CASE OF HOSPITAL DISCIP-LINE AT ST. JOHN. N.B.

Iwo Doctors and Three Nurses Took Tea at the Home of One of the Nurses-The Latter Were Late in Returning to the Hospital and Were Summarily

St. John, N.B., June 18 .- An incident of the past week, which has just become public in connection with the St. John general public hospital, is the dismissal of two nurses, followed by a protest in the form of the resignation of all three doctors of the hospital staff. All three are young men, McGill graduates. On Wednesday evening last Dr. J. W. Scott, the Shirley McMurtry, one of the assis tants, were guests at supper and spent off duty for the evening, while another nurse was also in the company. An accident delayed them in return, and later in reporting for duty at 10 p.m. The superintendent of nurses referred the matter to the hospital training commission, and both nurses were dismissed. POORLY CONSTRUCTED oncrete Walk on University

Avenue Dangerous. The walk on University avenue, south of Union street, has been the cause of much comment on the part of persons who have passed over it. At every other step the hollowness of ts structure is apparent while apper layer has become broken places. This last may yet lead the city to face a suit for damages, as

tripped on one of these destroyed patches and in falling severely injured the city engineer's department promised to attend to the walk, yet nothing has been done, though the attention of those in charge has since been called to the matter. The upshot of the whole thing is that a petition is now being circulated among the residents asking the council to have the old structure torn up-and a new one laid. It is claimed that the city has no more authority to collect payment for such unsatisfactory work than would an ordinary contractor At any rate the walk is certainly not up to the proper standard or any where near it, and at any time this fall and winter the hollow portions may be expected to heave up and

The officers of the 14th P.W.O.R. met on Saturday evening to consider the invitation from the city bany, N.Y., to the Kingston regiment to take part in the celebration there on July 4th. The proposal is that the 14th shall leave Kingston on Monday morning. July 2nd, about nine o'clock, and thus arrive in Albany about five o'clock in the afternoon. Two days would be spent in Albany, the regiment leaving there at five o'clock Wednesday afternoon, and reaching Kingston at one o'clock Thursday morning. Monday being a holiday, the men would be ab-
