The Public Is Often Faked. Unscrupulous dealers actuated by large profits often recommend corn cures as good as Putnam's. There is only one genuine corn extractor and that is Putnam's Painless, which is a miracle of efficacy and promptness.

The Will Not Valid. According to legal opinion the will of the late Captain Webster Augustus Leavitt, leaving the bulk of his estate to Brock Street Methodist church and the House of Industry was not valid.

The Great Majority of People. Wait for their ships to come in—wait for something to turn up—trust to luck. Be independent. Start a savings account and make it the foundation of a fortune.

UP THE RIDEAU. That Beautiful Chain of Lakes and Canals.

Waikarona, N.Y. Standard. Canada's Thousand Island Resort, as named by water from Kingston. In a distance of 125 miles there are fourteen miles of canal, and the balance of the way there are lakes of surpassing beauty, islands of every conceivable shape and size, and miles and miles of water protected by hills, each small lake a mystery, the passage of which unfolds, as the steamer ploughs her way here, there, and everywhere in pursuit of the route mapped out and traveled by line boats for seventy years between Ottawa and Kingston.

The writer had an added respect for England and her Canadian subjects taking a trip through the Rideau chain of lakes from Kingston to Ottawa—over the hill in a steamer—simply because here was a work of construction, huge dams holding back thousands upon thousands of acres of water, which after seventy years of continual service show not the slightest evidence of the ravages of time, and which absolutely control the waters between Kingston and Ottawa.

At the police court, this morning, Ald. T. J. Rigney's leniency gave a chance to go arrested for drunkenness, a chance to a second man, liberals, who can give Major Shannon "praise in efficiency and qualification," for the paymaster of Eastern Ontario command, yet they have been passed over.

She is the pink of prettiness. Girls, be careful of your complexions. None should believe in "make up." Take notice of the changes in the face. Hollister's Rocky Tea or Tablets, 35c. Mahood's Drug Store.

Major Shannon tells the Brockville Times that the changes in the appointment is "local, personal and political." Three good reasons. The major's attitude is well known. He has been the implacable foe of everything liberal and his abuse of them has been one of the most vigorous and virulent.

Every person should know about and try "Housekeepers' Silver Cloth." "NICK" TIMMERMAN. And a Farmer Have a Worry War. Quite a heated argument took place at the police court, this morning, shortly after ten o'clock, P. M.

Both the parties interested in the argument could go some when it came to talking, and the sergeant had to use all the lung power he had in reserve to restore order, and impress the disputants with the fact that he was not trying the case. Finally Harpell pointed up, and left determined to seek legal advice regarding his rights.

PICTON PROSPERING BUSINESS BRISK AND POPULATION INCREASING.

News About the Summer Resorts—Canning Factories Are Working Night and Day—A Church Wedding.

Pictou, Aug. 27.—A welcome shower visited the county, to-day. The rain was badly needed for tomatoes, etc. The past week of intense heat has served, not only to ripen the vegetables, but also from lack of rain to dry up the plants, to the injury of the tomatoes coming on.

The crop of all canning factory stuff has this season been a record-breaker. The factories have been forced to work night and day—this is the height of the season. Help is very scarce.

Many families from a distance have brought their tents, and are camping out around the factory of the Bloomfield Canning company. Thus the entire "household" are able to work during the busy season. Besides, this factory has a large boarding house, whose accommodation is sadly taxed.

Pictou is seemingly enjoying unprecedented prosperity. Scarcely a house bears a "to-let" sign and good rents are being paid. Many houses, both pretentious and plain, are going up. Within the past year several very fine houses have been erected. There is not a vacant store along Main street. Several new offices have lately been fitted up and an up-town grocery has been built.

The SS. Lloyd S. Porter is in the harbor unloading coal for the water works. The schooner W. J. Jamieson is lying idle in port. A small sloop arrived this morning from Deseronto with lumber for Lake & Killop.

A large number left on Saturday on the steamer Niagara, on her three-day excursion to Rochester. Mrs. A. Young and children, spending the summer in town, returned to-day to Kingston. T. C. Denille and his son, Thomas, left to-day on the steamer Alexandria, for Scotland.
