Very Severe.

## MANY WERE KILLED

## THE BANANA CROP SAID TO BE DESTROYED.

## 150 Tobacco Barns Destroyed— Haycock in Shipping Interest— Dutch Steamer Lost—The Damage Has Reached \$2,000,000.

Havana, Oct. 29.—A cyclone of im-  
precedented severity, accompanied by a  
terrible downpour of rain, swept  
over the province of Havana and  
Pinar del Rio, on Wednesday night,  
and resulted in twenty deaths in this  
city, and the serious injury of a dozen  
or more persons, and property dam-  
age estimated at \$2,000,000. The dead  
are all Cubans of the poorer class.  
The storm caused havoc and confusion  
among the shipping interest. Many  
buildings were badly damaged, and  
nearly all the trees in the city and  
suburbs were uprooted.  
One hundred and fifty tobacco barns  
in the Matanzas district have been de-  
stroyed. The recently planted tobacco  
crop has been seriously damaged, and  
damage is reported from Guira, sec-  
tion. The centre of the banana crop-  
ping industry, the crop is said to have  
been practically destroyed.

## Dutch Steamer Lost.

San Juan, Porto Rico, Oct. 20.—The  
Dutch steamer "Vesuvius," from  
La Guaira, Venezuela, for New  
York, arrived here, yesterday, forty-  
eight hours late, having been delayed  
by the cyclone. Her captain reports  
that a Dutch steamer "Cura" was lost  
in the cyclone between Curaao and La  
Guaira.

## LENIENT TO POACHERS.

## Canada Treated U.S. Fishermen With Great Consideration.

Washington, Oct. 19.—The contro-  
versy which has been waged between  
the American and Canadian light fish-  
ermen for the past twenty years has  
been placed in a different light by a  
report made to the state department  
by Capt. E. C. Chayer, commanding  
the United States revenue cutter Mor-  
rill on the great lakes. The report  
shows that the American fishermen  
have been transgressors, and that they  
have been treated with the greatest  
consideration by the Canadian fishing  
patrol.

Under date of October 12th, he re-  
ports from Erie that he started from  
that port on the 5th instant on the  
Morrill, accompanied by Captain  
Dunn and the Canadian cruiser Vigil-  
ant to place the buoys. He found  
that there could be no question of  
differences in charts, because the Cana-  
dian vessel was using the American  
hydrographic charts, while his log  
exactly corresponded, and in the  
course of several days buoys were  
placed at intervals of five miles.

Then Captain Chayer states that the  
American fishermen crossed the bound-  
ary for the reason that there are com-  
paratively few fish south of the line,  
and they are bound to follow the fish.  
He says that Captain Dunn, contrary  
to report, has been lenient towards  
these fishermen, always giving them  
the benefit of any doubt as to loca-  
tion, and for the past ten years, he  
has observed the international bound-  
ary as indicated on United States  
charts. No Canadian fishermen poach  
on the American side, while his log  
for the same reason. The fish are in  
Canadian waters.

Captain Chayer says these tempo-  
rary buoys will be swept away by the  
ice next winter, and should be re-  
placed by permanent buoys, lighted  
at night, so as not to endanger naviga-  
tion.

## To Enter British Politics.

Newcastle, N.B., Oct. 20.—John Mc-  
Kane, the Miramichi multi-millionaire,  
a native of Scotland, is to enter the  
arena of British politics. Friends in  
his native constituency are pressing  
him for the nomination in the con-  
servative interests for the seat now  
held by the Right Hon. Sir Henry  
Campbell-Bannerman, premier of Great  
Britain, who may be raised to a peer-  
age. Accompanied by his wife, Mr.  
McKane left last week for Ottawa en  
route for Scotland.

## The Zionist Commission.

London, Oct. 19.—Lord Rothschild,  
Oscar S. Straus, Herr James Simon,  
Dr. Paul Nathan and Prof. Mapples  
stamped the geographical commission  
of the International Council of the  
Jewish Territorial Organization, com-  
menced their work, today. It is un-  
derstood that a large tract of equa-  
torial Northern Africa will be acquir-  
ed for Jewish settlements.

### PITH OF THE NEWS.

## The Very Latest Culled From All Over The World.

John Shannon, bridge builder, Ty-  
endinaga, was drowned at Three Riv-  
ers, N.S.

A mother and her ten-year-old son  
were drowned by the sinking of a  
canal boat at Geneva, N.Y.

The steamer White Star, of Corn-  
wall, had been sold to the St. Law-  
rence (Canadian) Navigation com-  
pany.

Hon. Dr. Regeuse has decided to  
allow commercial and sporting fishing  
in the Bay of St. Lawrence for the remain-  
der of the year only.

The Eastern timber limits, on the  
river Portneuf, Quebec, have been pur-  
chased by a number of dealers, for  
half a million dollars.

## CALL FOR NOV. 22nd.

Ottawa, Oct. 20.—It is  
almost certain that Parla-  
ment will be summoned  
for November 22nd.

## NO GROUND FOR STORY.

## That Express Parcels Are Delayed at Windsor.

Windsor, Ont., Oct. 20.—Customs of-  
ficials here say there is no ground for  
the story sent out from Washington  
to the effect that express parcels ship-  
ped into the dominion by United  
States manufacturers are subject to  
long delay because of a large cargo  
being imported into the country by express  
from the city of the express company and  
the customs officials to notify  
the parties to whom they are sent,  
said Dr. Smith, collector of custom-  
s. If there are delays, the express com-  
panies are responsible.

## A GAMBLING LAW

## Passed in New South Wales Now Operating.

London, Oct. 20.—The New South  
Wales gambling suppression law has  
been passed, and is now in operation.  
The Victorian house of assembly, yester-  
day, ratified the several clauses of  
the bill, after deleting the exception  
of the parties to whom they are sent,  
said Dr. Smith, collector of custom-  
s. If there are delays, the express com-  
panies are responsible.

## AN EVAPORATOR BURNED

## At Napanea Entailing a Loss of \$4,000.

Napanea, Oct. 20.—This morning  
the evaporator owned by Collier Bros.,  
of this place, was completely destroyed  
by fire. The fire started in the drying  
room of the evaporator. A small  
dwelling house near was also com-  
pletely destroyed. About four thousand  
dollars worth of apples was lost.  
A thousand dollars' insurance was on  
the building, but the contents were  
not insured.

## THE DREADNAUGHT SUCCESS

## Makes Admiralty Order Three Vessels Like Her.

London, Oct. 20.—The success of  
the trial of the British battleship,  
Dreadnaught, has led the admiralty to  
order the construction, with-  
out delay of three other such vessels.  
One is to be built at Portsmouth,  
one at Devonport, and one at a pri-  
vate dockyard.

## Manitoba's Carnival Of Crime.

Winnipeg, Oct. 20.—There has been  
a regular carnival of crime in Mani-  
toba lately. At the assizes in Winni-  
peg, charges of murder will be placed  
against nearly a dozen men, and  
charges of a like nature will be laid  
in Brandon, Portage la Prairie, and  
Morden. It is estimated that about  
seventy indictments will be presented  
to the grand jury at the sittings  
which open here next Tuesday, all of  
which are of a most serious charac-  
ter, the gravest offences being against  
Galician and other foreign immi-  
grants from the north end of Winni-  
peg.

## Copper Is Scarce

London, Oct. 20.—With a view to  
meeting the growing scarcity of cop-  
per, to which the recent rise in price  
is ascribed, several old workings in  
England, Wales and Ireland have been  
re-started. Many new shafts have  
been sunk in Cornwall, where it is  
also claimed satisfactory yields are  
being obtained from the coarse sea  
sand.

## A Murderer Captured.

Vancouver, B.C., Oct. 20.—James  
Dale, the hotelkeeper of Carni, B.C.,  
who shot and killed two men and  
wounded a third, was captured, ces-  
santly at Greenwood, David Smith,  
the third victim, is believed to be  
dying. Dale says he was intoxicated  
when the shooting took place.

## SWEPT CLEAN

## 250 Drowned By Wave On Elliott's Key.

## A STEAMER CRUSHED AGAINST THE ISLAND AND TWENTY-FIVE DROWNED.

## Fifty From a Moored Barge Drowned—The Wave Engulfed —No Sign of Florida Fishing Fleet—A Great Calamity.

Miami, Fla., Oct. 20.—Elliott's Key,  
an island twenty-five miles south of  
Key West, was swept clean by the waves  
thrown up by Thursday's cyclone, and  
250 people were drowned.

The steamship St. Lucia was crushed  
against the island and twenty-five of  
her passengers were killed. A barge,  
which was lying alongside a wharf of  
the Key, was torn from its moorings,  
and fifty of the 100 persons on board  
were drowned.

A steamship reached here, last  
night, with sixty wounded among  
them, Capt. Bravo, of the St. Lucia,  
who brings the information. The cap-  
tain is badly hurt.

Capt. Bravo says he anchored on  
the lee side of Elliott's Key, on Thurs-  
day morning, and again after the small  
waves engulfed the island. It is be-  
lieved now that a portion of the  
Florida Fish and Produce company's  
fleet was destroyed, and Manager  
Adams sent out a boat, yesterday  
morning, to look for the men and  
their boats. On its return the boat  
reported no signs of the fleet.

## CHEESE PRICES VICISSITUDS.

## Daily Quotations Said to Be Be- low Real Market Value.

Montreal, Oct. 20.—The general tone  
of the English cheese market is un-  
changed from last week, and on the  
open market there is no encourage-  
ment for a higher price of values  
than that which is in force to-day.  
Western cheese of finest qual-  
ity is supposed to be worth from 13c.  
to 13 1/2c per pound here, but some  
of the country boards are small  
holders, who lack confidence, or are  
unable to carry a stock, that are  
trying to sell at those figures. The  
lack of country boards is small  
from 12c. to 12 1/2c. for the grade of  
cheese in question, and, as a rule, it  
is being taken up by a few operators.

This class of country boards are  
here, and as the country boards are  
lower to-day than they have been for  
some time, it is very improbable that  
buyers would be anxious to sell  
them. The country boards are  
taken into consideration that a great  
deal of business is worked between  
local and British boards, and that the  
continental market prices are not the  
ones at which the transactions are  
made.

The trade in butter is purely of a  
local and domestic nature, owing to  
the lack of country butterish im-  
porters, who are unwilling to pay the  
prices asked for the Canadian prod-  
uce. Prices range from 23c. to 24c.

## NEGRO BLOOD.

## Knights of Pythias Have a Nice Point to Decide.

New Orleans, Oct. 20.—The supreme  
tribunal of the Knights of Pythias, has  
handed down a decision annulling the  
action of Grand Chancellor W. C.  
Hansell, of Massachusetts, in direct-  
ing the expulsion of a member from  
the lodge at Worcester, Mass., on  
the charge of having negro blood in  
his veins. The case was remanded for  
trial on its merits in the grand lodge  
of Massachusetts.

## Anglican Clergyman Dead.

Halifax, N.S., Oct. 20.—Reg. Clern-  
ment Richardson, aged seventy-six  
years, died yesterday. He was a na-  
tive of Ireland, a master of arts in  
Trinity College, and was in parish  
in the active Church of England min-  
istry for sixteen years. He retired  
four years ago on superannuation.

## Electric Railway-Transfer.

Windsor, Ont., Oct. 20.—The deal for  
the transfer of the Windsor and To-  
ronto electric railway to the Detroit  
Edison railway is announced to have  
been completed, and it is said the  
work will now be pushed forward to  
have cars running by Christmas if  
possible.

## A Petition For Clemency.

Carlton Place, Oct. 20.—A petition  
praying for leniency towards George  
Broford, accused of causing the  
death of John Beadley, while the  
two were in a drunken brawl, is being  
largely signed in and around Car-  
lton Place.

The notion that tea is injurious to  
persons of weak nerves is a false idea,  
as has been proven by the eminent  
scientist, Jonathan Hutchinson. Tea  
is in reality a nerve nutrient and is  
extremely beneficial to weak nerves,  
especially when you use pure tea direct  
from the gardens packed in sealed  
lead packages, such as "Palada" tea,  
which receives the highest award and  
gold medal at the St. Louis expo-  
sition in 1904.

### POISON AT FEAST.

## Sad Ending of Oneida Wedding Anniversary.

Hamilton, Oct. 20.—Mr. and Mrs.  
Hector Foster, old and highly respect-  
ed residents of Oneida township, were  
celebrating their silver wedding, and  
had made great preparations. Kinety  
guests were invited. Chickens dressed  
with gelatine and boiled in large  
copper pots were served, and not  
long afterwards eighty-five of the  
guests were ill. Those who had par-  
taken of the dressing were ill and the  
other five who had not were untouch-  
ed.

At first it was thought to be an  
epidemic of typhoid fever until Dr.  
Law and Morrow diagnosed it as  
ptomaine poisoning. Mrs. Ferguson  
died shortly afterwards as the result  
of eating dressing, while Mr. Mr.  
Ferguson, her husband, is critically  
ill. Mrs. Foster, mother of Hector Fos-  
ter, is also dead. Hector Foster, his  
wife and two children are critically  
ill, but all the other guests are slowly  
recovering.

## RUMOR OF CORY'S ARREST

## Has Not Materialized—Is Going To Toronto.

Ottawa, Oct. 20.—The rumor that J.  
A. Cory, the contractor, is to be ar-  
rested in connection with the London  
election case in which he is wanted as a  
witness, has not materialized, as a  
fact. He is here yet. Mr. Cory is au-  
thority for the statement that he is  
going to Toronto, on Sunday night,  
to be on hand when the court opens  
on Monday. He is apparently not  
worrying to any extent. Mr. Cory  
has been an active conservative work-  
er all his life, and is said to have con-  
tributed to the campaign funds at the  
last general election. He supported  
Mr. Hyma. It was probably his first  
work for the liberal party. The gov-  
ernment is a tenant of his in a sky-  
scraper adjoining the Central station,  
the Transcontinental railway commis-  
sioners, Georgian Bay canal survey  
commission, and other officers being  
housed there.

## Land Lord Dead.

Bloomington, Ill., Oct. 20.—The  
death of Lord William, Scull, in Lon-  
don, England, is announced. He held  
46,000 acres of land in Illinois, 60,000  
in Nebraska, 50,000 in Kansas, and  
40,000 in Missouri. He owned a house  
in Washington, city, and had lately  
become naturalized.

## Twins Joined And Alive.

Wheeling, W.Va., Oct. 20.—Twins,  
which seem to have a separate men-  
tality, for when one cries the other  
laughs, and are individualistic in  
every way, but are fastened together  
at the back, were born to Mrs.  
George Cullon, of Roundhill.

## Town Disfranchised.

Hyden, Ky., Oct. 20.—Every voter in  
the town of Hyden has been disfran-  
chised because nobody thought to  
open the registration books on the  
day named by the state legislature.
