The Coats We Show

Are distinctive in their style, and cannot be had in any other store.

True, there are lots of Coats to be had in the City, but only at this store can be seen real late New York style garments.

Even a passing glance at our display will at once reveal many original ideas that have been cleverly applied. The prices are no higher than other stores ask for only ordinary style garments.

We show a big range of all sizes in Misses, Maids and Ladies sizes, and just think, not one garment from last season to show you.

A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. Two important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to deserve it.
