A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. Two important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to deserve it.

The Reason Why?

If you are not well there is a reason. If you do not get well there is a reason. The reason is probably the same in both instances, namely, that your system is so run down, that it is in no shape to either resist or throw-off disease.

The remedy is obvious—Build up the constitution and nature will do the rest. As a system builder

Control of Loan Companies.
 Brockville, Sept. 11.—Indications point to the assumption that the Imperial Trust company of Toronto, is trying to gobble up some of the smaller companies in this province. During the past few days a gentleman said to be acting in the Imperial interest has been here, and has picked up considerable stock of the Brockville Loan & Savings company, W. H. Comstock, hearing of it, immediately announced that he was prepared to purchase any shares of B.L. & S. stock that were for sale.

A Pathetic Story.
 Great lessons are taught in the dramatic tenues of the wordless images. To appreciate this, one should see that little moving picture play, "The Farmer's Daughter," that strikes the minor key of the heart and brings harmony out of life's discord. This little unspoken playlet is one of the most touching dramatic subjects ever most touching dramatic subjects ever created in the animated reproduction and is given in conjunction with many others, of as many varieties with Archie L. Shepard's high class exhibition of moving pictures at the Grand, five nights, commencing Tuesday, September 11th. For to-night only one lady's ticket will be given free with every twenty-five cent ticket purchased before seven o'clock.

Bright Young Woman Dead.
 Harrowsmith, Sept. 10.—On Wednesday evening Miss Pearl Tallon, one of our bright young ladies, who has been ill for two weeks, was called away from our midst. She leaves a big space at home and also a large circle of heart-broken friends. She was liked by all. The large attendance at the funeral service showed in what esteem our young friend was held. Again on Friday morning Mrs. Anson Charlton was taken away very unexpectedly. Deceased was ill only one week, but suffered much during that time. The funeral was conducted by Rev. A Health Rule of Importance.

Medical doctors are probably unanimous in the opinion that the most important rule of health is that which relates to the regularity of the bowels and would put it something like this, "There should be at least one motion of the bowels every day."
 Parents can inculcate no more valuable rule into the minds of their children, and when difficulty comes in living up to this motto, the use of Dr. Chase's Kidney-Liver Pills should be resorted to.
 By use of this treatment prompt relief is obtained and the whole system of filtration and excretion is set right because of the action of Dr. Chase's Kidney-Liver Pills on the liver and kidneys as well as the stomach.
 The very cause of indigestion, biliousness, headache, liver complaint, kidney disease and backache is removed when Dr. Chase's Kidney-Liver Pills are used, and this is not only thorough but lasting. Dr. Chase's Kidney-Liver Pills, one pill a day, 25 cents a box, at all druggists, or Edmondson, Bates & Co., Toronto.

Destroyed By Fire.
 Strathcona, Sept. 10.—A disastrous fire occurred Friday afternoon, when the manse of James Wilson was burned with the season's crop. A Tompkins was thrashing and fire from the engine started the blaze. Two hopes that could not be got out perished. The wind was blowing a gale at the time, carrying burning brands for miles. Frederick McDonald's turn being in line was burned, with the entire crop; also sixteen hogs, about 200 ready for market. Mr. McDonald was at Mr. Wilson's when his building was destroyed. His father has been a helpless invalid for years, and the house was on fire several times, but help arrived in time to save it. Several buildings in the village were on fire, but by hard work, the people saved them. If the wind had changed in almost any other direction the village would have been swept out of existence. Laura and Flossie Dunlap have returned from a visit to friends in New York. Mrs. Haycock is able to be out once more after her illness. Roy Rook has been quite ill, better at present, but when Weese has had a growth or lump surgically removed from his lip; it is now healing nicely. The paper mill is close at present as pulp cannot be procured.

A Brilliant Wedding.
 Furlin Sept. 5.—Most of the farmers here have finished harvesting and in many cases have threshed out their grain and are busily engaged ploughing. An unusually brilliant home wedding occurred at the home of Mr. and Mrs. Danon Babcock, on September 3rd, when their youngest daughter, Miss Mabel, was united in matrimony to Walter Shibley, a prosperous and popular young farmer residing near here. Promptly at nine o'clock the contracting parties assembled beneath the prettily arranged arch, and Rev. Mr. W. J. Brown, spoke the mystic words, which made the hearts one. The happy couple left on the noon train for Toronto, Niagara and other points. H. Walker and wife, after spending a couple of months in Calgary, have returned home. W. Shillingham spent a couple of days at Parham last week. Roy Walker has leased the saw mill at Odessa and has taken possession. He will be greatly missed in this neighborhood. Mrs. H. R. Martyn, formerly of this place, drove to Cataract, last Tuesday, and were quietly married in afternoon. Mrs. Martyn and bride left for their new home in Watertown. We welcome D. Leman and wife and son to our neighborhood. Mr. J. J. Brown, Portland; H. Medcalf, wife and son, Cleveland, of
