**COMMERCIAL MATTERS.**

**What Is Going On In the Business World—The Markets.**

The British Columbia Copper company has received one of the most substantial contracts in its history. It is now on its feet, making a profit for the year.

The Le Roi No. 2 company of Rossland, making a profit for the year, has obtained control of the Vancouver and West Coast silver-lead property in the States.

The directors of the Canadian Pacific railway have decided to increase the dividend to two per cent. on the common stocks, and three per cent. on the preference stocks. The dividends are payable October 1st.

The DeWaters, Lakawanna and Western railroad will discontinue with the service of telegraphers and will control the movements of trains with the automatic block signal system and the additional telegraph facilities.

The United States government's crop report shows a prospect of a larger total yield than was expected. The increase is in winter wheat, the yield being at nearly 64,000,000 more than the only estimate giving an estimate for the total wheat crop of 50,000,000 bushels larger than the best estimate.

The largest individual wool clip ever grown on the American continent was shipped from Billings, Montana, to the Burlington railway, to a Boston agent, on the 11th inst. It weighed 1,500,000 pounds, and forty-four car loads were required to carry it. The owner refused an offer of twenty-four cents a pound for the wool.

The Grand Trunk railway half-yearly statement up to June 30th shows a surplus of \$210,000, in gross receipts \$2,921,000. Hence the Grand Trunk lines will be closed instead of extending ever farther.

The dividend for the half-year was four per cent. on the guaranteed stock, the first and preference being the same as a year ago. The sum of \$10,500 was carried forward.

A leading Montreal capitalist, who is one of the largest individual holders of Canadian Pacific stock, seems to be very likely to see that the C.P.R. directors will in the present time declare any further dividend of profits than they are now. While the earnings are almost insignificant, they are not also to be remembered that the company is in a particularly favorable position to expand its business, and can use to advantage any sum that may be remaining after the payment of dividends.

**POLICE COURT—TUESDAY.**

**The Cases Heard by Ald. T. J. Rigney.**

"Taking turns." Ald. T. J. Rigney occupied the bench in police court, today, and dealt out the law liberally.

A lone boozie hater was allowed off on condition he get out of town. His wife gave him the coin to leave the city; she has steady employment.

"Larceny of a watch," and youthful William Dixon stood to answer the charge.

The report came into the station, early this morning, that a young lad of sixteen, who had been working at the farm of John Redden, on the Front Road, had run away. When the farmer's son woke he found his watch was gone; the absent lad was at once accused.

About nine o'clock, this morning, Dixon was seen on the market square by Police Constables McGarry and Fildes. He quickly eluded his pursuers. Less than an hour later he was arrested by P. C. McLeod as he was passing the constable's house on Nelson street. The lad had in his possession the missing time piece. He claimed he intended going back to Redden's but got lost about the city streets.

Mr. Redden was in court and willing to take the boy back to do the chores, so the acting magistrate allowed Dixon off on suspended sentence.

**Thrown Out Of Window.**

Lucho Marinelli was sitting on the doorstep of his boarding house on Montreal street, Saturday evening, when a drunken man seized him, without provocation and threw him through a shop window. He was severely cut on his head and hands. He is still confined to bed.

**Special Tour Of The Islands.**

Wednesday, 2:30 p.m., steamer America makes complete tour of 1,000 Islands. Supper on board. Home early, only 35c.

**Just Fifty Years Ago.**

From Toronto Globe, Aug. 4th, 1866. The Kingston Whig says that the Ontario foundry in that city, then locomotive engines, with tenders, have been manufactured and sold to the Grand Trunk, seven of which have been delivered and are at work. The editor had a ride in one of these locomotives between Waterloo and Kingston Mills.

**A Health Rule of Importance.**

Medical doctors are probably unanimous in the opinion that the most important rule of health is that which relates to the regularity of the bowels and would put it something like this: "There should be at least one motion of the bowels every day."

Parents can inculcate no more valuable rule into the minds of their children, and when difficulty comes in living up to this motto, the use of Dr. Chase's Kidney-Liver Pills should be resorted to.

By use of this treatment prompt relief is obtained and the whole system of filtration and excretion is set right, because of the action of Dr. Chase's Kidney-Liver Pills on the liver and kidneys as well as the bowels.

The very commonest, liver complaint, kidney disease and backache is moved when Dr. Chase's Kidney-Liver Pills are used, and the benefit is not only thorough but lasting. Dr. Chase's Kidney-Liver Pills, one pill dos., 25 cents a box, at all druggists or Edmondson, Bates & Co., Toronto.

**ARE TO TESTIFY**

**WITNESSES TO GO UP FROM KINGSTON.**

**The Case Was Adjudged Until Monday—Crowds Are Going to the North-West—Big Demand for Children.**

Toronto, Aug. 14.—The preliminary trial in the Bridat murder case was continued at the police court, to-day. Sergeant Detective Duncan gave testimony as to finding pills, etc., in the room where Mrs. Bridat died, also in the office of the De Voss Medicine company. Adjournment was made until Monday, when it is expected that the mother and sister of the woman, who reside at Kingston, will be called to give evidence.

Nearly every train which arrived at the Union Station, this morning, from points in Ontario along and south of the main line of the Grand Trunk, from Toronto to Sarnia, brought in large numbers of persons who are going to Western Canada on the harvesters' excursion. Monday morning, to-day, it is estimated, will be required to take all who are coming in evening and late morning trains, at least, as expected on the excursion. This is the largest number who have ever left here on the first excursion.

J. J. Kelso, provincial superintendent of education, says that the demand for children for adoption far exceeds the supply. He anticipates a large demand, particularly for the month, and that the children will be less and friendless ones. He would be glad to hear from charitable institutions, individuals or municipalities having dependent children whom they desire to place in foster homes.

**AMERICANS IN CANADA.**

**As Good Laws as They Left, Better Administered.**

Montreal, Aug. 14.—President Roosevelt's answer for the good conduct of the many thousands of his subjects who are entering the North-West, P. W. Henbeck, the well-known Winnipeg finance man, arrived here this evening, and states that he is quite ready to discuss the American invasion with the president.

"The danger is even less than you fear," said Mr. Roosevelt. "The Americans now going into the Canadian West will find as good laws as those they left behind, and they will find them better administered in their bargain. They will at once settle down to work, and will never Americanize the Canadian west."

**CONVICT WAS CUNNING.**

**Calahoun Escaped After Making Trousers Out of Blankets.**

Edmonton, Alta., Aug. 14.—Nothing has been heard of the whereabouts of Calahoun, escaped convict, from the penitentiary. That he is still at home and can take care of himself is quite evident, from the nature of his escape. The night before his escape he cut a hole in the wall of his cell, and he was seen to carry into a pair of trousers and likewise the shirt in which he went out to work. He slipped in between two piles of lumber, discolored his trousers, tore the rim off his straw hat, and then he coolly walked off to the bank of the river. He was seen by several of the men who were guarding the convict, Henri Calahoun. Fifty dollars is offered for his capture.

**ALL FINALLY RESCUED.**

**Captain, His Family and the Crew Saved.**

Chicago, Aug. 14.—Capt. John J. McLaughlin, his wife, son and daughter, Calahoun, escaped convict, and a crew of nine men were rescued, yesterday, from a boat of the barge J. H. Hurd, which was in a sinking condition on Lake Michigan six miles off Grosse Pointe by the freighter Mohawk.

The barge, which was bound from Alpena, Mich., to Chicago, with a cargo of telegraph poles, sprang a leak and all hands were compelled to take to a small boat.

**HE WILL BE TRIED.**

**A Member of the Douma Under Arrest.**

St. Petersburg, Aug. 14.—Monsieur, the president member of the late Russian parliament, who was arrested, at Cronstadt, after the recent meeting there, and brought to the fortress of St. Peter and St. Paul, here, will be tried in a court-martial. It develops that when he was arrested a plan of the fortress Constable was found in his possession.

**A GREAT FIRE.**

**Is Wiping Out Business in Milan.**

Milan, Aug. 14.—A fire in the great warehouses of the Paganini Villani company has been raging since two o'clock this morning. The warehouses were filled with oil, benzine, petroleum and drugs which burned fiercely. Several adjoining buildings have been wholly or partially destroyed. The loss so far is estimated at \$400,000.

**Movements of Vessels.**

Father Point, Aug. 14.—S.S. Mariner, Donaldson line, from Glasgow, inwards at 10 a.m.

Montreal, Aug. 14.—Allan steamer City of Bombay has arrived at Glasgow.

The Allan steamer Pomoranian sailed from Havre on the 13th August, with 63 cabin and 157 steerage passengers.

The Allan steamer Numidian is due to arrive at Montreal at 7:30 o'clock, tonight.

The Allan steamer Iberian is due to arrive at Montreal, at 5 a.m., on August 15th.

The Allan steamer Hungarian from London passed Point Amour at 5 p.m., on 13th.

Jewish bakers are on strike in Toronto, in agreement that they shall not be compelled to work more than seventy-two hours a week.

**INCIDENTS OF THE DAY.**

**Noway Paragraphs Picked Up By Reporters on Their Round.**

Bathing caps and water wings, at Chown's drug store.

The tug Rescue, arrived from Ogdensburg, N.Y., this morning.

Montreal, best polo team in Canada plays Kingston to-morrow 4 p.m. at Lazo Ontario Park.

Fresh Horlick's malted milk for infants and invalids. Gibson's Red Cross drug store.

The tug William L. Proctor, arrived from Ogdensburg, this morning, to take a light barge to Charlottetown, for coal.

The yacht Algon arrived last night with an excursion from Perth. She is docked at Anglin's wharf. The travellers remained in town all day and will return to-morrow.

Constipation, bowel irregularity, dyspepsia, torpid liver, bad kidneys, rheumatism, disorders incident to sedentary life, positively cured by Hollister's Rocky Mountain Tea or Tablets, 35 cents. Mabood's drug store.

Efforts are still being made to arrest the man who skipped off after deceiving the young girl from Elginburg. It is thought he is still in Canada. The mother and the girl, who is aged eighteen years, were at the police station late yesterday afternoon. The mother seems highly determined in her purpose.

On one of the morning trips, the steamer Wolfe Islander was the scene of a little fracas between an officer of the boat and a passenger. The latter got into an argument concerning the fare, and before matters were adjusted, Marquis of Queensbury rules had to be consulted.

Woodstock authorities brought to the city last night, Albert H. Bailey, an Englishman, sentenced to three years in the penitentiary on two charges, perjury and arson. He spent last night in the police station and was driven out to Portmouth, this morning. He seemed a mere youth, scarce twenty years of age.

Fresh Castoria at Gibson's Red Cross drug store. The genuine is sold here.

**GOT AWAY AGAIN.**

Pembroke, Ont., Aug. 14.—Private O'Connor, who deserted from Petawawa camp, and was arrested in Kingston, last week, escaped from his guards at Petawawa, on Sunday night.

He was not to have been arrested, but he was mounted and on foot hunting for him.

**RIVER THIEF IN TOILS.**

**Man Who Had Preyed on River Residents.**

Brookville, Ont., Aug. 14.—In the arrest of Louis Vautour, on Grindstone Island, the police along the St. Lawrence river believe that the man who has been committing wholesale depredations among the Thousand Islands for the past three years has been captured. The police believe that he was in possession of a valuable property of John Handley, of Westminster Park. While two fishermen were rounding the foot of Grindstone Island they observed the stern of a boat hidden in the bushes which turned out to be Handley's.

They went ashore and found the stranger encamped there, busy shaving himself. He was armed with a revolver and put up some show of resistance, but on being told that the men who had so suddenly come upon him were Canadian officials, his anxiety for trouble disappeared and he was persuaded to make a hurried trip to Alexandria Bay, where he was turned over to a constable.

The camp on the island was found to be a veritable storehouse for stolen property.

**Indoor Marriage At Indore.**

Belleville, Ont., Aug. 14.—Miss V. Sinclair, sister of Ald. Sinclair, of this city, and a leading member of the Presbyterian mission staff, at Indore, India, was, to-day, married to Rev. J. D. Mackay, also a member of the Indore staff. Miss Sinclair visited her home some little time ago, and made many friends. Rev. and Mrs. Mackay will continue at their work at Indore.

**Opposed To French Law.**

Rome, Aug. 14.—The principle of the submission of the management of the church affairs to lay organizations is provided for, under the law of French law, for the separation of church and state, is unhesitatingly rejected by Pope Pius X. in his instructions to the French clergy for guidance under the new regime.

**Sudden Death At Morrisburg.**

Morrisburg, Ont., Aug. 14.—George Carter, an old and respected resident of this town, died suddenly Sunday. He was on his way to church, and must have felt weakness coming on. He went inside the fence close to the sidewalk, and when he was found shortly afterwards life was extinct. He was sixty-two years of age.

**Abyssinian Treaty Signed.**

Rome, Aug. 14.—Abyssinian despatches received here say that King Menelik has signed the Franco-Italian-British convention, relative to the railway to be constructed there, and that the convention will be communicated to the parliaments of the interested states as soon as they meet.

**At Thousand Island Park.**

Blue Bird's monologue with dramatic impersonation, was presented Monday night for the benefit of the auditorium fund.

See the polo match at Lake Ontario Park, 4 p.m. to-morrow, Montreal vs. Kingston.

**GARD OF THANKS.**

I WISH TO THANK THE NURSING staff of the General Hospital and the staff of the Infirmary for the care for my wife during her illness.  
NIAL P. WOOD.

**W. J. BRYAN'S STAND**

**THE TRUSTS ARE IN FOR ANOTHER ATTACK.**

Will Give His Views on Certain Forms of Public Ownership of Utilities With Especial Reference to the Railways.

St. Louis, Aug. 14.—Homer Tappan, staff correspondent of the St. Louis Republic, who is travelling with William J. Bryan, writing under the date of August 2nd, from Zurich, outlines Mr. Bryan's plans for a divisional control of the railroads of the country among the states and the federal government.

He says: "Mr. Bryan will attack the trusts in his New York speech and it is possible that he will go further and give his views on certain forms of public ownership of the utilities, with especial reference to railroads, both inter state and those within states. It is also quite likely that with the support of the original Bryan party and the aid of such eastern conservatives as Albert A. Clark, of New Jersey, he will come out boldly for a constitutional amendment that will make an income tax one of the certainties of the next half dozen years."

"If Mr. Bryan offers upon the money question it is likely he will repeat his assertions of recent years that conditions have eliminated money as an issue. These conclusions are the result of several conversations with Mr. Bryan in London, at which time I saw him, nearly every day in a fortnight. One of the many striking impressions that have come to Mr. Bryan on this tour has to do with the ownership of the great public utilities by the state, with especial reference to the railroads. Mr. Bryan has been in Europe on other occasions and examined the conditions surrounding the governments management of the larger arteries of travel."

"In one very important particular he would apply the theory differently to the United States. His plan would admit of the ownership of certain lines by the general government in order that the most efficiently through services should be in any way suffer impairment but he would insist that the local lines in every state be owned by the separate states, the state individually, which in Mr. Bryan's opinion, would insure a federal control. The enormous patronage would, of course, tend to increase the party in power and would in time accomplish what Mr. Bryan fears, and would contend against the abolition of state boundaries."

"It is no part of Mr. Bryan's intention at this time to take up the trivialities of public ownership. So far as I have been able to observe Mr. Bryan is considering the subject in its broadest scope, developing at the same time an entirely new and very democratic feature that of individual state ownership."

**A GREAT GAME.**

**Polo Will Be a Feature for Wednesday.**

All arrangements have been completed for the big polo match, here, to-morrow afternoon, between Montreal and Kingston. The players from the Canadian metropolis have already arrived, and their ponies are possibly the prettiest, smartest, and best ever seen in this part of the Dominion. The team had a practice on the local club's grounds, at Lake Ontario Park, yesterday afternoon, so that they were all acquainted with the game in all its details.

Montreal.—No. 1, P. Bandy; No. 2, F. N. Beardmore; No. 3, Major Meighen; Capt. Dr. Mignault.

Kingston.—No. 1, Lieut.-Col. Williams; back, F. McFarland.

The former team's colors are blue and white, while the latter players will be attired in white only. H. Robertson, Montreal, will officiate as referee.

The game is called for four o'clock sharp, and as it is the first real polo match Kingstonians have had an opportunity of witnessing in many years the citizens will no doubt turn out in large numbers. Six periods of ten minutes each are played with an interval of five minutes between each change of ponies. The game will be called "time" or "time-out" after three o'clock all cars will stop at the entrance to the grounds, and not proceed into the park. Arrangements have also been made to allow carriages to enter the grounds at the second gate down the front road.

**BARRACKS RENOVATION.**

**Major Maunsell and Mr. Fuller Here from Ottawa.**

Major Maunsell, of the Royal Engineers, and Mr. Fuller, of the public works department, are here to-day from Ottawa looking over Tete-a-tete Barracks, on which \$100,000 is to be spent in additions and renovations, Plans and specifications have yet to be prepared by the department.

Major Maunsell stated that the present frame building, used as hospital, would be replaced by a brick structure, but the erection of this would not likely be commenced till next spring. The present desire of the military department is to put the barracks into a thoroughly habitable condition. At the present time its state is far from satisfactory. The interiors of the stone buildings will be pretty well torn out. Special attention will be paid to the sanitary conditions of the barracks.

Major Maunsell did not know how the renovations would interfere with the artillery when it returned. No doubt, the men who have to undergo some inconvenience while their quarters were being refitted. Work will be commenced in a week or so.

**Dr. Chase's Kidney-Liver Pills.**

Dr. Chase's Kidney-Liver Pills cure all kidney and bladder troubles, 25c.

**John Lauriau & Son**  
Stores Closed at 5 O'clock

**New Designs in New Corsets for Fall**

It's almost like an act of treason to think of fall when we're right in the midst of the most pleasant month of the year—but that is what we have to do. Just yesterday we received the advance lines of the new fall corsets, and their style can certainly, and only, be expressed with the one word—"superb."

**Latest French Model at 1.50**  
Perhaps this is the most attractive in the lot. It is made of genuine French Coutille, of most exclusive design, with full bias gore, brass eyelets, and stays protected so that they will not cut through the ends. This model received instant favor on its first appearance in the larger cities just a few days ago, and is acknowledged to be the best corset yet produced at \$1.50 for all figures. We will offer all sizes to-morrow.

**French "Venus" Corset at 2.00**  
This is another late model, and is actually being sold in Toronto and Montreal to-day at \$2.50—and it's worth it. But we can sell it at \$2.00—thereby saving you 50c. in a way—which we are always endeavoring to do. This "Venus" is also made from fine French Coutille with full bias gore, finished with an 11-inch Paris clasp, daintily lace trimmed, also finished with satin bow, and hose-supporters attached. To-morrow you can get it here for \$2.00 instead of \$2.50—its regular price in most places.

**Our Popular Summer Corsets**  
With the above new models, we received what will, in all probability, be our last shipment of the light, comfortable kind of summer corsets which we've sold all season. (This puts us in a position where we can promise that whatever you desire, we can most successfully satisfy it to-morrow.)  
Prices will be: 35c., 75c., 50c. and 1.00—the first two, extra specials. If you need another pair to finish out the hottest summer in years—come here to-morrow.

**You Can't Saw Wood With a Hammer**  
And you can't keep bread and cake properly on an open shelf or in a wood cupboard.

We have four sizes of heavy Tin Boxes, well ventilated, nicely japanned and lettered, at 75c., 85c., \$1.00 and \$1.15 each.
