### COMMERCIAL MATTERS.

**What Is Going On in the Business World—The Markets.**  
A knitting factory is proposed for Ingersoll, Ont. A \$100,000 building would be required.  
The Dominion Bridge company has purchased a site at Wharfedale on which it will erect a large plant.  
The Dominion Stone and Heater Co. has located at Brockville, Ont., and here later establish a large plant; either there or at Peterborough.  
There are 13,000 miles of new rail-road line under contract or construction in Ontario, says the United States.  
A new industry is being talked of by a firm in Sask., citizens in the shape of a project in hand are said to be willing to invest \$1,000,000.  
The Frankford Lumber company, which started last year with new and modern buildings and modern machinery, has assigned to Mr. Simpson.  
The May output of the collieries of the Nova Scotia Steel company totalled 59,200 tons or 21,000 tons more than in never exceeded, except in November, 1905.  
The Western Dominion Collieries Limited, is the title of a company that is inviting subscription for a share capital of \$1,000,000. This \$500,000 for the purpose of conversion of debentures.  
At the annual meeting of the Montreal Light Heat & Power Co., the president made the announcement that he looked for in the near future, as there would go on increasing as they had in the past.  
The B. A. Pyrite mine, at Queensboro, Ont., which was shut down for a month while a compressor was being installed is now in operation and is being made. The compressor has a capacity of two or three cars a day and four more hoisting and other machinery has been installed.  
The house of \$2,100,000 new stock by the Twin City Rapid Transit Co. is for the purpose of paying for the new inter-urban lines between Minneapolis and St. Paul, and the extension to South St. Paul, a new line to Lake Mississippi, and the equipment for these sections. The Twin City Co. with its three interurban

lines, practically controls the entire traffic between the two cities.  
**Cheese Markets.**  
Madison, June 7.—Today 230 were marketed; 335 sold at 10 1/2c.  
Tuesday, June 7.—There were 430 boarded; all sold at 10 1/2c and 10 1/4c.

**A ROMANTIC WEDDING**  
Ends Long-Wait of Patient Lovers.  
A romantic wedding, which for many years had been delayed, owing to a woman's promise, took place at Novory, near Thirsk, in the North Riding of Yorkshire, the other day. For nearly a quarter of a century the bride had acted as candidate and housekeeper to a maiden lady who possessed considerable means. Many years ago the housekeeper met a gardener and was wooed by him with success. But the housekeeper had promised her mistress to stay with her until she died, and so the love-story became one of patient waiting. Three or four weeks ago the mistress died in her ninetieth year, leaving to her faithful housekeeper her house, plate and furniture, as well as £1,000 in money. Many messages of congratulation reached the bride and bridegroom from friends who knew the story of their courtship.

**It's A Fact.**  
The \$2 derby sold at Campbell Bros., are not excelled at the price in the dominion.  
Bu-Ju Kidney Pills are sold at Campbell Bros. Red Cross drug store. Fresh there.

Special summer sorbets, 50c. and 65c. New York Dress Reform.  
Roll butter, 20c., finest potatoes, Crawford.

**Balaclava Hero Dead.**  
Thomas Richardson, one of the Balaclava heroes, who had been residing in the North of England, died at his residence in Preston recently, aged seventy-six. He was shot in the hip and ankle, and lost the sight of one eye through the bursting of a sand-bag at Alma.

**Panama Hats.**  
The best value in Kingston at Campbell Bros.  
Butter, large or small rolls, 20c. Finest potatoes, Crawford.  
A perfumed horated talcum powder, 10c. Gibson's Red Cross drug store.  
Butter, large or small rolls, 20c. Finest potatoes, Crawford.  
Good large pineapples, 2 for 25c., at Toy's, King street store.

## CANADA ARGONAUTS SAIL IN SEARCH OF GOLDEN FLEECE.

Hope to Win Grand Challenge Cup at Henley—Henry O'Brien and Capt. Barker With Them.  
Toronto, June 8.—The Argonaut crew to compete for the grand challenge cup, at Henley, left at 9:15 a.m. today, for Montreal, whence they will sail to-morrow for England.  
They are accompanied by Henry O'Brien, the first president of the club, and Jimmy Barry, ex-secretary, and will likely be joined later by T. P. Galt, and Capt. Barker.  
The crew, whose average weight is 17 1/2 pounds, are: Joe Wright, stroke; T. Don Mackenzie; 6, Boyd; 5, Red-Lowes; 4, Walsh; 3, Cox; 2, Galt; bow, Thompson; spare, Lou Dixon, coxswain, London.  
On the recommendation of Hon. Mr. Cochrane, minister of lands and mines, six new townships have been set aside for Lake Superior, back of Chapleau, on the C.P.R., have been set aside for grants under the veterans' grant act. The new townships are six miles square; five are in the Algoma district and one in Nipissing. None but those entitled under the act mentioned will be allowed to settle in these districts.  
The Imperial Life Insurance company, which Hon. George A. Cox said he brought into existence, is now a general manager of an insurance corporation, is now under investigation by the Dominion Insurance Commission. Thomas Bradshaw, the actuary of the company, was on the stand throughout the morning and testified to the fact that the company is only a "warm friend" of the company, but that he and J. W. Flavell were very active in its early history. A large number of members of the staff of the different Cox financial corporations were set down as shareholders of the Imperial, despite the fact that all the dividends were paid to the Central Canada Loan and Savings company, which owned a large percentage of these shares.

**Covenanting Shriners.**  
The programme has been issued of a Presbyterian excursion and pilgrimage to the shrines of the Covenanters, from New York, on June 30th, lasting for thirty-two days, to visit the shrines of Glasgow, Edinburgh, Drumlog, Balmaclellan, Kilmarnock, Ayr, Ayrmore, Presthill, Edinburg, Green, Sanjour, Dumfries, Wigtown, and other places connected with "the city years' struggle" of the heroic and maligned Covenanters of the seventeenth century. They are also to do homage to Burns, the peasant heart at Alloway and Dumfries, and to Sir Walter Scott, at Abbotsford, Abbotsford, Melrose, and Dryburgh. Abley, where amid mouldering ruins and in his grave rest the dust of the mighty minstrel. Covens are to rest in his grave till the trump of doom shall walk alone the sky, and call the countless congregation of the awakened dead to judgment.

**Ticking For Dresses.**  
It sounds very radical indeed to advise ticking for a gown and old-fashioned cloths for shirtwaists, but the fact remains that both are the fashion and it is not a bad one to follow.  
She used new datusk for her waists but women of an economical turn of mind can realize how economical the good cloths that have served their day on the table can be made up. Not the only weaves of ticking that are used for the clean and fast, but the striped weaves that are very wide and can be got at the upholsterers and department shops. Gray and white are the best colors to get. But there is a bright blue and gray that is most attractive.

**Rich Man's Simple Life.**  
George Mead, an interesting Peterboro personality, has died somewhat suddenly, at the age of seventy-nine. He was the son of a Coventry ribbon weaver, and after being a chemist for some time, he became a farmer. Possessing great speculative instincts, he invested and reinvested with the skill of a keen financier, and his land possessions were of considerable dimensions. His whole estate is estimated to be worth £50,000, and he left no will. He led a simple life, his diet chiefly being bread, potatoes, and hot water, and he was in the habit of running a mile every morning.

**The Ducking Stool.**  
The corporation of King's Lynn retains in its possession an old ducking stool, which was used to immerse in the river those townspeople who misbehaved themselves, and for the punishment of witches. Orders have now been given for the relic to be repaired, and placed on exhibition in the local museum as an illustration of the methods formerly in vogue for dealing with offenders.

**To Save Wild Flowers.**  
The Dorset county council have passed a by-law to prevent the destruction of ferns and wild flowers, and the wholesale taking of roots in the rural districts of the county, except in cases of persons collecting specimens in small quantities for private or scientific use.

**Summer Outings.**  
"Routes and Fares For Summer Tours" is the title of a book issued by the Grand Trunk railway system, which is full of interest to the summer tourist, who is planning a summer outing for 1906. In addition to general information, the contents contain particulars of different routes and fares to points in all parts of the country and cover the principal resorts reached by the line of the Grand Trunk and its connections. It contains a mass of information that will be of great help to those who have not yet decided where to spend their holidays. The book also contains a series of maps for reference. Write today for a copy to J. Quinlan, D.P.A., Bonaventure Station, Montreal.

**The Workhouse Organ.**  
Notwithstanding that they have twice been told by the local government board that they consider the price excessive, the Edmonton Board of Guardians has resolved to pay £235 for an organ for the new workhouse chapel. A quantity of hymn books are also to be bought at half a crown each.

**Scott's High Grade #4 Hats.**  
Are to be had in Kingston only at Campbell Bros., the store of quality.  
Wash belts with pretty buckles 10c. New York Dress Reform.

## FIRST CLASS BASEBALL In Promised For To-Morrow Afternoon.

As the result of the efforts of Capt. Lappin, of the Triple Link baseball team, the fans will be treated to a first-class game of baseball, to-morrow afternoon, and the critics will, and whether there will be any more matches or not rests entirely with the spectators themselves. The Wanderers of Gannanope, strengthen by several players from the New York State League, will be the visiting aggregation. For some time past the sporting fraternity has been rather sore that no baseball has been offered in Kingston. But what are the existing conditions? Where can the teams be found? Lake Ontario Park is out of the question. In the first place it is so far removed from the heart of the city that the public will not spare the time to attend, and in the second place the streets cars only run as far as the top of the asylum hill and no one would care to foot it from there to the park. Then there are the exhibition grounds, but these do not appeal very strongly either to the players or the spectators, and the expense of putting them in show would keep them so, render their utility nil. Besides more people would steal into the games than would pay, so that the gates might as well be thrown wide open. There then only remains the cricket field and this certainly is the ideal spot. However, the collection of a rate is out of the question, and the frequent matches arranged throughout the summer months. If they do not, then it is good-bye to baseball here.  
The game to-morrow is booked for half-past two, at the Triple-Link team will be selected from the following players: Moore, Burke, McAmmon, J. Berry, B. Berry, Laird, Smith, Appleton, Vanhorne and Lappin, captain.

**Will Have A Match.**  
The Kingston Polo Club will hold a big polo match at Lake Ontario to-morrow afternoon at half past four o'clock, to which everyone interested in the sport is invited.

**Have Dropped Out.**  
The junior Y.M.C.A. baseballers have dropped out of the league, it is understood, and have given to-morrow's contest to the Ontario, Ontario, Ontario and Victoria to play on Saturday afternoon.

**A GRAND OPENING.**  
Sale of Work and Concert at St. Luke's.  
The grand opening of St. Luke's new hall was held on Thursday evening, the proceeds of the concert and work, high tea, and concert, and were largely attended by friends of the congregation and others. The sale of work commenced about five o'clock, tea being served from five till eight, while the promenade concert concluded the festivities. An orchestra was in attendance, and added to the pleasures of the entertainment, while ice cream and refreshments were dispensed throughout the evening. The concert was thoroughly enjoyable, every participant being heard to good advantage.

**A Combined Picnic.**  
Moscow, June 7.—Mr. and Mrs. John Garrison and Mr. and Mrs. Son Purdy, Morven, were guests at the Luncheon of a few days last week. The day was spent on Sunday school combined game a picnic on May 24th. The weather being fine and boats being plentiful everyone enjoyed the day.  
Mr. and Mrs. Purdy are improving their lot by putting in a side entrance to their house. Mr. and Mrs. Purdy are improving their lot by putting in a side entrance to their house. Mr. and Mrs. Purdy are improving their lot by putting in a side entrance to their house.

**Just A Good Cow.**  
An agricultural college has issued a statement commending like this: A good cow will produce over 300 lbs. of butter. At 25c. per lb. this is \$75. Six thousand pounds of skim milk at 1c. per lb., is \$60, and a calf worth \$5 makes a total income of \$92. The average expense of keeping will not exceed \$50. Here is a net profit of \$42. The fertilizing constituents in the feed are worth \$30.25. This figure the nitrogen, phosphorus, and potash at market prices. All the fertility remains on the farm. Therefore you may save \$42 in money and \$30 in fertilizer. These figures may seem a little high, but if 25c. is too large an average for butter, \$50 is a large average for the expense of a cow. Change it to 20c. for butter and \$30 for keeping—average figures for this part of the country—and you will get still better money.

**Britain's Telegraph Lines.**  
To keep the 30,900 odd miles of telegraph line in order in Great Britain, and provide for the proper despatch and delivery of the millions of messages that pass over them every month, entails an expenditure of about £2,250,000 sterling a year, and of this total more than £1,500,000 goes in paying the salaries and wages of the immense staff of engineers, skilled operators, and messengers, and of those who direct their operations and keep the accounts straight.

**George Mills & Co.**  
For Christy's clerical hats.  
David Hobbs, who as customs agent for the C.P.R., at Montreal, absconded last October with a sum estimated at \$60,000, is under arrest in New York.  
Wear our clothes and then you'll know why so many people buy here. The H. D. Bibby Co.  
This is talcum powder weather. Buy it at Gibson's Red Cross drug store. Fresh there.  
Butter, large or small rolls, 20c. Finest potatoes, Crawford.  
New York Dress Reform.  
Gents' guaranteed buckles at the Lockett shoe store.

## MONTREAL WANTS TO BE PROVINCE—WILL ASK GOVERNMENT.

Charter Too Restrictive—Objections to Asking Permission of Legislature Every Time Improvements Are Needed.  
Montreal, June 8.—Considerable interest was aroused at the city hall, over the news that it was most probable a move would shortly be made in the city council asking the federal government to take action so that the British North America act could be amended and the whole island of Montreal made into a province in its own right. It was explained that at the present time Montreal could do little or nothing in the way of making improvements, owing to the city charter having to be amended for every small improvement desired. The charter was drafted in such a manner that the legislature had to be asked to consent to every improvement, no matter how small, that the city desired. This means that the city was handicapped in a serious way.  
T. Chase Casgrain, K.C., ex-M.P., who has just returned from London in his foot, last night, and will be confined to his home for some time. The X rays, at the Hotel Dieu, were used to locate the extent of the trouble. Wright-Holt case, in which Mr. Casgrain was counsel for C. M. Holt, in a case attracting much local interest, goes over until September, on account of the accident of the Montreal real trades and labor council resolutions were passed denouncing the North Atlantic Trading company, as a gigantic fraud, and demanding from the Dominion government the immediate dismissal of Canadian Immigration Commissioner Preston, who was charged with being the grand master of the work of the strike breakers' organization, at No. 16 Charing Cross, London, England. The council also expressed the opinion that names of members of the council should be given to the public by the government.  
The Allan line steamer Ontario, from London for Quebec and Montreal, arrived at Quebec, six a.m., preceded at noon on June 8th, and will be due in Montreal at noon, June 9th. The Allan R.M.S. Twickenham, from Liverpool, will arrive at Quebec and Montreal via Rimouski, passed Fame Point at 9 a.m. and Cape Magdalen at 11 p.m., on June 7th.

**Hinchinbrooke Council.**  
Piecemeal, May 26.—Council met for court of revision. Members all present. Assessment of P. Donohue confirmed. Assessment of George Buttler reduced \$25, that of George Hartwick reduced \$50; that of K. & P. railway company reduced \$275. The court adjourned, leaving the roll, clerk and assessors to go over the roll and correct errors.  
The council met and resolved that the revenue met the Portland council and arrange for money expended on south boundary, and that \$33 be granted provided Portland pays its portion. The report of trustee of Parham cemetery received. The clerk informed of bill 1060 council for \$4 their portion of work on McLean boundary. Resolved, that the revenue and councillors each expend \$75 on respective road divisions. Moved, Leslie Jeffrey, and resolved, that this council make a supplementary grant of \$100 on condition government grants \$200, to complete and repair roads from lot fourteen, north to lot twenty-four, south concession four, and from On motion, Leslie Jeffrey, Dr. T. S. Genge appointed medical health officer. Sums voted for work on roads: P. Dair, \$20.40; G. A. Smith, \$22.47; P. Dair, \$22.95; R. A. Hamilton, \$9.90; L. Hearn, \$12; on McLean boundary; A. Wagar, \$10.25, for survey; G. A. Smith, \$3.15, for ear pipe on survey. Adjourned to meet at Parham, on June 26th.

**Other Great Lines.**  
and all worthy of special notice.
