It is estimated that the bears lost at least \$5,000,000 by their rashness in butting in on Harriman stocks. This would hardly account for the extravarant winnings claimed by some bulls.

President Harriman, of the Union Pacific and Southern Pacific, is accused of trickiness in keeping back news of Southern Pacific carnings, and in his spectacular dividend policy. The small shareholders were allowed to think that the San Francisco disaster had shall the Southern Pacific a terrible blow, and that dividend prospects were ruined. No effort was inside to relieve the anxiety feit by stockholders of the road, and in view of the remarkable events in the Stock Market during the last few days, it is pertinent to enduire who has reaped the benefit of the patience displayed by a recat mans of the ordinary stockholders and three benefit of the patience displayed by a recat mans of the ordinary stockholders and three benefit of the patience displayed by a recat mans of the ordinary stockholders and the benefit of the patience displayed by a product of condition, and that what would prevent it would cure it.
