NEW PROFESSOR HAS BEEN SELECTED FOR LATIN CHAIR.

W. B. Anderson, M.A., Comes From Manchester—Benefits of Carnegie Foundation Available For Queen's University.

A meeting of the trustees of Queen's University was held Tuesday afternoon, J. N. Macdonald, Toronto, was elected trustee in place of David McLaren, resigned on account of ill health.

The chancellor informed the trustees that, on the occasion of his recent visit to Skibo Castle, he had been assured by Mr. Carnegie that the benefits of the Carnegie foundation for the advancement of teaching (that is, for providing positions for professors) would be available for Queen's University.

William B. Anderson, M.A., was appointed professor of Latin. Mr. Anderson comes to Queen's with a brilliant record and with very high commendations. Having graduated as M.A. in the University of Aberdeen, with first-class honors in classics, he continued his studies at Glasgow University, where he won a number of university prizes; among others the Brown gold medal for Greek epigram and the Members' prizes for Latin essays, and took two first classes in the classical tripos, with the M.A. degree.

Although only in his twenty-ninth year, Mr. Anderson has had considerable experience in teaching, both in grammar school and university. At present he is senior classical lecturer in Victoria University, Manchester, and where he is very highly spoken of, and where he has been tested by being placed on several occasions in full charge of the Latin department.

He has been a contributor to the *Classical Review*, a recognition of special attainment and qualification on the part of classical scholars, and, at the request of the syndics of the Cambridge University press he is engaged in editing the ninth book of *Livy* for the *Mit Press* series. He has also been engaged in the work of examining and collating MSS. of *Lucan* in Paris and Munich, having received a grant from the Cambridge Fund for this purpose, and he is devising special attention to this author with the design of bringing out a large critical and explanatory edition of his work.

Mr. Anderson is a strong believer in the ethical and intellectual value of a classical training, and seems especially not only of imparting a sound knowledge of the Latin language but also of arousing in his students a real and lasting interest in the literature and life of ancient Rome. To him Queen's receives a valuable accession to her staff.

GRADUATE NURSE MARRIED.

Ceremony Took Place in Cheltenham.

At the manse, in Cheltenham, the wedding took place, on Wednesday morning, of Miss Caroline M. Edmondson, to Thomas James Crowe, formerly of Kingston, now of Toronto. The bride's uncle, Rev. Henry Edmondson, M.A., married them, and the bride's brother, Rev. J. H. Edmondson, Cheltenham, gave her away. Only the immediate relations of both families were present.

The bridal gown was of white silk trimmed with lace, and was very effective and becoming. The bride's small bouquet, Alexander Edmondson, was ring-bearer. Mrs. Crowe's travelling dress was of navy blue canvas cloth, with white hat to match. After the wedding breakfast was partaken of and the happy couple left for Niagara, Buffalo, and other cities west. They will live at 246 Beatrice street, Toronto.

Mrs. Crowe graduated here some years ago from the Kingston General Hospital, and marriage has taken from her the nursing profession a very bright ornament. She will still find use, however, for the attractiveness which helped to make her successful in her calling.

A VALUABLE HORSE.

Belonging to "A." Battery Had to Be Shot.

Yesterday a valuable mare, Aecia, of "A" Battery, was obliged to be shot owing to it having been kicked at night before by another horse at the improvised stables at the old riding school. The animal sustained a severe fracture of the leg and nothing could be possibly done for it. It is another illustration of the ill luck that the R.C.E.A. have had with a few of their horses in not having proper stables for them, where in the stalls they could be kept separate, thus preventing these injuries each other. The other horse that was kicked on the way from Petawawa is recovering rapidly from the wound which it received.

Constipation

You cannot possibly enjoy the best of health if your bowels are constipated. Undigested material, waste product, must be daily removed from the body, or there will be trouble. Constipation means bilious attacks, indigestion, headaches, nausea, dizziness, loss of appetite, thin blood. Ayer's Pills are gently laxative.

Rheumatism is not incurable. Stubborn? Yes! But Dr. Shoop's Rheumatism Remedy will, if faithfully used, drive it out of the system. It's the blood that's at fault. Poisonous crystals like sand get into the joints and muscles. Dr. Shoop's Rheumatism Remedy prevents this. It drives Rheumatism from the blood and then Rheumatism dies. All druggists recommend and sell it.

Ernest Thompson Seton, in his article on "The American Bison or Buffalo," in the *October Stripes*, estimates that there were once sixty million buffalo in this country. All that remains are a smelt herd of wild buffalo in Canada and a few scattered, protected herds in the United States, not exceeding two thousand in all.

A local freeman remarked, to-day, that this season had been the hardest on members of his calling for years. In fact there had been a great scarcity of freemen, as many had been taken sick while at work, and several had died. He called for years. He blamed the fuel for being of an inferior quality, thus causing the intense heat.

BOARD OF WORKS CONSIDER THE ACQUIRING OF THE STONE.

To Be Taken From the Gas Holder Excavation—Would It Pay—Manhole Projections Causing Trouble on the Roads.

The board of works met last evening to consider the proposal to acquire for use on the streets, the stone to be taken from the gas-holder excavation properly. There were present Aldermen Carson, (chairman), Cooper, Gaskin, Bassam and Craig. Alderman Toye, chairman of the light committee was also in attendance.

City Engineer Beckwith presented a detailed report upon the cost of crushing and delivering the stone. At present it costs \$3.90 a ton for crushed stone at the quarry, and \$5.45 a ton for stone delivered to any part of the city. Mr. Toye would like to see the stone delivered for \$3.25 under contract.

Mr. Toye said that the light committee would like to see the stone delivered for \$3.25 under contract. He said that the light committee would like to see the stone delivered for \$3.25 under contract.

To Take In The Races.

A large crowd went down to Brockville, this morning, to take in the races which open there to-day. Several local horses will contest in the different events, and some interesting exhibitions are expected. The races will last for three days.

The Light Committee.

The civic light committee will have a meeting to-morrow afternoon to arrange for the gas holder excavation. The board of the Board of Works regarding the stone to be taken out. No doubt it will go to the highest bidder.

Burglar Jumps Five Years.

At Montreal, John Woods, the gentleman burglar and quite a modern ruffian, was sentenced to five years in the penitentiary for breaking into the house of Mrs. A. Desvarats on Durocher street. Woods is also charged with breaking into a number of other houses.

Could Find No Relatives.

R. J. Bell, undertaker, has received word from Lachine that there is no person residing in that place by the name of Savages, which was the name of the Frenchman drowned in the slip at the Montreal Transportation yards. The body will be interred at St. Mary's cemetery to-day.

Had Good Business.

H. G. Barnes, Collins' Lake, was in the city yesterday on business. He says that the resort with which he is connected had excellent business this year. The fishing has been good and large numbers of American tourists were over. Mr. Barnes says that a number of improvements will be made next year.

At The Court House.

In court house circles things are still very quiet. There will be no court sittings this month. In October 2nd, there will be a county court non-jury sitting. On October 15th the high court session, with Justice Meagher presiding, will open. The Italian arbitration case and another criminal affair are on the docket.

Having A Busy Time.

W. Dempster, David Byron and Frederick Bremner, Gananogue, are spending their two week's vacation in this city. Judging from accounts the members of the funny tribe are daily in danger of their lives, and large catches have been made. The gentleman guests at William Saunders, of the Queen's hotel, Brock street.

Talking Of A Mystery.

"There are certain people in this city," said a business man yesterday, "who certainly are a surprise to me. They never appear to have any regular occupation, but always seem to have good clothes and money to spend. Where they get it is a mystery. One must be suffering and I am afraid that there are a good number of queer things going on in this city that the public in general does not know about."

Once When It Was Warm.

Speaking of the warm weather which has prevailed for the past few days, and which many have considered to have been the warmest yet, a citizen speaking yesterday afternoon, said that this year was held here, on the provincial fair was held here, on the grounds now occupied by the penitentiary farm, that one year, the 23rd, the warmest days recorded, being a great deal more so than any in August.

The Grass Is Very Short.

Rain has never been so badly needed in the country as it is at the present time, and unless some is received shortly there are several articles that there will be a shortage of and consequently a considerable increase in the price of the same. This will particularly apply to butter, as there is practically no pasture for the cows. In some places the grass has been burnt down to nothing but a thick mat, and there is nothing at all for the cattle in the fields.

Defenders Let Off.

James Byron did not wait for the charge against him to be read at the police court, this morning. "I've been before you, your worship, and if you'll only give me another chance you'll be doing me a kind favor. I've my work to go to at noon again." The court looked up the prisoner's record and out of regard for his long time of sobriety, let him off easier than usual. One dollar and costs or ten days the prisoner was allowed to join his vessel which clears at noon today.

A Wolfe Island Wedding.

In the Church of the Sacred Heart at nine o'clock Tuesday morning, the marriage took place of Miss Catherine McGlynn, to Maxim Greenwood, both of the island. Rev. Father T. J. Spratt performed the ceremony. The bride was attired in white silk, with hat to match. Her travelling dress and blue hat. The bridesmaid was her sister, Miss Molly McGlynn, and the groomsmen were Thomas Greenwood, cousin of the groom, a large number of presents were received by the bride, including one hundred dollars in gold from the groom's mother, and a gold watch from her father. After the ceremony, dinner was served to forty guests at the bride's home. Mr. and Mrs. Greenwood left on the steamer Kingston for a trip to Rochester, Toronto and Niagara Falls. They will live in a pretty residence at Marysville.

THE CLOSING LAW CLAIMED IT IS NOT EASILY ENFORCED.

Rather It Cannot Be For The Parties Who Could Do So Have No Inclination—The Case of the Barber's.

The cases against the local barbers which were dismissed yesterday morning at the police court, brings up the old case of "by-law." In writing about the matter a citizen claims that there are dozens on the statute book in the city clerk's office which are not worth the paper they are on. If any attempt is made to enforce them it is only spasmodic and any knowing one interested can easily forestall when the police barometer is going to rise or fall. But even if the by-laws were enforced it is the opinion of a large and ever-increasing number of residents that they cannot be upheld. It is contended that no civic by-law in existence can force a man to close his place of business during the evening at eight or seven o'clock as the case may be unless the desist. But referring more particularly to the barber's early closing by-law. How under it can a conviction, in case like those which appeared on yesterday morning, be expected. To begin with the boss barber is not usually adverse to keeping open when there is business doing, and on the other hand the customer who wants a hair cut or shave can have no kick coming if he arrives at a shop after hours and is fixed up. Who then are the parties most interested? Apparently the journeyman barber. It would seem that the law had been framed mainly in his interest. And who are the persons who are objecting to its non-enforcement if not the journeyman barbers? Again if a conviction is to follow who only can convict unless the journeyman? They object to the by-law being broken, yet the remedy lies in their own hands and they do not use it. And it need not be a police court case either.

GRAND OPERA HOUSE.

Shepherd's Moving Pictures Drew Large Audience.

There was a very large audience at the Grand Opera House last evening to witness the exhibition of A. L. Shepherd's moving pictures. Many of the scenes produced were beautiful conceptions and of artistic merit. The audience were delighted with the pictures. The illustrated pictures were fine and greatly above the average. The light was clean and brilliant and very satisfactory. Kerby Cahill accompanied the illustrated pictures by several beautiful songs, in fine voice and with effective accompaniment. The songs were "The Wholesome Dam Family," "Stolen by the Gypsies," "A Spanish Bull Fight," "An Impractical Journey," "Morrie Willie Kissed the Bride," "Loie Fuller's Electric Dance and Fireworks," "The Antics of Buster Brown," "Coney Island at Night," "Keep the Bright Side Up," "The St. Louis World's Fair," "The Animal Kingdom," and "The Magnificent Views which kept the close attention of the audience. Alfred Levey presided at the piano and played the accompaniments in fine style. There will be a change of pictures and songs to-morrow.

WHITE BEAR MINE.

President Says Prospects Are Very Bright.

Rosland, R. C. Miner, president of the White Bear Mining and smelting company, who is on his way to the coast, called at the Miner office. He states that he went through the White Bear mine yesterday, and is highly satisfied with existing conditions. The present development work is giving splendid results and will be continued for some months to come until such time as the mine has sufficient ore blocked out to begin shipping permanently. It is believed this work will be accomplished by the first of March next. There will be such ore shipped between that time and the 1st of March as must be got out of the mine, necessarily, and there will, necessarily, be some concentrating work carried on also, but the chief work will be open up the ore bodies in the mine. It has been a long and a strong pull, but prospects of success are now very bright indeed. The assays of ore taken from the workings in the mine, yesterday, are most gratifying, as well as the smelter returns on recent shipments.

ZAM-BUK CURES BAD LEG.

Heals Ulcers And Eczema, Too. For bad legs, ulcers, running wounds and eczema, there is nothing to equal Zam-Buk. These diseases are very prevalent and sufferers will be surprised to find how soon Zam-Buk gives relief, even in chronic cases. A. White, of Medicine Hat, Alta., says: "I was in hospital with a bad leg and had an operation, but came out still a sufferer. I then tried Zam-Buk and it healed the wound completely. I wish I had known of it before, and a great deal of money dollars."

J. A. Morden, of Hyde Park Corner, Ont., says: "I tried Zam-Buk for eczema and skin disease, and found it delightfully soothing. My skin soon healed and became smooth from its use."

Scars of similar cases could be quoted. Zam-Buk is made from vegetable essences and extracts, and contains no trace of any mineral poison. It cures cuts, bruises, scalds, abscesses, festering sores, sore feet, ringworm, eruptions and all skin diseases. From all druggists at 50c. a box, or from the Zam-Buk Co., Toronto, upon receipt of price (6 boxes for \$2.50).
