Deal Cannot Be Defended.

The independent papers have unhesitatingly condemned the Murphy deal with the Temiskaming railway commission. That is a significant circumstance, and one which is worrying the members of the government who are not on pleasure jaunts somewhere.

With Take Their Medicine.

Hamilton, during the Ross campaign, had a normal college, in connection with the establishment of which the city or the board of education spent some \$70,000. The accommodation was of the finest. The Whig says this from a personal inspection of the building. But this accommodation is to be rendered of no avail by the new government. It proposes to transfer the normal college to Toronto, and make it a sort of annex of the provincial university.

Chicago, as a city, has just found out that the Marshall Field property was under-estimated during the millionaire's life time.

The Toronto News holds that the liberals have some rights in Ontario, at least they have the right to bid on such a sure thing as the railway deal or concession appears to be.

Richard Harding Davis won't let Sanford White, of New York, munched by Thaw, was a kind-hearted, considerate, gentle and manly man, and incapable of the infamies that have been charged against him.

There is a rumour that the relief granted by the Canadian government to the San Francisco sufferers has been misapplied. A reckoning will be in order. It should certainly be demanded.

The imperial parliament is wrestling with the Sabbath observance, and with all the stress that accompanied the passage of the Sunday act in Canada.

SPIRIT OF THE PRESS.

Never Suspected. That Whitney mining deal has a black look about it. Who would have thought it?

Beware Of The Roller. In the words of Winston Churchill it behooves Dr. Seath to "beware of the steam road roller."

Czar's Meditations. Czar thinks now he will go in for government for the people, but not by the people. He has one more thought, if he thinks quick.

Lindsay Offended. Victoria is evidently punished for sending a member to support the government, or is it possible that our member has no influence with his government?

Proper Comparison. King Edward's note declining the invitation of the parliament of Canada is as much "deplorable" by some newspapers as if it were on a par with the czar's last message to the duma.

Don't Mention It. Russell Sage announces to the world: "I have done the best that I could in the light of this day." Some will shudder to think what he might have done if aided by darkness.

A Grand Success. Westport, July 30.—The lawn social held on Friday night, in aid of Knox church, was a grand success. The excursion from Newboro was well patronized, and all spent an enjoyable evening.

When a woman suffers from depressing weakness, she then keenly realizes how helpless—how thoroughly worthless—she is. Dr. Shoop has brought relief to thousands of such women. He reaches diseases peculiar to women in two direct, specific ways—a local treatment known by druggists everywhere as Dr. Shoop's Night Cure, and a constitutional, or internal preparation called Dr. Shoop's Restorative. Dr. Shoop's Night Cure is applied locally, and at night. It works while you sleep. It reduces inflammation, it stops discharges, it gets the soother, it comforts, it cures. Dr. Shoop's Restorative (tablet or liquid form) is a constitutional, nerve tissue tonic. It brings roused strength, latent ambition and vigor to weak, listless women. These two remedies, singly, or used together, have an irresistible, positive helpful power. Try them a month and see. Sold by all druggists.
