QUIET WEDDING.

Two Popular Young Folks Married.

At high noon, Wednesday, were quietly wedded two of the city's well-known young folk, Rev. J. B. Grimshaw, at his home, and the nuptial knot, uniting Miss Hannah Catharine Brennan, formerly of Bedford, and William Howard Nance Kivell. The couple were unattended. The bride wore a smart tailored gown of blue, white silk waist and white hat. The happy couple left on the afternoon boat for a honeymoon tour through New York State, with a visit to the bride's sister in Watertown. On their return to the city Mr. and Mrs. Kivell will reside with the groom's parents at 97 Queen street.

The groom is the well-known King street barber, and both he and his bride have many friends who wish them a bright future.

STILL AT LARGE.

PENNY POSTAGE COSTLY.

Mr. Asquith Confers With a Deputation.

London, July 4.—Mr. Asquith, chancellor of the exchequer, and Postmaster-General Buxton, received yesterday, a large and influential deputation of members of parliament with reference to an Anglo-American penny postage. Mr. Asquith said that, while he was in favor of increased facilities for inter-communication, especially with the United States, the post office could not afford to start penny postage, the initial cost of which would be \$500,000 yearly. He had no direct evidence that the United States government desired a change in the rate.

To Select A Site.

Albany, N. Y., July 4.—The new state prison site commission is here for the purpose of organization. The commission has been appointed to select a site for a prison to take the place of the old Sing Sing prison at Ossining, N. Y. The commission will also supervise the erection of the new prison upon the site selected by them.

LOVING WIFE

Killed Her Husband, Who Was Incurable.

A BLOODY KNIFE

WAS USED IN THE AWFUL TRAGEDY.

With Blood-Stained Knife in Her Hand She Tells the Police How She Stabbed Him to the Heart to Relieve Him from His Awful Agony.

Bordeaux, July 4.—Estelle Nortine appeared at a local police station early in the morning holding a bloody knife in her hand. Her hair was disheveled and the front of her dress and her naked arms were bespattered with blood.

"I have just killed my husband," she said, "and if the law says so, please lock me up." Her story ran as follows:

"My husband has been ill for six months, suffering night and day, almost without interruption, the most dreadful pains. We spent all our savings and all I could earn as doctors and medicine, but even the expensive experts called in only shook their head and said nothing could give him relief but death. For weeks Henri begged and implored me to procure him some poison, or at least give him a knife but some foolish hope that, after all, he might get better, persuaded me to let him suffer on and on. During the last two hours he was unable to take acid food, the cancerous growth in his stomach would not permit him, and the pangs of hunger were added to those of martyrdom.

"Last night he suffered the tortures of hell, and I, who loved him, suffered no less. I assure you. His agonizing cries during all those hours nearly drove me mad. At last, some twenty minutes ago, he said he couldn't stand it any longer, and whether the doctor permitted it or not, he must have a piece of bread. I gave it to him, he put it in his mouth, and, lo, it stuck in his throat. He was too weak

WE ARE SEVEN.

Constantinople, July 4.—Ipsala, a town of European Turkey, has a remarkable case of fecundity. A Turkish woman there has had seven children in two years. She had quadruplets in 1904, and last week she gave birth to two sons and a daughter. All are in excellent health. The mother is twenty years of age.

TO INVESTIGATE.

Ottawa, July 4.—A promise by the minister of the interior to investigate the affairs of the English immigration office followed in the commons, yesterday, a motion by Mr. Monk to dismiss T. R. Preston, being a majority of 50. The usury and several other government bills were passed.

Elgin Excitement.

Elgin, July 2.—The recent heavy rains impeded the progress of corn cultivation, but on the whole things grow! Work on Stanton's stone quarry will commence this week with H. Howell, Ottawa, as foreman. Many are taking in the excursion July 2nd, to the North-West. Mrs. Wright Sheldon, who has been seriously ill for the past few days, has gone to Brockville for special treatment. Many of the residents spent Dominion day at Westport. Mrs. William Sly and Miss Mary Smith, left on Monday, to visit relatives in Moosejaw, and other western points. Miss Laura Morgan has returned after spending a year in New York state. Willie Coon is building a mammoth bank barn. A. W. Sheldon, Hamilton, has the contract. Father Grey will hold a picnic in the near future. Quite a wave of excitement is in view of the Kingston artillery camping over night here on their way from Kingston to Peterboro.

Unsatisfactory System.

Referring to the riot of Italians at Kingston, the Hamilton Times says the patrons system had this unsatisfactory feature about it that the men are entirely dependent upon these people for their engagement and remuneration, the corporations employing them often being ignorant as to whether the men are being fairly dealt with or not.

Tupper's Birthday.

Blind Man Admitted To Bar.

Sydney, Australia, July 4.—Neville Gilbert, McWilliam, B.A., LL.B., of Sydney University, who is blind, was admitted to the bar before the full court of New South Wales, in moving his admission to attorney-general C. G. Wade, K.C., said it reflected great credit on Mr. McWilliam that he had been able to pass the examinations required, handicapped by the calamity which had overtaken him. The chief justice, the Right Hon. Sir Frederick Darley, in admitting Mr. Gilbert, expressed the hope, on behalf of the bench, that he would not be handicapped at the bar, but that he would be as successful as Mr. Fawcett, who, suffering from the same affliction, had risen to be a minister of the crown in England.

To Fight The Steel Trust.

It is also asserted that the southern pig iron interests are to be consolidated under the same banner, and the Cambria Iron company will also be included in the deal.

CHANGE IN MINISTRY

CAUSE OF THE EXTRAORDINARY CONFERENCE.

Riôt Among Cuirassiers—Jews Charged With Throwing Bombs by Belostok Governor—Martial Law Proclaimed at Odessa.

A Midnight Conference.

St. Petersburg, July 4.—A meeting of the cabinet, called by Premier Goremykin, after his return from his visit to Emperor Nicholas, at Peterhoff, began at 10.30 last night, and continued until far into the night. REST IN THE WORLD.

What United States Thinks of Western Range Cattle.

Washington, July 4.—By direction of the press, Secretary Wilson, of the agriculture department, issued this statement:

"American live stock are the healthiest in the world. The great ranges of the west produce herds of cattle in which the percentage of disease is remarkably small, and the federal government is steadily reducing by approved scientific methods this small percentage. The inspection of the animals before slaughter always has been thorough. It is true the development of agriculture has heretofore lacked the power to provide for an efficient supervision of sanitation and the methods of preparation of canned meat for orders. The legislation which has just become effective provides the department of agriculture with an adequate law and with ample men to carry it into effect. Supervision and inspection will be extended from pasture to the package."

INVESTIGATED THE YARN

And Laid Charge of Arson Against Spinner.

Toronto, July 4.—John W. Dobson, the middle aged man who told the police yesterday of being bound and gagged in his store and robbed, and the store then set on fire by burglars, was arrested, this morning, on a charge of stealing \$125 from Wycliffe lodge, I.O.O.F., No. 385. He was remanded till to-morrow, bail being refused. According to the police, who investigated the burglary story, a charge of arson may be laid against Dobson. Dobson kept a store at 523 Queen street west, and police investigators showed that he was heavily in debt.

CASHIER IS MISSING.

Shortage is Said to Be From \$7,000 to \$12,000.

Pittsburg, July 4.—The foreign bank of M. Kasmar & Co., at Homestead, Pa., failed to open its doors yesterday, and nearly 200 excited foreigners gathered in front of the bank clamoring for their money. The crowd finally became so boisterous that it was necessary to summon the police to restore order and prevent trouble. The alleged disappearance of the cashier and a reported shortage of from \$7,000 to \$12,000 are given as the cause for the suspension.
