A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. We've important discoveries we have made that complete satisfaction to our customers pays best, and that they say to wish business is to deserve it.

GREAT LITTLE TOWN

IS BORDEN, ON THE GREAT SASKATCHEWAN.

An Old Kingstonian Writes Glorifying Its Advantages—He Travelled the States, But Prefers Our Own Great West.

Borden, Sask., July 11.—(To the Editor) As we have in our district a large number of thrifty, successful farmers, who originally struck camp at the old limestone city, I concluded that perhaps a line would not be amiss, just to show what has been done and can be done in this favored Canadian west. Under the most liberal and equitable emigration policy that was ever introduced, our country, and particularly this district, is being rapidly settled with a superior class of farmers, and where a few years ago nothing could be discovered by travelers but the boundless prairies, dotted here and there with beautiful groves, and nesting along side pretty little lakes, to-day we see substantial farm houses, great fields of waving grain, and black streaks stretching as far as the eye can reach, of newly ploughed land.

Borden our market town, on the main line of the Canadian Northern railway, and in the bend or elbow of the great Saskatchewan river, is being the principal business centre between Humboldt and Battleford, a distance of 150 miles. Borden is the first town on the north side of the river, consequently owing to its location it has a large acreage of agricultural lands contiguous to it than any other town. A year past nothing was here but a railway siding. To-day we have good school houses, two large general department stores, two churches, (Church of England and Presbyterian) tin and paint shops, telegraph boarding house, elevator and lumber yard, farmers' landing platform, several residences, plenty of wood and good water at fifteen feet.

Borden was named in honor of those two political giants, the liberal and conservative, and there is, to-day, no better field in the west for a first class hotel, a blacksmith, bakery, laundry and livery stable. There are plenty of good homesteaders to be had in the district. Thirty car loads of settlers' effects were unloaded here this spring. We have a grain growers' association, with a membership of sixty-six, an agricultural society, with a membership of fifty-eight, cricket and baseball teams.

The grain is all heading out and the harvest will be in full swing by August 10th. The elevator inspector's estimate is 100,000 bushels of wheat, shipped at this point in the fall and 7,000 acres prepared for next year's crop. Think of it for a moment—a record for only two years. The writer of this letter enlisted with the first Ontario battalion, first Red River expedition, in 1870, at Kingston, and spent twelve years in Manitoba, eventually drifting to Uncle Sam's domain. However, after travelling over that country from Portland, Me., to San Francisco, he was glad to return where he could live out all his days in pleasure and contentment, and where to-day can be found the best openings for making money on this continent, far ahead of any time in the history of Manitoba or the west. The main line of the G.T. Pacific is only eighteen miles south of us, the C.P.R. Prince Albert branch, twenty-four miles east, the Battleford and Prince Albert railroad, twenty miles north.

You will perhaps remember my father, who was so long associated with the Belleville Intelligencer. This is the time and opportunity for friends of those still there to come to this spot. Any questions will be gladly answered. We have post office and daily mail.—W. A. SHEPARD.

Are Of Camping.
Oak Lake, July 10.—Miss McGilligan, Elgin, is visiting her friend, Miss M. Green. Jennie Ralph and Arthur Johnson spent last week writing on examinations at the Athens High School. A few from here attended the funeral of the late P. P. Slack at Athens on Sunday. Dr. Purvis, Ralph, Nurse Purvis, and his wife, were present. Mrs. J. E. Anglin, Battersen, has returned home after visiting her sister, Mrs. F. Sheldon. Miss Mikled Anglin is a guest of Miss Mary Sheldon. A party of young ladies and gentlemen of Athens and vicinity, who are camping at Charleston for a fortnight, attended services in a body at Trinity church on Sunday. Mr. and Mrs. George Gardner, Sealey's Bay, spent Sunday at Frederick Warren's. Miss Laura Green, Delta, visiting her grandparents, Mr. and Mrs. Brock Green, left for Borden on Saturday. Mrs. John Williamson's condition is somewhat improved. Farmers have begun haying.

William Swain, piano tuner. Orders received at McAnley's book store.

Department of Railways and Canals, Canada
WELLAND CANAL
PORT COLBORNE ELEVATOR
NOTICE TO CONTRACTORS
SEALED TENDERS ADDRESS TO THE undersigned and endorsed "Tender for Elevator" will be received at this office until 10 o'clock on Wednesday, the 15th August, 1906, for the construction and erection of an 800,000 bushel capacity Elevator at Port Colborne, Ont.

Plans and specifications of the work can be seen on and after this date at the Department of Railways and Canals, Ottawa, and at the Office of J. A. Bell, Consulting and Contracting Engineer, Board of Trade Building, Montreal, at which places forms of tender may be obtained.

In the case of firms there must be attached the actual signatures of the full name, the nature of the occupation and place of residence of each member of the firm, and, further, an accepted bank cheque for the sum of \$25,000, must accompany the tender. This accepted cheque must be endorsed over to the Minister of Railways and Canals, and will be forfeited if the parties tendering enter into contract for work at the rates and terms stated in the offer submitted. The accepted cheques thus sent in will be returned to the respective parties whose tenders are not accepted.

The lowest or any tender not necessarily accepted.
By order,
L. K. JONES, Secretary.

Department of Railways and Canals, Ottawa, July 6, 1906.
Newspapers inserting an advertisement without authority from the Department will not be paid for it.

GERMAN PRIEST FINED.
Threatened Denial of Sacraments to a Voter.
Leipzig, July 12.—The imperial court confirmed the decisions of lower courts in fining Father Woomer, a Catholic priest, of Constantine, grand duchy of Baden, \$20 for threatening a voter during an electoral campaign there with denial of the sacraments if he did not vote for the centre party candidate for the reichstag.

The only candy I ever eat, said a lady who always enjoys McConkey's high class candy. She knows they are the choice of royalty and sold only at Gibson's Red Cross drug store.

Sunlight Soap is better than all other soaps, and is best when used in the Sunlight way. Buy Sunlight Soap, and follow directions.

HE IS AMBITIOUS

To Win Fame as a Polar Explorer.

DUKE OF ORLEANS.

London, July 12.—Like the Italian prince, who has won fame as an Arctic explorer, the Duke of Orleans is ambitious to win fame as a polar explorer. He has just started on a polar expedition. From Ostendo he went in his own yacht to a point near Greenland, where he will join the other members of his expedition. The duke had a ship built specially for this expedition and pays the entire cost of the undertaking.

Doings At Charleston.

Charleston, July 11.—W. H. Hanson made a flying trip to Brockville on Saturday in his auto. Mrs. William Hunkett left on the 3rd for her home at Boisvauin, Man., after spending the greater part of the past three years here. She was accompanied to Brockville by her daughter, Mrs. C. J. Slack. Miss Bertha Slack returned to Prescott on Friday, after spending a week with her parents here. Mr. and Mrs. P. C. Yates and son, Toledo, were visitors here on Sunday and Monday. The teachers are all home for the holidays. Miss Edith Danby, teacher, and Miss Florence Townsend, Long Point, spent a few days last week guests of Miss Bertha Slack. A. C. Phillips, many people from here attended the funeral of the late P. P. Slack at Athens on Sunday afternoon. A good many took in the excursion to Alexandria Bay on Saturday night. D. C. Slack, Long Point, visited friends here for a few days last week. Master Wilfrid Ralph, Oak Lake, is very ill with brain fever. Mr. and Mrs. H. Phillips are comfortably settled in their new cottage home. Some of the farmers have commenced haying.

Fruit Acid Germ-Killer.

An eminent Japanese bacteriologist has shown that the acids of lemons, apples, and other fruit—citric acid, malic acid—are capable of destroying all kinds of disease germs. Cholera germs are killed in fifteen minutes by lemon juice or apple juice, and typhoid fever germs are killed in half an hour by these acids, even when considerably diluted. If you squeeze a lemon into a glass of water containing cholera germs, and let it stand fifteen or twenty minutes, you may drink the water with impunity, as the germs will be dead. If you will kill other disease germs. Instead of telling a man to have his stomach washed out, we can now tell him to drink orange juice, which will cleanse the stomach as thoroughly as a stomach tube, provided it be not a case of stomach catarrh. If we have to deal with a stomach complaint, in which there is a large amount of tenacious mucus adhering to the walls of the stomach, a stomach tube to dislodge it is required, but in ordinary cases of biliousness, foul tongue, bad breath, sick headache, and nervous headache, a fruit diet is a wonderful purifier.

Kentucky's Names.

Kentucky is known as the corn cracker state from a game bird—enjoying the same name which was formerly found in great abundance in the Blue Grass state. It is also called the Blue Grass state, from the belt of land running through the centre, in which this variety of grass grows in great perfection. In the early days of its history it was known as the Dark and Bloody Ground being so termed by the Indians. It was then a desolate land between the Indian living north of Ohio and those living in the mountains of Tennessee and Georgia, a sort of battleground for these tribes, which fact gave it the name long before it was settled by the whites.

Murvale Visitors.

Murvale, July 11.—Farmers have started haying and report a good crop and of a good quality. Henry Curran and sister, Bertha, attended a picnic at Varty Lake last week. Miss Gloria Wallace is visiting friends in St. Lima, N.Y. Maxwell Purdy and Miss Minnie Taggart spent Sunday with friends in Newburgh. Alexander Irwin and Allen Brown have treated themselves to new carriages. Curtis Walker, on the sick list is much better. Visitors: Mr. and Mrs. Fred Boyce, at William Sowersby's. E. Day and wife, Harrowsmith, at R. Guess'. Mrs. William Cole, Petworth, at C. Walker's.

Death Of W. A. D. Morse.

Montreal, July 12.—An Amherst, N.S., despatch says Hon. W. A. D. Morse, judge of the county court, is dead, at the age of sixty-nine years. His grandfather was Major-General Morse, of General Amherst's army, in the Seven Years' war. He opposed Sir Charles Tupper in 1872, but was beaten.

Husband In Peril.

A woman who obtained permission at Highgate, England, to withdraw a charge of assault against her husband admitted she had blackened his eyes, but added: "It was all my fault. He did it in self-defence."
Sunlight Soap is better than all other soaps, and is best when used in the Sunlight way. Buy Sunlight Soap, and follow directions.

TO BACK FISHERMEN

IN THEIR WORK ON NEW-FOUNDLAND COAST.

Secretary Root Will Enforce Rights of Americans According to His View of Treaty.

Glocester, Mass., July 12.—Announcement is made that American vessels will not only seine for herring along the treaty or west coast of Newfoundland fall and winter, but they will be backed up by the state department at Washington. The announcement is received here with many manifestations of pleasure, as it appeared to come from most authoritative sources. That Secretary Root, who has been investigating matters since last fall, has reached the determination as to the attitude of his department in case of trouble with the Newfoundland authorities, and that the report or decision which he has reached would be made public in a few days.

While he was on his South American mission last spring Secretary Root took a vacation trip to Newfoundland. Subsequently the United States fish commissioner's schooner Grampus went to Newfoundland, with a representative of the fish commission on board to study the course of mackerel after passing Cape Breton, but really to watch proceedings relative to herring catching. Acting upon reports which he received and his own observations and on his interpretation of the treaty of 1898, it is understood the secretary has completed understanding with Roosevelt as to how far he may go in the matter. Seining is in direct violation of the local laws of Newfoundland, and yet the secretary in his report is expected to say that not only have American vessels a right to seine along the treaty coast, but they will be protected in those rights.

COLONEL STAPLES' MASCOT.

A White Cat Brings Luck to the House.
Alexandria Bay, N.Y., July 12.—For ten years a large white Angora cat has been regarded as one of the fixtures at the Thousand Island house. Each fall when the hotel closes, and Col. Staples hies back to Washington the white cat, carefully packed in its special basket, goes with him. It is understood that the cat becomes friendly with some guest at the hotel and months later will meet the same person in Washington. She never forgets.
Ten years ago the kitten was picked up on the deck. She had been dropped or lost by some of the wealthy islanders who never came to claim the consequence. The cat was found on an island house became its home from then on. Col. Staples says money couldn't buy "Fuzz" regarding her as his mascot for almost from the day the cat arrived the hotel has enjoyed prosperity.

At Eagle Hill.

Eagle Hill, July 11.—Some of the farmers have started haying, and owing to the rush of men to the west and Cobalt mines, help will be scarce for haying and harvest. August Kittner has sold his farm to Joseph Rahn. Deahigh. Some of the young people here attended the party at Thomas Thompson's, Wednesday night. James Irvine lost a valuable colt, Saturday. Thomas Lindsay left Monday, for Tweed, for medical assistance. Andrew Armstrong is visiting friends at Tweed this week. R. Ferguson made a business trip to Venenachy, Thursday. Mr. and Mrs. William John and daughter, Fanny, attended the picnic at Matawacha, Thursday. Miss Mary Mieske left yesterday for Kingston to spend the summer. James Irvine and his grand-daughter, Hazel Irvine, and grandson, Bruce Hillis, spent Monday in town; also Miss Pearl'Ready and brother, Arthur. Miss Emma Margaret, Ottawa, is home for the summer.

£270,000 Death Duty.

It is announced that the estate of the late Sir Charles Tennant will amount to £2,700,000, and that the executor will therefore benefit to the amount of £270,000 in death duty. Sir Charles leaves very few public or charitable bequests, the bulk of the estate being bequeathed to members of his family. It is an interesting circumstance that while Mr. Asquith, as chancellor of the exchequer, will gain £270,000 for the treasury, Mrs. Asquith, who is one of Sir Charles Tennant's daughters will have to pay her share of the death duty.

Men Rule By Force, Women, By Charm.

For mosquito bites, Mentholatum gives instant relief. Sold at Gibson's Red Cross drug store.
A well-to-do farmer, at Waterboro, B.C., killed his wife and four children with an axe.
And yet because they live less strenuously, women neglect the early evidences of chills.
The wise woman will not permit her charms to be robbed by ill-health. When she feels appetite falling, nerves getting on edge, color fading, she takes Ferreroze. How it sharpens the appetite? How quickly rich blood is available to restore color to the cheeks, buoyancy to the step.
Don't be debarrred from strength and spirit, don't give in to illness and despair. Ferreroze, supplies tone and vigor through which all functions of womanly life are maintained and fortified.
From New Richmond, Que., comes the following statement of Mrs. Isidore Boissonault: "I take deep pleasure in testifying to the powerful influence of Ferreroze. For years my daughter has been pale and sickly—showed signs of advanced anaemia. Her lips got so white and her cheeks so devoid of color. I feared consumption. I can certify Ferreroze made an excellent cure, and to-day my daughter's health is the best."
Mountains of misery can be saved by using Ferreroze promptly. 50c per box, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A. and Kingston, Ont.

Some people go all through life and never know what really good coffee tastes like. Order Seal Brand Coffee and write Chase & Sanborn, Montreal, for full directions how to make good coffee.
