BISON FURNACE

The upper section in a Bison Hot Water Furnace is heated first and is always the hottest.

This insures immediate circulation.

And it sends the water into the mains at its highest temperature, quickly heating the building.

In other furnaces the lower sections are heated first and the upper section, from which the water circulates, is never the hottest.

The Bison has more good heating points than all other heaters combined.

SINS OF FATHERS

WE TAKE LONG CHANCES OF
COMING RIGHT.

Crime on the Part of Parents
Should Not Be Forgiven Says
a Writer—Hardly any Deliberately
Go Wrong.

The father may be a bad lot, often is, and it sometimes does follow that one or more of the family goes wrong. Again, when the father is all that he should be, there sometimes appears a black sheep in the otherwise correct family. It happens in the past not so much as well. Being well brought up, and educated, if one goes wrong it appears to be difficult to account for it in any way. Throwing back, going back to some ancestor whose career was somewhat wild, or erratic, is held to be the cause by some, the desire for ardent spirits is accounted for in the same way. Somewhere in scripture history it says: "The sins of the fathers shall be visited upon the children unto the third and fourth generations." We have nothing to say in the matter of birth. We simply take long chances on coming along all right. In many cases the fathers have little regard for what their children may think of them—merely selfish animals. Others of a sensitive disposition, and some education, are really anxious that their

The Cathedral at Trondheim, Norway, where King Haakon was crowned last week, is one of the oldest and most beautiful church structures in Norway. The cathedral was originally built some time in the Tenth century, but has been partially destroyed and remodelled several times and was not completed in its present form until a few years ago. For many centuries the kings of Sweden and Norway were crowned there.

offspring should think well of them. We are told that one must forgive all the wrongs and injuries we receive on the way through life. There are many small annoyances that might be condoned or forgiven, but when it comes to crime on the part of parents, we have something that goes beyond forgiveness. It is no use our saying that we forgive, we do not! Those who break the laws of God and man—and women who violate these laws—who openly defy them and live together in sin, cannot expect to be forgiven by those who come after them. Do these people stop to consider what the result of their wrongdoing will be, how their children, when old enough, will curse them, much less forgive them? Of all the crimes credited to mankind, the punishment of innocent people is also the greatest—what greater punishment can befall a child than to discover that the parents were wrong, cruelly wrong, in their production? That the cases are not many, it is true, but when a discovery is made, it appears all the more brutal, there is no other world for it, where educated people are concerned. Going wrong, doing wrong, admitting it, we are accustomed to, but trying to appear otherwise, to brazen it out in society, is when the brutishness comes in—the crime is enhanced. To be barred out of all hope of a future life, by not being able to forgive everything seen hard, of course, but, being a hypocrite, saying that we do forgive, only adds to the misery adds additional sin.

**For the Stomach
Heart and Kidneys**

Dr. Shoop's Restorative is a Cause
Cure—not a Symptom Cure.

It is a common mistake to take artificial stimulants for stomach troubles—or heart stimulants for weak hearts—or no-called kidney remedies for diseased kidneys. These organs do not act separately or of their own accord—they have no control over themselves—and not once in 800 times is the stomach the fault of the organ. It is the fault of the nerves which control the organ—and only through these nerves can stomach, kidney or heart troubles be cured. Dr. Shoop, of Boston, learned the power of these nerves—that is, the power of the nerves to control the stomach, kidney, heart, lungs, brain, etc., etc., etc. He discovered that the nerves are not separate, as such. They are merely symptoms of the disease. The nerves are restored to their normal condition, and the symptoms and the disease disappear. The remedy which Dr. Shoop prescribes for these ailments is known as Dr. Shoop's Restorative. It relieves the pain and distress of indigestion, stomach and heart troubles quicker even than those medicines designed simply to give temporary relief. Dr. Shoop's Restorative can now be had of druggists everywhere. For sale and recommended by

we have to be ashamed of them, is what cannot be condoned or forgiven. Talk as you will, say what you think, you cannot alter this view of the case.

"Exally thy name is woman." She was supposed to cause all the trouble in the first place, this does not follow in all cases. It is admitted that the woman bear the burden better than the stronger sex, that they show far greater tenacity, in the right way, than men do. There are both good women and good men. All arguments to the contrary cannot alter this fact, but, in truth, they are not many. Social hypocrisy having such a power in the hand to day as to make it almost impossible, in very many cases, for some to lead an absolute truthful, honest life. Of the tough element we all know something; there is reason for all very liberal in giving a "hand-out" to those that seek it of him. To combat the evil side of human nature we have only example and education. The bad examples, and they are many, are held up to us as warnings as to those of our fathers—should we be held responsible for the wrong-doing of our fathers? We inherit evil tendencies, and, sometimes, we are diseased. In answer, we are told, that we must bear and suffer, in silence,

The Land We Cherish.

P. J. Johnston-Smith, in Canada.

The towering mountain, the boundless sea—
And the shimmering, saltless sea—
Giant colossal in vision and pride!
Gripping a continent like a lion—
Mightier still to be.

I love thy billow-swept lofty coast,
And thy inland crest and their white-wined host,
Where countless mariners spread the sail,
To battle the billow and piping gale,
And yet the friendly breeze still
The glorious rivers, with mighty sweep,
"majesty roll to the billow deep."
The flags and men of the nations come,
Born with the sound of the hostile drum.

To many a haven fair,
The beauty of majesty holds the eye
Where the "Loonies" look up to a cloudless sky
Of an ever-of-the-blackbird hue.
Or the moon sun silvers their crowns of snow,
Where the glaciers, creep to the vale below,
Their treacherous paths pursue.

I hear the sound of thy countless brooks,
The murmuring music of woodland nooks,
Where the gentle homes of men;
While the songsters whistle with varied call,
And go to the drum of the waterfall,
In many a ferny glen,
I see the breadth of the "prairie" sweep,
Where whispering winds say, "Sow and reap."
"favouring sun shall bless"—
Where the lone cross-billows in glory move,
And follow the wind to the thousandth mile.

Oh! blossoming loneliness,
When, far from the hum of the crowded world,
The prairie sun as in blood goes down,
How sweet the visions that come to me
From over the breast of the wheatland sea,
With echoes of harvest song!
O Land of promise and golden grain,
Where "prairie" yields from main to main,
With Plenty and Peace beside;
On the north, glory and fame await—
Let Liberty watch at her iron gate,
And open her portal wide.

Our Glasses Are Clean.

The glasses used at our soda fountain are thoroughly washed, rinsed, dried and polished after each time used.

Considering the fact that at many soda fountains glasses are merely roughly rinsed, this is an important matter.

The ice cream soda we use in the glasses is pure cream and pure fruit juices. Wade's drug store.

The orange and the lemon are both said to be fatal to the cholera bacillus. Placed in contact with the cut surface of the fruit, the bacteria survive but a few hours.

Hutch Induces Sleep.

When the body contains a lot of impurities these impurities are absorbed by the blood. The blood in turn carries them to the brain and they produce unnatural conditions which destroy one's peace and rest. One suffers from hallucinations, nightmares, wild dreams in which horrible goblins try to tear you to pieces and all sorts of sleep destroying visions. By cleansing the body of impurities Hutch will remove all foreign matters from the blood and consequently relieve the brain of all these disturbances. Hutch induces sleep in which the organs of the body are built up and strengthened. Hutch is a doctor for ten cents.

the market. Look out for it.

We are showing a fine assortment of Oxfords
in laced and Blucher styles.

Women's, \$1.50, \$1.75, \$2, \$2.50.
Girls', 75c. to \$1.25, according to size.

No well-dressed woman or girl will want to
be without White Footwear during the summer
season.

We're the Best of White Shoe Cleaners.

ABERNETHY'S

Summer Skirts

Are you going on a vacation this month? If so a light
weight separate skirt will be an absolute necessity. Our
stock is not quite as complete as it was earlier in the season,
but we still have a good assortment to choose from.

Navy Blue Lustre Skirts, excellent quality lustre. This season's
cut, good generous sizes, all lengths and waist measures, for
\$3.75 and \$4.50.

Black Lustre and Panama Cloth Skirts, with same good qualities
as the above, \$3.75 and \$4.50 each.

Also a few Cream Skirts left, in different lengths and waist
measures.

Wash Dresses

Our season in this department has been exceptionally
brisk, which proves that people are realizing that ready-to-
wears are a saving of both time and money, and as we buy
from only the best houses we can guarantee both their wear-
ing and washing qualities. Just have a look at them on the
second floor.
