TOOK EXCEPTION.

Rev. George Salmon took exception, declaring that the church was capturing young men for God in sports, and such games provided. There was great danger, if young men and boys bearing the pastor's condemning athletic sports by such sweetening statements. They might infer that brotherhood and such like were not wanted in the church.

Rev. Dr. Williams thought it was disgusting to see the extreme absurd prominence given to athletics. People were running mad over them.

Rev. W. H. Sparling remarked that the winning of an Olympic event was rewarded with ovations, purses and government jobs, while the Canadian who carried off honors at Oxford received but passing notice.

Rev. F. G. Lett regretted adverse criticism of athletics, as there was a chance of getting men of the church to interest themselves in sport in such a way as to elevate it.

Rev. Dr. Ryckman said the pastor, after reading could comment on the pastoral address so as it could not be misinterpreted.

KIDNEY DISEASE ON THE INCREASE

But Prevention and Cure Are Readily Obtained by the Use Of Dr. Chase's Kidney-Liver Pills

Recent reports of the New York Board of Health prove that the mortality from kidney disease is greatly on the increase.

Bright's disease as well as the other dreadfully painful forms of kidney disease can usually be prevented and cured by giving some attention to the diet and to the activity of the liver and kidneys.

Excesses in eating and the use of alcoholic drinks must be avoided, and the filtering organs can best be kept in good working order by the use of Dr. Chase's Kidney-Liver Pills.

The derangements which lead to Bright's disease usually have their beginning in a torpid liver and there is suffering from headaches, biliousness and indigestion before the kidneys fail and such symptoms appear as back-ache, scanty, highly colored urine, painful, scalding urination, deposits in urine, etc.

Mrs. W. Francis, 204 Colborne street, Kingston, Ont., states: "I was in a very bad state with kidney disease in its worst form. I felt miserable most of the time, suffered from pain in the legs and as I grew older I was gradually failing in health and becoming thinner and weaker. I worried a great deal about the future. I had tried a great many kidney medicines but did not obtain much benefit. A friend of mine asked why I did not try Dr. Chase's Kidney-Liver Pills. I did so and can truly say that they have entirely cured me. I would not think of being without this remedy in the house now as we consider it a splendid family medicine."

Dr. Chase's Kidney-Liver Pills succeed where ordinary kidney medicines fail, because of their direct and combined action on the liver and kidneys. This has been proven in thousands of cases of serious and complicated diseases of the kidneys.
