## **Cures Rheumatism**

45 I had an attack of Rheumatism-pains near my heart-which increased to such a degree that I became very anxious. I lost my appetite, and an intense itching or heating of the head made life miserable. I asked a druggist, was there nothing he could suggest that would help me, and he replied "Why not try ABBEY'S SALT?" I did so, and can now state positively, and without solicitation that the Rheumatism has lisappeared-my appetite is grand-and the
