Revoted Bonus.

Smith's Falls News. The Kingston, Smith's Falls and Ottawa railway has another chance Last session of parliament the gov-ernment renewed the charter for this road, but refused to renew the bonus. This session the government have in this wisdom and generosity revoted the usual bonus of \$3,700 per mile. It is now up to the holders of the charter to do something and to do it quick. If the Grand Trunk railway ever expects to get a short line, and at the same time a good paying branch into Ottawa, it had better take up the K.S.F. & O. charter. The only real hope in the appearance of the bonus revote in the estimates is the fact that there must have been some outside influence back of the government to secure it. The queser enough to see the road built?
