TO FIX LAND VALUE

POWER COMPANY DESIROUS OF EXPROPRIATING.

League of American Sportsmen Meeting in Toronto—Hon. J. W. St. John May Be Appointed Sheriff of York.

Toronto, June 7.—The Toronto & Niagara Power company is before Chief Justice Meredith, to-day, with an application to have arbitrators appointed to fix the value of a strip of land belonging to Baptist and Hannah B. Hanley, Brantford, which the company desire to expropriate. The application is opposed by the owners of the property, who say that after securing the land the company propose to sell one-half of it for railway purposes.

A meeting of the league of American sportsmen, to be held at the Iroquois tomorrow, will be attended by a large number of Canadian delegates. Chief Provincial Game Warden Timmisley will read a paper protesting against the practice of allowing, under the laws of this province, the shooting wild duck in the spring. It is hoped that a working agreement will be reached between the Ontario Association and the American League.

It is rumored that Hon. J. W. St. John, speaker of the legislature, will be appointed sheriff of York county, in succession to the late Mr. Widdi-Field, and that Henry Carswell, M.P. for Kent, Hamilton, will be appointed speaker. There is also official confirmation of the rumors.

Whether in 1905 the Canada Life used \$243,000 of the policyholders' money to extend the business of the company, was subject of dispute between J. F. Belleth, counsel for the Ontario government, and Frank Sanderson, attorney of the company, at the insurance investigation this morning. The company's act provides that policyholders shall receive ninety per cent of the profits and the shareholders ten per cent. The new business of the company in 1905 cost \$243,000, which amount was taken out of the surplus earnings of the company. The contention of the attorney that the directors had the power to say what amount should be set aside as profits and of that sum only were the policyholders to get ninety per cent. Wallace Nesbitt, K.C., counsel for the Canada Life, sought the privilege of addressing the commission upon matters brought out in connection with the company. He said that the various subjects taken up during the long investigation in the Senate Chamber and other members of the Canada Life staff should be reviewed and he asked permission to put in a statement giving the Canada Life's side of the case. The commissioners had already decided that addresses of counsel were barred so the request was refused. Mr. Sanderson, as required by the commission, put in a list of gifts to the Canada Life to various charities. The amounts ran from \$10 to \$2,500, the latter being to the Ottawa fire sufferers and aggregated \$4,000.

Joseph Phillips, former president of the York County Loan and Savings company is again in the cells, Thomas Walker, 25 Bouverie street, was on Phillips' bail for \$2,500. Believing that his bond was becoming imperilled, he consulted Judge Winchester and Crown Attorney Drayton with the result that Phillips was arrested as he was sitting down to lunch. Phillips will now have to find a new bondsman.

SLUMP IN CANNED GOODS.

Exposure Has Done Business Enormous Harm.

London, June 7.—The managers of two of the largest west end department stores say that the trade in canned goods has been falling off for years and that the present exposure will probably kill it as far as they are concerned. The slump gradually increased after Lpton Sinclair's novel, "The Jungle," was first noticed here, and it has extended to all canned goods, including meat, fish and fruit.

B. W. IN OTTAWA.

What He Had to Tell a Reporter.

A special to the Whig from Ottawa says: B. W. Folger, Kingston, was seen in the railway committee room of the House of Commons, this morning, so there must be "something doing." It is his first visit to Ottawa in two years. All he would say was, "Oh here is nothing much to interest Kingstonians or the public. I am just here on a little business connected with the post office."

MONTREAL CONFERENCE.

The Gathering Closed at Noon To-Day.

Smith's Falls, Ont., June 7.—The Montreal conference closed at noon, the session being one of the longest on record, owing to the large number of memorials to the general conference. The final draft of resolutions showed no important changes. An invitation from the council of Gananoque to meet there, next year, was adopted. There were nearly 500 delegates and visitors present this year.

Rev. T. B. Conley, B.A., Carleton Place, at his own request, owing to ill-health, was superannuated for one year.

ISLE OF MONTREAL

WANTS TO BE A SEPARATE PROVINCE.

Quebec Legislature Tardy About Acting, Thus Its Desire—F. W. Henshaw Dead—G. T. R. Shareholders Meeting.

Montreal, June 7.—The death took place last night, of F. W. Henshaw, at the age of eighty-four, after three weeks' illness from pneumonia. Mr. Henshaw was once president of the Montreal Board of Trade, but had been retired for several years. Lieut. Col. Henshaw, the well-known financier, and Henry Henshaw, of the Bank of Montreal, are sons.

The possibility of securing legislation for the erection of the Island of Montreal into a separate province is being discussed, at the City hall, on account of the difficulty experienced when the city seeks legislation at the hands of the legislature at Quebec. This, it is claimed, seriously retards the progress of the city.

The meeting of Grand Trunk Pacific shareholders, called for to-day, was adjourned until June 14th.

PITH OF THE NEWS.

The Very Latest Culled From All Over The World.

Mrs. Asken, Perth county, is dead, aged 102 years.

Rev. Algernon S. Crapsey, Rochester, N.Y., through his counsel, has filed an appeal from the findings of the ecclesiastical court that found him guilty of heresy.

A lockout of the Brotherhood of Carpenters, New York, has gone into effect. The lockout will affect 12,000 carpenters and throw into idleness thousands of other trades.

One man was fatally injured and five others severely injured by a trolley, which swept the village of Stoddard, Wis., on Wednesday night. Ten buildings were demolished and much other damage done.

Lewis Heyd, while working on a telephone pole at St. Catharines, received a shock that caused him to fall off the pole. He was killed. Frederick Franklin was badly burned in attempting to save Heyd.

Several People Ill.

Strathcona, June 6.—The splendid rains have made grain and meadows look fine in this section. Mr. and Mrs. Haycock spent a few days visiting at their cousin's, Mr. Chambers, Hamburg. M. McQuig's little boy has an attack of appendicitis. M. McDonald, Nanapanee, spent Sunday, in this place. Mr. and Mrs. W. R. Lott visited their aunt, Mrs. M. Lott, on Sunday. W. Cooper has been laid up for several days with grippe, also Harry Fox. Mrs. Hillman has been seriously for several days; also Mrs. James Wilson. There has been considerable sickness here lately. Mr. and Mrs. J. Asselstine drove to Niagara, Tuesday evening, to see their daughter-in-law, who is very ill. George Madden, our genial merchant, is renovating his store. The county has at last built a new culvert on the Newburgh road. It was badly needed. The thanks of the people are due George Haycock, P.M., for putting in a culvert on the second concession road. It was in a dangerous condition.

Would The Scheme Pay?

The village of Portmouthe has been canvassed for the purpose of finding out how many consumers of electricity could be depended upon were the city to extend its pole line through from Livingston avenue to the top of the aynlow hill, a distance of about half a mile. Few of the residents would probably take electric light were they given the opportunity. The three village churches would be patrons and the village hall illuminated by power from the city. It does not look as if such an extension scheme would pay.
