Britain Will Not Have Conscription.

PULSORY DRILLS or All Boys Between the Ages of Thirteen and Seventeen-He Had Something to Say About

the Lack of Interest Official-

dom Had Shown to Canad-

the House of Lords, yesterday, on man. ages of thirteen and seventeen, Lord Dundonald asked what provision had services of patriotic Britons across the seas. Should their services be required he declared, the militia of Canada, as before, would volunteer to a man, While men volunteered for reasons of sentiment, they liked some official recognition evenly distributed. Lord Dundonald added that he could not say that those in official positions had lone their best for the colonists who

came forward in the service of empire, as was instanced by the usal of the South African medal Canadians who did not reach South Africa in time, Replying to Lord Roberts, the Earl of Portsmouth said that in Canada and Cape Colony active service could be extended only outside the limits of the colony, not for the defence of the empire, but for the defence of the colony itself. Therefore it was perfectly clear that, though a form of compulsory service was recognized, it was by no means a compulsory service to defend the empire generally. The government was entire-
