Information was received on 'change that an attempt will be made within the next week to float the SS. Bavarian, of the Allan line, which went down in the St. Lawrence river in late September, while on her way to the ocean. Capt. CITY AND VICINITY.

It's An Undisputed Fact.

That the best \$2 derby are sold at Campbell Bros., the style centre for men's hats.

Body Not Yet Found. When the steamer Aletha was in port, Thursday afternoon, Capt. Roys told a Whig reporter that the body of the steamer Belleville on Sunday, had not yet washed ashore.

Who Knows Them? Enquiry is being made for a family of Stewarts or Starts, who came to Canada from the north of Ireland about fifty years since and settled near Kingston, said to have left for the United States twenty years later.

Said Makers Were Dined. It is current report here that the English houses which sent out \$10,000 worth of binder twine to Canadian dealers and which was seized for irregularities in measurements, were allowed to dispose of the goods after paying fines in the neighborhood of \$7,000.

Carried Excursions. The steamer Aletha ran an excursion from Belleville and Pictou, yesterday, to the city. There were quite a number and the excursionists spent the latter part of the afternoon in town.

Make A Note Of This. The asylum officials had occasion to call in a veterinary surgeon lately, and the only conservative in the city being away they sent all the way to Sydenham for a man. He was a tory of course. Only one of this particular breed was public money from the present provincial government.

A Happy Gathering. A very pleasant gathering was held at Crocus Island, Sharbot Lake, on the summer home of Mr. and Mrs. W. Robinson, when a number of campers took advantage of celebrating with Mr. Robinson, the anniversary of her birthday.

A Wonderful View. "Traveler," writes to the Whig: "While coming down on the train from Napanee, Thursday evening, the passengers had the pleasure of seeing one of the most beautiful sights in the sky, which lasted from 7.30 to 8 o'clock. The lake and some of the islands were plainly seen. Some of the lady passengers could pick out the one they were living on. There was quite an argument as to what caused it, but all admitted it to be the grandest sight they ever saw."

Was Very Careless. On a morning, this week, as the steamer Caspian was coming into port, Thursday afternoon, Capt. Roys took a stroll in a row boat made to cross the bow of the steamer. It was a rash act and those of Swift's wharf anxiously awaited the result of the recklessness. The captain "tumbled" while the small boat, with a load of three, got safely across in front of the boat, but the close shave should prove a warning to the man. Too many accidents result from such cases of carelessness.

Fractured A Leg. Stanley Cavanagh, driver for Alexander Tvo, met with a nasty accident yesterday, which will lay him up for some time to come. The unfortunate man was down at the dock taking some bottles of Major Gaines' yacht. In order to secure them it was necessary to hoist the yawl boat. At the moment it slipped, and Major Gaines himself had a close shave from serious injury, as the yawl in its descent narrowly escaped striking him on the head.

Fireman Had A Call. The firemen received a call this morning, which gave them a short run to Wellington street, near Princess street, a fire in the pool room of N. Parsons. The cause of the trouble. It was presumed that a lighted cigar smouldered during the night, and finally the blaze broke out, destroying a portion of one of the walls of the building. The brigade made quick time in setting a stream at work, and the trouble was soon at an end. Little damage beyond the destruction of the plaster and woodwork about the walls of the room resulted.
