THE TRIPLE LINKS

WON THE GAME ON THE CRICKET FIELD.

On Saturday Afternoon - The Ball Was Steady and Snappy - General Sporting News.

Quite a fair sized crowd gathered at the cricket field, on Saturday afternoon, to watch the game between the Wanderers, of Gananoque, and the Triple Links, of Kingston, and the latter were not disappointed for the game was pulled off without any hitch.

It was half from beginning to end. No scrapping, nor wrangling, but attention to play marked the afternoon's contest with the result that the spectators were treated to a truly good exhibition of the American national sport.

The local nine deserve credit for the neatness of their attire. Their friends and supporters must feel proud to see the players in uniform of red and gray with the three links on their breasts.

It is just such matters as the neatness and catchiness of the player's suits, when they are all alike, that take the spectator's eye and gaze about as far towards converting him into a fan as any sensational play.

The nine were: Gananoque - Grew, Lfg. O'Connor, s.; S. Dorey, r.; Brennan, c.; W. Dorey, c.; Shurly, lb.; J. Beatty, 2b.; Cowan, p.; Kingston, 3b. c.; Laird, Triple Links - Vanhorn, c.; Laird, s.; Lappin, lb.; MacCannon, p.; Smith, l.f.; J. Derry, 3b.; Hartwick, r.; B. Derry, 2b.; Moore, c.

The game was with the locals from the start when in the first innings Laird, Smith, Lappin, MacCannon and J. Derry all crossed the plate while O'Connor made Gananoque's only tally.

When the final game the Links had kept the lead and won out by a score of 7 to 4. The game was free from sensational plays, but the ball was steady and snappy and held the interest of the spectators to the finish.

A GREAT GATHERING To See the Dedication of a New Church.

Boston, Mass., June 11. - From all over the world members of the Christian Science church gathered in Boston during last week to attend the dedicatory exercises of the new edifice on Fairmount street on Sunday.

The church is one of the largest temples of worship in the world, the seating capacity being over 5,000. The dome rises 221 feet above the sidewalk, and is more than twice as large as the dome of the state house. The first floor is given over to directors' and other committee rooms, a reception room and a room for Sunday school. The great auditorium, on the second floor, has two tiers of galleries on one side and three on the other.

The dome ceiling is supported by arches that spring from pillars, and the walls are decorated with carved and colored marbles representing scenes from the Bible.

The church will contain rare pieces of art, gathered from all over the world, but there is nothing more wonderful than the organ. Nowhere is there a more beautiful, more musical and more capable instrument. In reality, it is a combination of six organs with 72 stops, 190 couplers and 4,538 pipes, the largest of which is thirty-two feet long, and is more than twice as large as the organ in the state house. The first floor is given over to directors' and other committee rooms, a reception room and a room for Sunday school.
