"I suffered from pain and stiffness in the back. Sharp pains would catch me unexpectedly, which were sometimes so severe as to produce fainting spells. Rheumatism followed, and the sharp pains were so severe that I had to take to the bed for several months. I started to take Gin Pills, and in five days I was up and around the house. My pains are gone now, and I have not had a return of the old trouble since. And Gin Pills gave me the first painless passage of urine I have had in two years.
