French Professor Discredits All
Other Cancer Cures.
Paris, Oct. 20.—Prof. Monprofit, of the
School of Surgery at Angers, who has
just returned from the international
conference on cancer at Heidelberg,
says that cancer is undoubtedly
curable by surgical operation if
taken in time. No serum has yet
been discovered that will cure
"and, I find," he says, "that the Ger-
mans are not further advanced in this
respect than we are in France."

Cole Lake Notes.

Cole Lake, Oct. 20.—George Ken-
nedy has returned from the west. Two
soldiers visited Hinchinbrook a few
days ago, purpose unknown. Silas
Martin had a party at his home, fol-
lowed by a party at night, which was
a great success. Dancing and other
amusements were indulged in. The
music was furnished by the Cole Lake
orchestra, viz., A. Harten, J. Martin,
and T. Shellington. Raymond Ken-
edy's new house is nearing completion.
Thomas J. Kennedy is getting his
house plastered. Mrs. George But-
terill has returned home after visiting
her daughter, Mrs. John Manders, of
Malvern. The Nation platform is be-
ing lowered, which will make it much
more convenient for people taking the
train here. Miss Carrie McDonald, Bar-
ham, and Miss Edith Giles, Bedford,
are the guests of Miss Lizzy Can-
bell. Mr. Goodwin, Wagerville, spent
Sunday at A. Harten's. James Mc-
Mahon visited Tichborne last week.
Miss Edna McMahon is at home for a
few days. Miss Taylor is visiting her
parents at Sydenham.

Here's A Rubber Man.

New York, Oct. 20.—A plumber's as-
sistant, William Bushell, nineteen
years old, fell down from the seventh
floor of the Hotel Seville, only re-
ceived a bruise on his head and
walked to Bellevue hospital to have it
treated. "I enjoyed that fall very
much," said Bushell. "When I first
felt myself going it frightened me, but
then came a feeling of delight. I was
dunk with exquisite pleasure. I re-
ceived a shock when I struck the con-
crete flooring in the basement, but it
was not serious."

Find In Wolf's Den.

Memoriam, Mich., Oct. 20.—After
being lost for two days, four-year-old
Margaret Schelzko, daughter of a
wealthy farmer, was found unharmed
in a wolf's den playing with a litter
of wolf pups. She seemed perfectly
collected and scolded her rescuers for
scaring away the "nice little doggies."
She said she had not been cold or
hungry, as she had picked up some
nuts.

GREAT AGITATION

In Japan Over the Attitude of the United States.

Tokio, Oct. 22.—All the newspapers
have devoted leading editorial articles
to the subject of anti-Japanese senti-
ment in the United States. The ex-
citement has been growing for the
last three days, centres upon the
exclusion of Japanese children from
the public schools of California, John
D. Rockefeller's utterances on Japan's
commercial treaty, and Congress-
man Kahn's bellicose threats coupled
with the declaration that Japan is
unprepared for a fight.

"I would like hard to overestimate
the gravity of the situation. During
his nineteen years' residence in this
country a correspondent has never
seen the Japanese press so agitated
against foreigners as it is to-day."

SOME DUAL TROUBLES.

The Marboroughs Will Probably Separate.

London, Oct. 22.—The disarrange-
ment between the Duke and Duchess
of Marborough, to-day, reached a critical
stage, and now all hope of a re-
conciliation has given up. One of
the London evening papers, "even-
ing" goes so far to say, without men-
tioning names, that the duke and duchess
have entered formally into a mutual
agreement for separation.

Awful Asylum Conditions.

Havana, Oct. 22.—Gov. Magoon
visited the National insane asylum
yesterday and discovered a deplorable
state of affairs there. One thousand
six hundred and sixty persons of both
sexes are crowded into fifty and de-
lapidated buildings with a capacity for
400 persons only. They are sleeping on
broken cots, relics of the last Amer-
ican occupation. Congress made an
appropriation to enlarge the asylum,
but the money was never expended.
The conditions are very little better
than under Spanish control. Governor
Magoon will take instant steps to
erect additional buildings and remedy
the abuses.

Two Industries Merged.

Smith's Falls, Oct. 22.—The most
important commercial transaction
that has been put through in Smith's
Falls in a long time was the purchase
during the last few days of the Bi-
doux Malleable and Foundry Company
by the Smith's Falls Malleable Cast-
ing company, which is the head. The
two concerns will be amalgamated.

An Indian Drowned.

Cornwall, Oct. 22.—A Cornwall In-
dian named Peter Mitchell, about fifty
years of age, was drowned at Mas-
sena Point. He had taken some parties
from the Point to Cornwall, and re-
turned with others. He had been
drinking, and, leaving the Point
again fell off of his boat. The body
was recovered.

Motors Won't Do.

St. John, N.B., Oct. 22.—G. R.
Joughins, mechanical superintendent of
the I. C. R., who was sent to
Paris by the Canadian government,
cutting off motor cars for use on the
I. C. R., returned home yesterday. He
reports finding no motor cars suit-
able for the intercolonial.

Yellow Fever Zone In Cuba.

Havana, Oct. 22.—Governor Magoon
has declared the districts of Arceles,
Vanchula, Palmira and Laja, near
Cienfuegos, to be an infected zone, owing
to the appearance of yellow fever.

School Board May Sue.

Brockville, Oct. 22.—The Kentville
school board threatens legal pro-
ceedings against the village council for
cutting off \$500 of the school esti-
mate.

aman in this state to be drawn for a
jury.

GREAT SNAKES.

Python and Tiger Fight on Shipboard

—The Huge Reptile Only Last-
ed a Few Minutes.
Of the voyage of the British steamer
Indraashma from Singapore to New
York, and what happened when a big
sea was shipped. The New York Times
tells this story. The vessel carried
along its side lines of cargo a tiger
and five huge pythons. During the
storm a tremendous sea came over the
starboard side of the quarter-deck and
swart with great violence to the after-
end of the alleyway, where the tiger
and the snakes had been confined for
security in the bad weather. The sea
stove in the temporary bulkhead and
washed away the support to the tiger's
cage. The boxes in which the pythons
were kept were smashed and the great
snakes floated about in the starboard
alleyway, while the tiger was swim-
ming in his cage to keep himself above
water. His roar frightened "Bill," the
ship's cat, so badly that he leaped
the cook's galley and hid himself in the
bo'sun's locker.

When Chief Officer Evans, a bronzed,
bearded and salty-looking man, went
to the tiger for a moment that the
Indraashma had shipped some cables
lengths of real sea serpent. The long,
undulating coils of the snakes seemed
erect. The tiger was swimming
up, end to end, for mutual protection.
The bo'sun declares that snakes in
Lahore, where these reptiles came from,
always loopy themselves together when
trouble breaks loose.

The 25 feet python, which measured
about 25 feet, and came from Djog-
jakarta, did not join his fellows, but
stragg
