PLANS BIG CANAL.

Control Transportation Facilities of the West. St. Paul, July 10,-James J. Hill has about completed plans for one of the greatest tasks in the transportation line the North-West could be terested in. A canal connecting the great lakes with Lake Winnipeg is Mr. Hill's new scheme, and he makes the positive statement that it will be a

reality before the Panama canal is ready to receive boats. The building of this canal will make railroad systems, the new Canadian road he is now constructing, his line of steamers on the Pacific and boat lines on the great lakes, Mr. Hill will of | have little difficulty in dictating traffic
