A RIGHT WAY and A WRONG WAY

Many people have many ways to bring about the same result. Most of them are mistaken ways, but this is not known until the test of time points plainly to the error. Practically there are but two ways to accomplish anything; a right way and a wrong way. Take, for instance, a man with a bad back, there are lots of them, and of various kinds, some with stiches and twitches, others with cricks and twinges; then there's the dull, heavy continuous kind that lasts all day and doesn't sleep at night. They're all bad enough, they're all hard enough to get rid of. Some people rub the back with liniment, others cover it with plasters, either or both means often bring relief, but the pain comes back—it's the wrong way to cure the trouble.

DOAN'S KIDNEY PILLS

have a way to cure backache, a way that's all their own—the right way. They're made for the kidneys only. When the kidneys fail in their work of filtering the blood the back aches because they are situated in the small of the back; backache is the kidney's warning of trouble, and every day you let the warning go it brings you nearer to urinary disorders, Diabetes, Bright's Disease, etc.

Doan's Kidney Pills cure every form of kidney ills and that's why they bring such quick relief from bachache. Mr. Fred Gray, Goat Corner, N.B., writes: "I was greatly troubled with pain across my back. I procured a box of Doan's Kidney Pills, and received so much benefit from them that I consider them the best remedy for kidney trouble there is. I would not be without them in my house."

WHAT WHIG CORRESPONDENTS TELL US.

The Tidings From Various Points In Eastern Ontario — What People Are Doing And What They Are Saying.

A Neighborhood's Sympathy.

Wilton, June 12.—The sympathy of the neighborhood is extended to Mrs. John Peters, Sr., in the loss of her daughter, Mrs. Wilson, who died at her home, in Morven, on Monday morning. Rev. J. Teasdale preached in the Methodist church on Sunday morning, during the absence of Rev. R. A. Whattam, who is attending conference. Communion service will be held in the Presbyterian church next Sunday evening. Miss Lillie Wood, Kingston, and Miss Mabel Valentine, Violet, were visiting friends in Wilton last week.

Moscow People's Picnic.

Verona, June 14.—The Moscow people held their annual picnic at Fourteen Island Lake on Saturday, the 9th. The party numbered thirty-five. They assembled in a beautiful little grove on J. Bratly's farm, overlooking the lake. Among the party was Dr. Bell, Kingston. Mr. Baker was on hand with his camera and took a snap shot of the crowd just as the party sat down under the shade of the old oak trees to partake of the spread prepared by the ladies present. After lunching the party started for home, all expressing themselves thoroughly satisfied at having enjoyed a good day's sport.

Light On Latimer.

Latimer, June 13.—The much-needed rain has arrived, and lightened the look of anxiety on the farmers' faces. We are all glad to hear that our pastor is to be with us another year. The Ladies' Aid of the Methodist church was well attended at George Doherty's. George Letherland is recovering from his illness. Much regret is expressed over the departure of our school teacher, Miss E. Shaw, who intends attending Normal, Ottawa. Hearty wishes are extended for the success of our entrance pupils. Miss Beatrice Traves and Miss Kathleen Sherman. Mrs. R. Lyon attended the funeral of her brother, S. Hughson, Opinicon. Miss Luella Traves has returned from her visit to Miss Edythe Akroyd, Kepler. We are all glad to see George Smith, Albany, among us again. George Letherland is improving his farm by erecting a new windmill. Miss Shaw, Miss Collins and Percy Asselstine paid Odessa a short visit on Sunday. Miss Edythe Akroyd paid Latimer a flying visit. Miss Effie M. Townsend, Kepler, has been visiting her sister, Mrs. A. Smith. The Latimerites are glad to see their butcher, H. Gibson, again making his rounds. Visitors: Mrs. L. Hughson, at her daughter's, Mrs. B. Collins; Miss M. Darling at Noble Darling's; George Crangston at T. Sherwood's; Mr. and Mrs. S. Bond, Odessa, at M. B. Traves'; W. Smith and H. Shannon at J. Sherman's; Mrs. Thompson at her brother's, William Arthur; W. Clogg at N. Spooner's; Hark! Listen for those wedding bells in the very near future.

Baby's Washable Hat.

The "tub" hat for the small toddler is quite as pretty and becoming as it is serviceable, the broad scalloped brim making a charming setting for the piquant little face beneath. These hats may be made at home at small cost, and without a pattern, too, if instructions are closely followed. Pink chambray was the material selected for the original of this picture. From this were cut two circles about fifteen inches in diameter, the edges of which were scalloped and button-holed in white. Two thicknesses of white butcher's linen were then placed between the chambray circles, the whole stitched a number of times on the machine in white. The head size, about four and one-half inches in diameter, was then cut in circular form and finished with an inch-wide upstanding band, to which was buttoned the circular crown, the edge finished with the button-hole scallop design. String ties of the chambray tied coquettishly under the chin. When ready for the laundry the crown is simply unbuttoned, and the whole washed and ironed with perfect ease.

AMERICAN GRASSHOPPERS

Name An Astonishing Blunder.

The number of astonishing and often absurd blunders perpetrated by translators is without limit. The first man to translate Cooper's novel, "The Spy," into French made numerous errors, among which are these: When the translator came to the word "Locusts," which was the name of the Whartons' residence in the story, he turned to his dictionary and found the rendering of the word to be "Les Sauterelles," the "grasshoppers." He was a trifle puzzled later when he came to the passage in which a dragoon was represented as tying his horse to one of the locusts on the lawn. He had never been in America, but taking it for granted that the grasshoppers of that country must be of tremendous size he solemnly informed his readers that the trooper fastened his horse by the bridle to a grasshopper which was standing near the door of the house.
