SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres more or less.
Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, by application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one else to make entry for him.
HOMESTEAD DUTIES: A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:
(1) At least six months residence upon cultivation of the land each year during the term of three years.
(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person as to the father or mother.
(3) If the father (or mother, if the father is deceased) has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.
APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.
Before making applications for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.
SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.
Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 120 acres may be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.
Miner's certificate is granted upon payment in advance of \$5 per annum for each individual, and from \$50 to \$100 per annum for companies according to capital.
A few minor minerals discovered in place, may, locate a claim 1,000x1,500 feet.
The fee for recording a claim is \$5.
At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended the claim is sold, upon having a survey made, and upon complying with other requirements, purchase the land at \$13 an acre.
The patent provides for the payment of a royalty of 24 cents per acre.
PLACER mining claims generally are 100 feet square; entry fee \$5, renewable yearly.
A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.
The leases shall have a dredge in operation within one season from the date of the lease for each mile of river leased. Royalty at the rate of 24 per cent collected on the output after it exceeds \$10,000.
W. W. CORY,
Deputy of the Minister of the Interior.

A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. We important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to do it right.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.
This word of late has been in every one's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer of killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c in stamps for sample. The Herpicide Co., Detroit, Mich. G. W. Mahood, special agent.

The annual meeting of district No. 2, Retail Druggists' association, was held, Wednesday evening, in the Bevere House, Brockville, President W. S. Picton, was in the chair and the principal business consisted in the election of officers for the ensuing year, the retiring executive being again chosen. The local brethren who attended report a grand time and say the Brockville druggists certainly know how to entertain. In the morning the members of the association went aboard the yacht Mavedona as they proceeded to Gananoque via the Carleton channel and had lunch at the Inn. In the afternoon the return trip was made through the American channel, Brockville being reached in time for dinner. The meeting proved successful in every respect.
The Yacht Burned.
Fire destroyed the yacht Aberdeen at Channel Grove, Wednesday night. The Aberdeen is the property of Hon. William Hart, and was hauled out at the grove to receive necessary repairs and improvements before being out in commission for the summer. Just how the fire originated is unknown, but it is supposed to have resulted from spark which may have been smouldering for some hours. The residents at the grove worked hard to overcome the flames, and were partially successful though the appliances at hand were necessarily very meagre. The hull was saved but the upperworks destroyed, and the hold settled. The yacht was valued at about \$1,200, and was uninsured. None of Mr. Hart's family are yet residing at Channel Grove, and the first intimation they had of the occurrence was when word was brought to the city by George Sudds, who looks after the yacht.

PREFERRED DEATH

WOMAN PHYSICIAN SUICIDES IN DETROIT.

Was Under Arrest, Charged With Violation of the Law—She Was Formerly of Morpeth, Ont.
Windsor, Ont., July 19.—Dr. Margaret Bell, aged forty-five years, a practicing physician, residing at No. 60 Clifford street, Detroit, Mich., was placed under arrest late Tuesday night by detectives from the Central Precinct, on a charge of having caused the death of Mrs. Harry Morningstar, aged nineteen. The officers had forced a confession of guilt from the woman, and she was about to be taken from her residence to police headquarters when, without a moment's notice she swallowed a dose of poison, dying shortly afterwards. Investigations now disclosed the knowledge that Dr. Bell had been guilty of many questionable operations, but not until now has direct evidence been forthcoming.
Dr. Bell was a native of this province, having lived at Morpeth up to fifteen years ago, where she taught school. She began the study of medicine in a Chicago homeopathic college and twelve years ago began active practice in Detroit, as a specialist in women's diseases. She has a sister residing in Morpeth.
A motor boat owned by C. T. Wilkinson and Charles A. McNaughton, of Brockville, gave an exhibition of dock jumping and running away at fourteen miles an hour. The boat is of the racing model, twenty feet long, fitted with a four horse power St. Lawrence engine, and was launched on Saturday. On Monday evening her owners started over the trial course of the Motor Boat Association, and were making a flying start up Funnell Bay. Opposite the starting point (Mather's pier) the turn buckle broke, putting the steering gear out of order. McNaughton, who was at the wheel, shouted to Wilkinson, operating the engine, with watch in hand, to close her off. He did not hear. Suddenly the boat swung into the C.P.R. pier, and mounted the corner where the timbers are rotted to the water's edge. The boat went clear over it and plunging into the water on the other side, kept travelling alone, the occupants having been dumped out in the twinkling of an eye. They swam to the dock a few feet away, and there watched the antics of the runaway craft. The wheel being turned hard over, she made a wide circle, coming in on the south side of the pier head on. Fortunately she struck a spot, where the timbers had rotted off, and she was the only place of its kind on the pier. She ploughed into the wharf over twenty feet, being stopped by rail spikes which struck only two several holes but held her fast. All this time the engine was buzzing away. The machinery was not damaged beyond the wheel being ripped off by scraping along the dock.

MOTOR BOAT RAN AWAY.

Finally Caught After Ploughing Twenty Feet Into a Dock.

The Prices To-Day Were Not Readily Seized.
