A CRITICAL PERIOD

Intelligent Women Prepare Dangers and Pain of This Critical Period by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety of the heart, sparks before the time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, swelling in the ears, fainting, palpitation of the heart, sparks before the time draws near, irregularity, constipation, variable appetite, weakness and inquietude are promptly headed by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Marianne Louis Belleau of 17 Ramsay St., Quebec, Que., writes: Dear Mrs. Pinkham: "Lydia E. Pinkham's Vegetable Compound assisted me to pass the change of life with but very little sickness and pain, and I am pleased to give it my endorsement, for I feel that it is the medicine which every woman should take. I am the mother of three children, and when I reached the age of fifty naturally my health was none too good, and I feel sure that if I had not taken your Vegetable Compound I should not have passed the climax safely. I look it off and on for two years and now find that I am stronger, better and health and feel younger and healthier than I did ten years ago. Much praise to your medicine, and may all suffering women learn of its value."

For special advice regarding this important period, women are invited to write to Mrs. Pinkham, Lynn, Mass. She is a daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always helpful to ailing women.

WHO FIRED GUN?

Guilty Parties Could Be Pined. About half past ten o'clock, last night, residents in the vicinity of Earl and Sydenham streets were alarmed and mystified by two sharp reports from a revolver. They ran out districts and clear in the stillness of the night, but were not followed by any other noise.

To fire off a gun in the city is an offence, a by-law and anyone is liable to a \$20 fine for doing it. House breakers worked in that vicinity a couple or three weeks ago and it was thought that the noise might have been the second attempt, and some householders seeing the would-be thieves in the act, fired the revolver to scare them away. No such report, however, came to police station today.

The Yacht Club Dance. Last night's dance at the Yacht Club, was an exceptionally jolly affair, and all the younger "bunch" were there, and danced through the cool evening with thorough enjoyment.

Among the married ladies were Mrs. Iva Martin, Mrs. R. E. Kent and Mrs. John Cochrane. Those who had visitors brought them, and this made it all the more pleasant.

"C. B." For Cadet. An Ottawa gentleman cadet has been up against it hard. He had to come back to the Royal Military College early last week to put in several days of "C. B." which he had not finished before the closing in June. This is certainly a sore touch and more than the limit.

Enjoyed Oysters. At the close of the meeting of Granite Lodge of Oddfellows, last evening, a number of the members adjourned to the Chinese restaurant, where an oyster supper was indulged in, on the invitation of a newly initiated member who expects to leave shortly for the west.

Woman Is Insane. Lucy Jenman, in the county jail for the past two weeks on a charge of vagrancy, will be brought before Magistrate Farrell to-morrow. It is understood that Dr. Sands has pronounced the woman as insane, and she will be sent to the asylum.

KINGSTON WAS BEATEN

In the Polo Tournament at Montreal.

Montreal Gazette. One-sided scoring marked the opening of the three days' polo tournament at St. Lambert on Wednesday, Toronto defeating Kingston in the first game by seven goals to one, and Calgary defeating Montreal in the second game by 14 goals to 1.

On yesterday's play it looks very much if Calgary, champion of the west, will make a clean sweep of the tournament. Two more games are scheduled for to-day, Calgary meeting Kingston in the first and Montreal meeting Toronto in the second. On Saturday the tournament will close with Montreal and Kingston, Calgary and Toronto as the contesting teams.

Each team thus meets the other three times, a win counting two points and a draw one.

Kingston is the youngest of the four competing clubs, and while they met with a decisive defeat yesterday, their showing was creditable in view of the inexperience of their players. They were unfortunate in getting away to a bad start, Toronto rolling up four of their seven goals in the first period. In the second period they held Toronto to two, and the third Toronto took one in the second, and the last goal of the match was scored by Kingston in the fifth and final ten minutes. The team picked up wonderfully after the second period, as the scoring would indicate. In the early part of the game the play was all at the Kingston end, toward the ebbon passing the centre field. Toward the close rushes by Col Williams and William Hartly became the feature of the match. They had hard luck in this respect, the ball, on one occasion hitting the post and bounding out.

Col. Williams carried off the honors for Kingston-Harty, who was hurt in a game last week, played under great disadvantages, but was unflinchingly every rush and ably backed Col. Williams in the Kingston rally toward the close.

NOT YET CAUGHT.

The Escaped Prisoner Still at Large. Up till three o'clock this afternoon no word had been received of the capture of Jacob Jurelski, the Jewish prisoner, who escaped from the car window, Tuesday night, while en route to the penitentiary. Authorities are still on the look out for the much-wanted man.

It has been suggested that Jurelski may have taken the track and bounded the first freight and was in Montreal before morning. Now that he has kept his liberty for nearly forty-eight hours he will not likely be captured very speedily.

POLICE ON TRACK.

Bobbies After Statute Labor Tax Evaders. The case of refusal to pay statute labor tax adjourned till to-morrow's police court, may not materialize. The young man has not yet been served with a summons and it is understood he is willing to pay his dollar. But more such cases may develop as the police are after those who endeavor to evade the assessment.

On the "other side," in many states it is the custom that before a young man can vote he must show his certificate of payment of statute labor tax. Were this done, here much trouble would be avoided.

CHANGE OF SYSTEM

DECIDED UPON FOR GENERAL HOSPITAL.

Governors Decided to Appoint a Medical Superintendent—Dr. Wood's Chaired by Doctors With Causing the Trouble.

The regular monthly meeting of the board of governors of Kingston general hospital was held on Wednesday afternoon at four o'clock. Present, G. J. Chown (chairman), James A. Binns, Charles Livingston, Dr. J. C. Conna, Major Bruce Carruthers, Rev. Dr. Macgillivray, Sheriff Dawson, Rev. Dr. Mackie, Professor Marshall, Prof. Martin, W. B. Dalton, F. W. Spangenberg, Dr. Third, H. C. Lockett, F. Welch, K. J. Carson, H. A. Calvin, Dr. Anglin, A. F. Chown, Rev. D. Laing, Judge Price, Archdeacon Carey, St. George Dr. Abbott, Dr. Garrett, Dr. Wood, Dr. Bell, Dr. Kilbourn, John McIntyre, T. McK. Robertson, Dr. Wainett.

The chief business before the board was a motion made by Dr. Wood, August meeting to this effect: That it is in the interest of the hospital to revert to the old system of having a medical superintendent, and that the board at its annual meeting in October appoint a medical board for the hospital.

Since the August meeting, the resignation of Miss Gordon, as superintendent, was received, and the governors at yesterday's meeting accepted it. A committee was appointed to adopt a resolution in appreciation of her services.

There was very little discussion upon the resolution to revert to the old system of medical superintendent and fully appointment of nurses, and the resolution was passed almost unanimously, only one vote being recorded against it on a show of hands.

After the decision to make the changes in the hospital, Dr. Wood charged that the dissatisfaction which had prevailed for the past year or more in regard to the hospital management, his origin within the institution, being largely due to the medical staff, which he said, had backed up the local press and also patients in attacks made on the hospital. He blamed the preceding year, when Dr. J. A. Minnes agreed with Dr. Wood. The charges were repudiated by more than one of the doctors present, who thought that they had incurred the dissatisfaction that had become so general over the hospital conditions for some time past. They had done all they could to support the institution.

Dr. Kilbourn, Dr. Third, Dr. J. C. Conna, Dr. Garrett and Major Bruce Carruthers were appointed with the committee of management, to report at the next meeting of the board recommending a medical superintendent and also a superintendent of nurses. The new appointments will go into effect on November 1st.

T. McK. Robertson and F. W. Spangenberg were appointed visiting governors for September. It was decided to renovate the baths throughout the hospital.
