ACTUARY OF SUN LIFE ON THE STAND.

Put Through Severe Examination at Session of the Insurance Commission in Regard to Methods of the Company.

Montreal, Oct. 16.-B. Macaulay secretary and actuary of the Sun Life, put through a severe examination at sion to-day with regard to the methods of the company, in writing up and writing down securities in their annual profit and loss on investments statement, and returns to the government. The dominion counsel, Mr. Shepley, took up with the witness the statement of securities bought and sold between the years 1899 and 1903. There had been no interest on these properties that held by the company for business purposes. The witness defended these transactions on the ground that they were done commonly by business companies. Mr. Macaulay stated to the commission that the Sun Life did not keep a regular cash book but a sort of journal instead, in which other items than cash were also entered. Commissioner Kent criticised this system strongly, on the ground that it was unbusiness-like, and Mr. Shepley said that it made going through the books very difficult and misleading.

Caught A Porker.

Considerable amusement was caused, on Ontario street, this afternoon, by half-grown porker escaping from Norris' hotel yard, and racing along Ontario street towards the police station. A hue and cry was raised and soon John Burns, of the fire department, headed the pursuers. The pig ran in a lane and through several back yards until finally captured by Fireman Burns, who returned from the chase very much out of breath, but otherwise in the best of humor. The pig was returned to its rightful own-
