pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending and best wishes.

Miss Margaret Merkle of 275 3d Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—Loss of strength, extreme nervousness, severe shooting pains through the pelvic organs, cramps, bearing-down pains, and an irritable disposition compelled me to seek medical advice. The doctor after making an examination, said that I had a serious female trouble and ulceration, and advised an operation as my only hope. To this I resolutely objected—and I decided to try Lydia E. Pinkham's Vegetable Compound.

"To my surprise the ulceration healed, the bad symptoms disappeared, and I am once more strong, vigorous and well; and I cannot express my thanks for what has done for me."

Serious feminine troubles are steadily on the increase among women—and before submitting to an operation every woman should try Lydia E. Pinkham's Vegetable Compound, and write Mrs. Pinkham, at Lynn, Mass., for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, nervousness, falling and displacement, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and of Lydia E. Pinkham's Vegetable Compound.
