THE SPORT REVIEW

JUNIOR INTERCOLLEGIATE RUGBY SERIES.

Is to Be Formed in Kingston and Toronto Capitals and Teanosahe Won the Lacrosse Match on Saturday.

A meeting of the Canadian Intercollegiate Rugby Union executive was held on Saturday evening at the Hamilton hotel. There were present: Dr. Eberington, of Queen's, president; G. J. Jones, of Ottawa College, second vice-president; A. C. Pratt, McGill, and Cadet Warton, Royal Military College.

The Intercollegiate Union has not yet had a junior series and as there is an incompleteness without one, it was decided to inaugurate this minor series in Kingston and Toronto. It is hoped that next year Ottawa and McGill will join. The drawing up of schedules was left to a Queen's committee, with Dr. Eberington as convener, and to one in Kingston, with A. W. McPherson as convener. The winners of the two series will play off for the championship.

A. H. Beckwith, of McGill, having resigned as secretary-treasurer of the union, A. C. Pratt, of McGill, was appointed in his place.

It was decided that the eligibility of players should be left to a board of referees, composed of one member from each of Toronto, Queen's, Ottawa and McGill Universities, and that the matter should be brought up at the next meeting.

It was also decided that in the event of two teams disagreeing about a referee, the president should submit the names to a committee consisting of the two vice-presidents and the secretary-treasurer.

Intercollege Association.
 At a largely attended meeting of the McGill Association Football Club, it was decided to communicate with Queen's and Toronto University, in regard to forming an Intercollegiate Association Football League. The prospect of seeing such a league formed has been growing steadily brighter during the past few years. If favorable communications are received from the two sister universities, McGill will advance a considerable sum towards getting a cup for competition. As a preliminary to this competition, McGill will, if suitable dates are found, play a home and home game with Queen's and Toronto. There is no doubt but what Queen's will enter heartily into the proposal.

The Golf Te-Day.
 The golfing ladies were over at the links, this afternoon, the matches having begun to-day.

Sporting Notes.
 Philadelphia will likely send a cricket team to England next summer.

Ontario ladies defeated Quebec in the inter-provincial golf match by nine to five.

In the O.P.F.U. senior match at Toronto, Saturday, Peterboro defeated Victoria by 16 to 7.

Toronto News "Chancer" Elliott claims that he is only twenty-seven, but refuses to produce his birth certificate.

Sailor Burke, of New York, defeated Charles St. Clair, the Australian heavyweight, in two rounds, at New York, Friday night.

Miss Thomson, of St. John, N. B., won the Ontario golf championship, beating Miss Phelps of Hamilton, at the twenty-first hole.

Officials are trying to get Ontario hockey players and have offered inducements to a couple of Smith's Falls men, who refused.

Whitford, the Peterboro hockey player, is reported to be going to Toronto to take Griffiths' place on the Manitoba champions' line-up.

Ottawa Citizen: Strange that Toronto which knows so much about hockey, is trying to send to Kingston for a football coach.

Winnipeg Tribune: No wonder Frank Adams squealed when his membership fee to the Ottawa club was returned after having such a difficult time in making ends meet during the dog hockey days.

"Chancer" Elliott has been appointed manager of next year's Ontario ball team, in the Empire State League. He is as yet undecided as to whether he will referee hockey games. The Eastern League is looking for his services and the professionals also want him.

The American League has the only real finish in the big leagues, Chicago Nationals having the pennant clinched long ago. The Chicago Americans look also like pretty sure winners, and the Windy City is wild over the prospect of the meeting of the two local teams in the post-season series for the world's championship.

James P. Stinson, a noted college half-back, and captain of the Syracuse University football team, is confined to a hospital with water service kidneys, resulting from an injury sustained during the Hobart game on Wednesday. His injury will prevent him from appearing against Yale, at New Haven next week (Saturday), and he will probably be incapacitated for several weeks.

In the lacrosse matches on Saturday, Capitals defeated Cornwallis by 7 to 0 in Ottawa. Teanosahe won from Toronto by 6 to 1 at the island. Next Saturday, the same teams again meet, but as the result depends upon the total of both matches, Capitals and Teanosahe are practically winners, and will clash for the championship.

Chicago Record: It is with great concern for the future of the game that we record the first injury of the season. Dines, the giant Yale candidate, is the unfortunate victim. He fell off an apple tree in the vicinity of Denver. Yale will take the matter up at once, and if the facts are as stated, the game may be abolished. The coaches are determined to stamp out brutality, even if they have to cut down all the apple trees in the country.

It pays to buy Red Cross preparations at Gibson's Red Cross drug store. The genuine are sold there because of imitations and imitations.

CITY AND VICINITY.

1,000 Islands—Bochester.

His Collar Bone Broken.
 Michael Kennedy, son of Councilor Kennedy, Portmuth, had his collar bone broken while playing in a game of football on Saturday. He was taken to the Hotel Dieu.

Finishing His Address.
 A. W. Bell, M.A., the White Cross missionary is about concluding his address in the schools. His work is of a delicate character, but he speaks in a way that commends itself to every person. The mission he performs can only be productive of good.

Paid Into Court.
 At Osgoode Hall in the case re Hind and Odell's Association, G. M. Macdonald, K.C., moved for order for leave to put into court certain money and for the discharge of the association. Order made for payment in, subject to further order.

Their Grateful Thanks.
 The members of Catarqui chapter of Daughters of the Empire have presented J. H. Elliott a resolution of most grateful thanks for the illumination of their chapter's name, and the motto, "What is worth doing is worth doing well."

 The manufacture of furs is no experiment with us. We are, as established, the high reputation which we continue to enjoy. It will pay you to get our prices on Persian lamb jackets and ladies fur-lined coats. Campbell Bros., the store of quality.

Believed of \$355.
 Edward Hogan, a stranger who came here from Montreal, early Sunday morning, reported to the police that on the way his pocket was cut open and \$325 in bills extracted. The police could do nothing, and were inclined to doubt the story.

Religious Profession.
 An imposing and impressive ceremony occurred at the Hotel Dieu, Cornwall, on Tuesday, when Sister Kathleen Duffy, of Kingston, with other made profession and the black veil. She had with her at the service, her parents, Mr. and Mrs. William Duffy, and Mr. and Mrs. Hanley.

Waddled on Sunday Evening.
 In the Jewish synagogue, on Sunday evening, Moses T. and Mrs. M. C. Kriestein were united in marriage. The bride wore a dress of crepe de chine and carried pink roses. There was a large assembly of guests. After the ceremony, a sumptuous dinner was served, and then dancing was indulged in.

His Third Accident.
 Lieut.-Col. Mason, V.S., has a very sore arm. The horse broke in the left part of the forearm and near the wrist. His thumb was also sprained. This is the third accident the colonel has had in the service. His horse was broken at one time and bones in his hand were also fractured. He thus knows how to care for injured members.

Ask For Votes.
 A circular letter has been sent to the city teachers, asking for their vote and influence to elect Mr. Harriett Johnston, Toronto, as a member of the advisory council to the minister of education. This council is made up of twelve members, four of whom are to be elected by the public school teachers of Ontario. As the great majority of the teachers in Ontario are women, it is right, the circular states, and a matter of great importance, that women should have a share in this representation.

Kingstonians Abroad.
 Napier's "Leaver": The concert in aid of the public library on Saturday night, October 5th, will be given by Miss Emma T. Irons, dictionist of Toronto, and Miss Beatrice M. Tandy, vocalist of Kingston, with Rev. G. W. McCall, Wellington, as chairman. "The above combination is about perfect."

Express A sacred concert will be held in the Presbyterian church, on Tuesday evening, October 9th. Arthur Craig, baritone vocalist; Miss Shaw, organist; Miss Beatrice Tandy, soprano soloist; of St. Andrew's church, Kingston, and the little Misses Telgman, phenomenal violin soloists of Kingston, will take part.

The Westminster Choir Party.
 The Westminster Abbey choir party remained in Kingston over Sunday, and in the afternoon sang at the service in the pentecostal chapel. In the evening, they gave a concert in the Grand Opera House, into which nearly 3,000 people were packed. Five hundred were turned away. The programme was varied, some sacred and some secular pieces being given. Master Albert Holt, the boy with the sweet soprano voice, was the star attraction. Miss Marie Hooton sang "Kil-larnes" with fine effect, and Mr. Bennett repeated "All Through the Night," a number which delighted Friday evening's audience. The whole programme was delightful.

IN THE CHURCHES

A RALLY DAY IN COOKE'S CHURCH.

The Harvest Service in St. Paul's—Glad to Hear Rev. W. H. Sparling—A Happy Time in Salvation Army.

A bright and inspiring children's service was held in Cooke's church, Sunday morning. The members of the Sabbath school occupied the central pews. The service, which consisted largely of singing and responsive reading, was conducted by the superintendent and entered into heartily. The choir, under the leadership of Mr. Medley, showed the result of careful training, and rendered the anthem with fine effect. The special feature of the service was an address by John McIntyre, K.C., on "The World Looking Into Jesus." With appropriate language and happy illustration the speaker showed the need of looking to the Saviour and the way in which He might be seen and followed. The children listened attentively to the address. The offering amounted to \$111.75, which will be forwarded to the general assembly Sabbath school session.

Yesterday, Rev. Dr. MacTavish entered upon the second year of his pastorate of Cooke's church, and only when evening he took occasion to thank the congregation for all their kindness to him and his during the year. He assured them that he had not shunned to declare the whole counsel of God, and had kept back nothing profitable to them.

At St. Paul's Church.
 Rev. J. H. Bentley, M.A., had charge of both services at St. Paul's yesterday, the occasion being the annual harvest services. The church decorations were fine, consisting of flowers, fruit and grain. The text for the evening was taken from the parable of the tares and the wheat. The ladies sang with the wheat grew the quickest and choiced the good grain. The preacher urged earnestness in respect to the very heavy discrimination between the good and the bad. He was unable to stifle the dishonest merchant for fear of hurting his honest neighbor. It is wrong to endeavor to draw distinctions, even all he said, to the best of one's abilities. In closing he advised that people should not stand off from the church because of the mixture of good and evil. The occasion was marked by a fine rendering of Dr. Haman's Harvest Anthem, the words taken being the 100th Psalm, and Bennett's evening service by the choir.

St. George's Services.
 There were fine services at St. George's cathedral on Sunday, the morning service being particularly good, and the congregation very large. Matins was full choral, sung by Canon Starr, who also sang the Litany. Simper's lit setting to the "Benedictus" was sung with much spirit by the choir. At evening service Canon Starr read the appeal of the bishops for more candidates for the ministry. It is strongly worded, urging parents to point out the great need of priests, and their boys rather than criticizing those who hold that office. The many compensations of the ministry should be set over against "its hardships, and the influence of the joys-dread on."

A Fine Effort.
 At the offertory at high mass in St. Mary's cathedral yesterday, Miss Staley rendered an Ave Maria in a pleasing manner. It was a fine effort.

Glad To Hear Him.
 Rev. W. H. Sparling, B.A., was heard with much pleasure in Queen Street Methodist church after quite a lengthy absence. His sermons were long and full of life.

Church Notes.
 Children's service was held in Chalmers church yesterday morning, and was conducted by Rev. Dr. MacGillivray.

Queen street church will have a rally day and harvest festival next Sunday, with a spirited Sunday school service in the afternoon.

At St. Andrew's church on Sunday morning, Master Albert Holt, of the Westminster Abbey choir party, sang with beautiful effect "Confite Te My People," from the Messiah. Miss Wilson Telgman, of this city, played "The Angels' Lullaby" (De Sive), as violin solo.

QUEEN'S COLLEGE PICNIC
 Interesting Gathering of Savants in Far West.

Robert Potter, spending the summer on the construction work of the Grand Trunk Pacific at Lemberg, Kingston, to complete his course in the school of mining. Mr. Potter refers to a very interesting event which took place on September 27th, at Saltreuil, Saskatchewan. Rev. Harry Fair, minister of the Presbyterian church, a Queen's picnic was held, and a large number of students and graduates of the Kingston college, ladies and gentlemen, representing teachers, preachers and physicians from a radius of fifty miles gathered to celebrate. A pleasant day was spent in games and water sports. In the afternoon a large number were held in which Queen's and the town club were the principals. The Rev. Messrs. Fair and Henderson won the doubles in honor of Queen's.

A WARM SUBJECT

There's nothing in the world we're so much interested in as Coal at this time of the year. It may sound queer to speak of coal buying and selling as a science, but that's what we've made it. Two important discoveries we have made are that complete satisfaction to our customers pays best, and that the way to win business is to deserve it.
