

THREE FACTS For Sick Women To Consider.

First.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacement of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine that holds the record for the largest number of absolute cures of female illness is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

Third.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, quickest and surest way of recovery is advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female illness Mrs. Pinkham probably has the very knowledge that will help you, very surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

A CLEAR SWINDLE.

Clever Ruse to Obtain Goods Through Merchant. Brockville Recorder.

Friday morning last Heman Shepherd received a telephone message from Montreal, the fellow at the metropolitan introducing himself as a stranger, but as the same name as Mr. Shepherd, and requesting that any mail that should arrive here be forwarded to the Strathcona, where he would secure it, as he was a representative of the Canada Bag Co., Limited.

Needless to say Brockville's Mr. Shepherd got no mail other than his own, but this morning was surprised to find among other matter an invoice from the Canada Bag company, stating that they had shipped to his credit on order five bales of bags, valued at something over \$125. The bags, the invoice stated, had been shipped to his order at Prescott. This was somewhat of a surprise, and Mr. Shepherd promptly notified the firm to-day that he had given no such order nor was he in any way responsible for it. He also notified the local police of the matter.

These circumstances when brought to light expose a swindle which no doubt has been worked by the firm doubters shipped the bags to Prescott, thinking Mr. Shepherd was to dispose of them there, but in reality the swindler appeared on the scene, represented himself as Mr. Shepherd, and made off with the goods.

U. S. REVERSE.

Twelve Privates and One Scout Killed by Pulajanes.

Manila, July 24.—A detachment of constabulary, Lieut. Williams commanding, encountered a band of 600 Pulajanes near Narayan, on the island of Leyte, Sunday morning. Lieut. Bureau is situated at an isolated portion of Leyte.

The Deaf Made To Hear.

Deafness because usually due to catarrh, is quite curable. In a thousand cases this is proved absolutely true. Success invariably attends the use of Catarrhose, which has cured catarrh of the ear of twenty-five years standing. Penetrating through the passage of the ear, the soothing vapor of Catarrhose relieves the inflammation, destroys the seeds of catarrh and thereby allows nature to assist herself. Try Catarrhose yourself, 25c. and 50c. sizes, sold by all dealers.

REGRET THE DEPARTURE

Of Rev. R. S. Wilkinson, of Amherst Island.

There was a meeting held at the Victoria Hall, Amherst Island, on Monday evening, for the purpose of presenting an address and gift to Rev. R. S. Wilkinson, expressing the regret of the people generally on his leaving the parish. Mr. Fowler was called to the chair and with a few appropriate remarks called on Mrs. MacDonald for music, after which J. G. Galloway read the address, to which Mr. Wilkinson returned thanks. Another piece of music followed when the chairman called on Rev. James Cumberland to address the meeting. In very touching words Mr. Cumberland showed how sorry he was at the parting—these two gentlemen have always worked harmoniously together. The chairman also called on the Methodist minister and expressed his regret that he was not present. This gentleman with great liberality, closed his own church and was present himself at the evening service at St. Alban's to listen to Mr. Wilkinson's farewell sermon. The church was filled with overflowing—the largest congregation that was ever present, and composed of all denominations. The little church was so full the several had to listen on the vestry and outside.

The following was the address presented: To the Rev. Robert Skelding Wilkinson, rector of Amherst Island, Ont.: Dear Mr. Wilkinson: Your parishioners and we are assured, the citizens of Amherst Island, generally, have heard with sincere regret that the sacred office of pastor over us which you have held for the past three years, with credit to yourself, and we trust, with profit to us, is so soon to be vacated by you. Your wise and able counsel in furthering the interests of this parish, coupled with your kind and sympathetic manner, your clear and evangelical preaching of the gospel and the broad and truly Catholic spirit which you have shown as co-workers for the advancement of the church, the welfare of mankind and the upbuilding of the kingdom of our Lord Jesus Christ in British Columbia, or wherever you may be, are kindly accepted this present as a token of our esteem. Signed on behalf of the parish of Amherst Island.

A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. Two important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to deserve it.
