### Of All Dress Goods Friday and Saturday

As has been our custom near each season's close, we'll have a sort of final clearing up amongst our Dress Goods to-morrow and Saturday. We make a firm and decisive rule that all lines of summer goods shall be reduced to a minimum-not to a small range, but to a condition where but a small amount will be found of anyone of the host of patterns. Now, it's a generally accepted fact that Laidlaw's dress goods prices are the lowest in this city. Couple this fact with the knowledge of 20% further discount being taken from their regularly low prices on fresh stylish fabrics and this announcement will become doubly interesting to every women in the city. Amongst others you'll find these :

Light Summer Tweeds for Outing Silk and Wool Mixtures.

That an exact 20 per cent will be deducted from the regular marked prices; That the choosing commences promptly at 9 o'clock to-mor-

That every hour you delay YOUR choice, lessens the delight in the range you'll find: That the offering continues all date Saturday; and

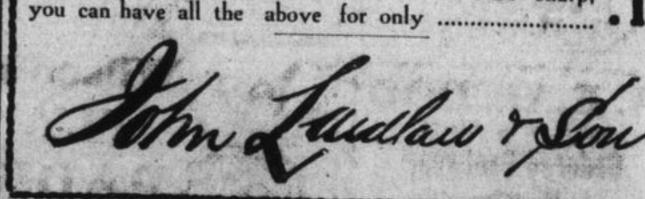

That if you neglect to accept this opportunity, you'll regret it long, long before another such comes along. ... JOHN LAIDLAW & SON
