Armstrong, D.D., the moderator of the general assembly of the Presbyterian church in Canada, talking with a Toronto News reporter, had something to say about the educational work of the church. Some of the well-known engineers, estimated that on the completion of the contemplated improvements, and with the savings from unneeded man-agement, the earnings will show several returns upon the common stock. Applications will shortly be made to the Ontario and Quebec Governments, and it will become one of the active issues. The dividends are payable quarterly at the rate of six per cent. per annum.

ST. ALBAN'S CHURCH ODESSA.
An Impressive Service of Consecration.
This church was duly consecrated by the bishop of the diocese on the Vigil of Pentecost, Saturday, June 2nd, the following clergy were present: Archdeacon Carey and Macneine, Canon Loucks, Jarvis and Starr, Rural Dean Elliott and Revs. F. D. Woodcock, C. A. French, T. F. Dowdell and A. H. Creggan, also the present incumbent, Rev. Rural Dean Hartman, now in the diocese of Ottawa. After the ceremony of consecration Archdeacon Macneine preached an earnest and impressive sermon. Holy communion and holy communion were administered. The bishop and clergy and other visitors were afterwards entertained at a sumptuous luncheon by the Ladies' Aid Society, in Jubilee Hall, which Mr. Toomey had kindly lent for the occasion. Brief congratulatory speeches followed, in which regret was expressed at the unavoidable absence of Rev. J. B. Pense, M.P.P., who had befriended the mission in its early struggling days. Rev. Rural Dean and Mrs. Quarantine remained over Sunday, and were cordially welcomed by their many warm friends in this community. The church was purchased in 1889 from the Episcopal Methodists, and only those who shared in the difficulties and discouragements of those early days can adequately appreciate the joy of this happy consummation in seeing it freed from all debt and solemnly consecrated to the worship of Almighty God.

Promotions Made.
The following promotions in No. 5 Co., 11th P.W.D., Capt. Dawson, were announced last evening in order: Pte. Davis to be corporal; Pte. Penningham, granted his discharge; Corp. Wilkinson and Kingston, to be sergeants.

There were there, including many from the city, a large platform, 60x24, was erected for dancing, and to the music of Crosby & O'Connor's orchestra, the light fantastic was kept up till rain fell, at midnight. The energetic committee, Mr. McAdoo, and E. Moore, are to be congratulated. There will be another one later.

NOT MUCH BENEFIT TO CANADIANS FROM RESTRICTION.

Admiralty and War Office Will Confine Purchases of Canned Meats to Colonial Houses, Owing to Chicago Exposures.

Montreal, June 6.—Canada is not likely to benefit much from the reported action of the British admiralty and the war office, in confining purchases of canned meats to colonial houses, owing to Chicago exposures. The reason given for this is that the Canadian supply, according to the statement of Peter Laing, a leading Montreal packer, is equal only to supply the Canadian demand. There will, therefore, be little or no supply for export.

The C.P.R. have just taken the initial steps for the expropriation of all the property not already owned by them, bounded by St. Antoine, Mountain, Osborne, and Winter streets, which, in due time, will be a gigantic terminal for the company. The property and land will cost in the neighborhood of half a million.
An important amalgamation of specimen has just been announced, the firms interested being Messrs. Horton & Co., and Marrott & Co., both doing business in Montreal at the present time. The personnel of the new concern will be J. Leblanc, H. S. Heron and W. H. Johnston. They start off with a capital of \$90,000, and are to build an up-to-date building at the corner of St. Henri and St. Paul streets.

CANADIAN CAPITAL.

Interested in Tri-City Railway and Light Co.
Among the companies recently formed, in which Canadian capital is a prominent factor, is the Tri-City Railway and Light company, a consolidation of the street railway, electric lighting and gas companies, in the cities of Davenport, Iowa, and Moline, East Moline, and Rock Island, Illinois. These properties have been operated independently for several years, and have shown handsome earnings. Under the consolidation great things will be effected. The earnings will also be increased by proper development and extension. Not only will economies be effected by unification of the plants, but about \$25,000 will be saved annually by use of water power, for which a twenty-five year contract has just been closed.
These four cities form practically one unbroken line for fourteen miles. Their growth has been rapid, but healthy, the population numbering some 100,000. Situated in the very heart of one of the finest agricultural sections in the United States, they are also the centre for some very large manufacturing concerns, such plants being located there as the Moline plow works, the John Deere Plow company, Moline wagon works, the National Carriage Co., the United States Arsenal on Rock Island. At present the earnings are sufficient to pay the preferred dividends twice over. J. G. White & Co., the well-known engineers, estimate that on the completion of the contemplated improvements, and with the savings from unneeded management, the earnings will show several returns upon the common stock. Applications will shortly be made to the Ontario and Quebec Governments, and it will become one of the active issues. The dividends are payable quarterly at the rate of six per cent. per annum.

SELLING ON SUNDAY.

CANDIES DISPOSED OF TO SMALL CHILDREN.
An Assyrian and a Negro Who Keep Alleged Restaurants Fined for Selling Goods, Other Than Food.
"A number of persons in the city have restaurant licenses, but the way they are working will soon cause many to be restricted," said Magistrate Farrell in summing up the case against George Hassen, for selling goods last Sunday. "Ninety-nine per cent. of the merchants who sell food products, close their doors and sell nothing, therefore, no persons, under the color of a restaurant, should be allowed to make sales."
The fine imposed was \$5 and costs of fifteen days. T. J. Kiegey, supposed for the Assyrian defendant, who claimed he did not sell any goods other than candy under his license.
The evidence of ten-year-old Archie Bube was in Nanawee, they went to Hassen's shop on Ontario street and bought candies. He thought defendant had made the sale.
Har. Florence, ten years old, also claimed he bought four caramels, one cent's worth, and took them out of the shop.
Hassen in the box declared he did not sell anything to carry out of the shop. He was in charge during Sunday until three o'clock in the afternoon.
Police Constable Arnel saw the boys enter the shop and leave with the candy, which he confiscated.
George Hammond, colored, made an appearance before the court and to the charge of selling goods on Sunday replied, "They may have been sold in the house, but not by me; we have candies in our restaurant, but the case containing them is locked on Sunday."
The convicting evidence was given by a bright fourteen-year-old little fellow, Willis Ryan, who said, "I purchased 2c. worth of candy in the house, but from the woman."
"Some of these 'restaurants' will surely have to be looked into," emphasized the court in passing the fine, \$5 and costs.
