municipal plants. The strength of the municipal own- and any length.

ership movement is in the cities of Books for 500 miles of travel on New from 1,000 to 10,000 inhabitants. Wiselectric plants. In the past twenty-five cost \$20. Secure further information years the number of municipally own ed electric light plants has increased from one to 1,050, and the number of private plants from seven to 3,234; that is, in 1881 the municipal plants were nearly 10 per cent, of the whole number of plants, while in 1905 the municipal percentage had risen to

This is materially increased in the was more than made good by the burg, Florence, Fort Atkinson, Jefferson, New Richmond, Plymouth and Two Rivers.

Canada has 80 municipal electric ight plants, and in England about two-thirds of the electric light plants are owned by municipalities. In the Descronto, and all local points. Trains phys Point. Leaves Breakey s Bay 630 a.m. entire United Kingdom, there are 481 municipal and 297 private plants.

> WORK OF CHURCH CHOIRS Should Be Appreciated and Re-

Members of church choirs, unless paid soloists, get nothing for their faithful work except the consciousness of duty well done. The musicians are This fine New Steamer will leave our frequently criticized, and their voices found fault with, their selections EAST BOUND 1000 Islands made light of, and the whole get up Tuesdays, Thursdays, Saturdays, 5.40 of the choir, including the personal appearance of the individual members, pass under review of several busybodies' tongues. Now, all this is not nice. Persons who have never helped year in and year out to lead in the service of song and praise, little know what sacrifices the earnest choir member makes in being at his or her place regularly twice every Sunday, besides attending one or even two or three rehearsals throughout the week. It is pleasing, therefore, to note that the members of some choirs have re cently been entertained by certain official bodies of the church or private members of the congregation to out-Of the Hamilton-Montreal Navigation ings and entertainments. They deserve any recognition of this nature, and the choristers are made to feel that after all, their work is not in vain.
