## FIELD DAY AT R.M.C.

### THE SILVER BUGLE WON BY CADET ADAMS.

No Records Were Broken—Queen's Representatives Won the Four Open Events—Some of the Features.

The annual field day was celebrated at Royal Military College yesterday. Some preliminary preliminaries were run off on Wednesday afternoon, but all the important events took place yesterday. A large number from the city went over to cheer their favorites. The day was everything that could be desired for racing, a gentle breeze from the south-west fanning the field. The events were all well contested, the open races causing the most excitement. Queen's track club had representatives in every open race and in each case carried off both first and second prizes. This speaks well for the university men as the cadets get through outside exercises keep them in training most of the time.

The first event, kicking the football, was won by Tremaine, Hilliard, who was 146 feet 8 inches.

The hop-step-and-jump was won by Adams, his best try being 38 feet 6 inches. Danvers was a close second.

The preliminary tug-of-war resulted in victories for "D" and "E" companies, the final being won by the representatives of "E" company.

Putting the shot was won by Cowley and Taylor.

The half mile run was the second open event run off. Again Queen's showed up best, Paul and Craig winning from a big field of cadets by a comfortable distance.

The three-legged race was the best event of the afternoon and was won by Bell-Irving and Taylor first; McKennie and Watts second.

The next event was the race for the servants' children and was won by A. Ansen with Shea a close second.

The hurdle race, 120 yards, was run off in sections. Hutton first, Adams second.

The quarter mile was won by Warren, and Buraham. The time was not so good as that made a year ago.

The bicycle obstacle race caused lots of amusement to the spectators, but the competitors found it very hard work. There were six obstacles, each a little more difficult than the one before it. The course was over a space of about an eighth of a mile. The preliminary wheels were constantly being disabled, Cowley took first with the second.

The high jump was won by Queen's. When 4 feet 10 inches was reached the cadets were all down and out leaving Aikens and Poak to fight for first. Poak did not try again and Aikens easily cleared it. He did not jump again, but can easily clear 5 inches higher.

The 200 yards dash was the last open race. It also went to the Queen's team. K. Williams won by a good margin with Foster second.

The tug-of-war was won by "D" company. They received as a prize a box of ten cigars.

The mile relay race went to "C" company. This is a very hard race and depends on every starter getting off well and getting the handkerchief back to its own representative as soon as possible. Hilliard was first; Hutton, second, and Adams, third.

The event of the afternoon was the obstacle race for the recruits, to limber them up. They were required to dash through the marsh, at the north of the buildings; next they climbed a tree, crawling through brush and over a "V" shaped obstacle, carried a heavy water barrel. Next they were required to scale ropes, pass through a net of wire under a canvas pinned tight to the ground, and covered with grease and finally through wire cages where it was necessary for each competitor to fight his way out. This race was by far the most strenuous of all the events and reflects much honor on recruit Lawrence, who, after leading over the entire course, won out handsily.

The silver bugle, the college championship trophy, was won by Cadet Adams, of the second class, who comes from Rothesay, N.B. The day's manner and though no records were broken, they were voted a huge success by everyone present.

**Collegiate Teams To Play.**  
Tomorrow morning the Collegiate Institute football team will meet the representatives of the Brockville high school at the Athletic grounds. The locals will line up as follows: Nicholson; Hunter, Elliott (Capt.), Hafner; halves: Horsey, snap: Grimshaw; quarter: Cudell, Byles, Calvin, Reid, Haslett, Wright, wing.

**Already An Amateur.**  
The Toronto Telegram gives out the information that "Wicky" Wilson is applying for re-instatement into amateur ranks, and writes feelingly of his illustrious career on the rugby field. However, the wisecracker of the Telegram is a bit out of gear. He surely must know, as "Wicky" Wilson was re-instated into amateur ranks several years ago, but has not played rugby since. However, he is quite eligible to play, if he wants to. The Kingston player who

re-claims himself is "Dick" Wilson, who was with the "Pittsburg outfit" for a year, but who is now in Kingston in the insurance business. "Dick" did not need to play hockey for money, but was young at the time and yearned for far-away ice fields and arenas. In view of that there is no reason why he should not be given amateur standing again.

**Limestone Elect Officers.**  
At the meeting of the Limestone Football Club, last night, Charles Mosley was unanimously elected captain. The team to meet Brockville tomorrow, will line up as follows: Full back, Laird; halves, Macklin, Betts, Mosley; quarter, R. Crawford; snap, Revell. The wings will be picked from the following: Birch, Roberts, Crozier, Bennett, Davies, Coe, Crisp, Mooney, Suddard and McDermott. It is noticeable how many old hands are in the game again this year. The boys have been playing together and are in fine shape. They should have no trouble in defeating Brockville tomorrow.

## BOARD OF WORKS

**After a Committee Which is Selling Stone.**  
The board of works met at eight o'clock, last evening. Alda Carson (chairman), Gaskin, Couper, Rigney and G. Macgillivray were present. Alda Carson reported that the gas department was selling the stone taken from excavations to the Locomotive Works, and should be stopped, as the board of works required all the stone that could be got. The excavations did not belong to the light committee, but to the works department. The engineer said he had drawn attention to the matter before. The board instructed him to write to the light committee, and demand that no more of the stone be sold.

**Some routine business was transacted, chiefly with reference to the building of a few crossings.**

## GATHERED ON THURSDAY.

**The Report of the W.C.T.U. Meeting.**  
The usual monthly meeting of the W.C.T.U. was held Tuesday afternoon at the W.C.A. hall, with an average attendance of 100. The president, occupied the chair. Several important items of business were transacted, notably the appointment of substitutes of departments; Mrs. MacCallum read a report of her evangelistic work with Mrs. Gardner and Mrs. Wright as assistants; Mrs. Briden, lumbermen's work; Mrs. McKennie, Mrs. Lyon, juvenile work; Miss Hattie Clark, the fruit and delicacy department. Mrs. R. E. Sparks was chosen as delegate to attend the annual convention to be held in London, Ont., from November 13th to 16th. Mrs. Beall gave a brief, but comprehensive report of the progress of her work in the city, and its environs. Mrs. MacCallum read several interesting extracts from a stirring address given by Mrs. Coulin Rounds, at Buckingham, Que., on the occasion of the annual county convention, which are worthy of note.

**Wedding Guests Save House.**  
The celebration of a marriage at the home of J. Herbison, a June-Canton farmer, whose daughter was being wedded, was rudely disturbed by a fire breaking out in the barns of the premises. The blaze had secured a good start before being noticed, and was fast spreading to the house, which was saved by the strenuous efforts of the guests, who worked manfully in their wedding togs. The barns and contents are a total loss, a valuable team of horses perished in the flames.

## GRAND OPERA HOUSE

### THE PRODUCTION OF "RED FEATHER."

The Company Was Strong-Leading Lady Has a Rich Voice—A Large Audience Witnessed the Production.

"Red Feather" at the Grand Opera House last evening, attracted a large audience. This is the comic opera in which Miss Grace Van Studford made a great hit. Her successor is Cherrida Simpson, who is not the equal of the original "Red Feather." Forced comparisons are often unfortunate. Miss Simpson has a beautiful soprano voice, but did not do the acting part of the role as Miss Van Studford did. Her rendition of "The Garden of Dreams" was the queen of the performance. Benjamin G. Macgillivray, in his role of the song "The Prince of Good Fellows," made a decided hit, with his fine baritone voice. The three comedians, W. J. McCarthy, as "Haron Bulver Strauss," Richard King as "Col. Maparick," and W. H. Powers as "Bagstock Boyer," are artists. In one make-up, the former looked like an ex-elderman of this city, and the latter resembled a local clergyman, besides having the "Sunny Jim" appearance of "The Humorous Ghost" by Richard King, was finely rendered, and the electrical effects were weird. Nela Lasalle played the role of "Miss Filina" in a most taking manner, and won admiration in her song "The Little Milliner" and by her clever dancing. The dancing of the comedians was also a feature. The production was splendidly staged and the costumes were rich. The chorus was strong and tuneful, and with an augmented orchestra, the chorus effects were grand.

## TELL WHAT YOU KNOW.

The Whig is desirous of securing as much of the early history of Frontenac and Kingston as possible, and can only depend on the statements of persons advanced in years. It would like to secure the names of persons over seventy years of age, and the features of their lives. By this means a much better history than would otherwise be lost, will be preserved for future generations. Historical events and interesting personal items might either be written up by persons themselves or be editorially revised in the Whig office. A good response to this appeal is looked for, as our city and country are replete with romantic interest.

## A STERLING INVESTMENT

**Business Chances Which Bring 100 Cents on the Dollar.**  
In the past few years the commercial world has had practical demonstration of the good judgment of business men who buy high-class goods. It is a good response to a merchant who sold his stock at 100 cents on the dollar, and the chief reason the buyers ascribed for paying the price was that the seller had the Slater Shoe Agency. A franchise for the exclusive handling of the Slater Shoe is a valuable asset. The Slater Shoe stock usually brings a premium, and would have done so in this case, but for the fact that other goods of shrunken value were in the stock.

**A Change Of Business.**  
Joseph Franklin, who went to Winnipeg some years ago, and opened up a four and ten cent store, has sold out and with his son has gone into the grain commission business in the western city.

**Paint For City Buildings.**  
The police station renovation is to be completed by the painting of the wood work. The kalsomine of the walls made the job for the place look so shabby that Ald. Angrove's committee decided to spend twelve dollars more and have the peeler's quarters look real decent. It is also likely that the property committee will have the front doors and corridors of the city buildings painted, as they have remained in their present disgraceful condition long enough.

**Thrown From Salvage Wagon.**  
Capt. John Taylor, of the Salvage Corps, Montreal, was badly injured by being thrown from the salvage wagon while responding to a fire alarm. The wheel of the wagon struck the ear tracks, which are above the roadway at the crossing, and Captain Taylor was thrown to the street. When picked up it was found that he was badly injured. His leg and side were injured, and his face was cut. The injured fireman had to be sent to his home in a cab. Capt. Taylor is a former Kingstonian and visited here in August.

**Liked The Location.**  
W. J. Savage, painter, has returned from a trip to Petawawa. He went out to look over the buildings prior to putting in the light committee. He is much impressed with the grandeur of the location chosen for a permanent artillery camp.

**The City's Taxes.**  
Between \$10,000 and \$11,000 taxes for this year remain unpaid, or a little over six per cent. of the total. Tax collector Bartels is now sending out second notices to delinquents. He is trying to secure the rolls ready for return at the first of the year.

**To Rear A Cement Block.**  
Armstrong Bros. intends to rear a two-story cement block on Montreal street to take a three months' course at the military college.

**Making A Record.**  
The last of the teachers' grade meetings will take place this evening. Some 263 new pupils have been enrolled during the past month. Numbers of the children are from England. This figure is a record breaker in the history of the schools.

**Elected To Office.**  
Mrs. R. E. Sparks has been re-elected recording secretary of the Woman's Missionary Society of the Montreal Methodist church, and also an alternate to the general board. Mrs. R. Stillwell, Cataragi, was elected organizer for Kingston district.

**To Pay The Assessment.**  
The owners of the flat occupied by the board of education are asking for an advance of \$20 per year in rent owing to the assessment of the property under new regulations. It will be agreed to by the property committee.

**At The Police Court.**  
One drunk appeared before the police magistrate this morning, and was fined three dollars and costs or twenty days in jail for his spree. As he had only thirty-five cents in his possession, he ordered breakfast and a plug of tobacco, and decided to re-appear for the next three weeks in Castle Cobbett.

**Gifts For A Teacher.**  
On Friday evening, September 28th, the people of school section 12, Richmond, surprised Miss Myrtle Husbert, by presenting her with a beautiful toilet set of six pieces in silver, some case, also a tall china vase, with bronze base and top, accompanied by an address expressing regret at her retirement, and wishing her efficiency and good qualities.
