

THE 5 P. M. EDITION

AT THE POLICE COURT.

Magistrate Had Two Cases to Deal With.

Two cases were registered in the police court this morning, and business was disposed of in quick order.

Edward Randall walked the carpet on a charge of being drunk and disorderly. He was found guilty, and a fine of \$2 and costs, or twenty days, was imposed.

William Bowie was registered as a "laid drunk," but the magistrate gave him a change to give up his evil habit. William was happy when he left the court room.

MADE GUESSEME FIND.

Laborer Unearths Human Skeletons at Artillery Park.

While doing some excavating work at the "B" Battery Barracks on Saturday, a laborer, employed by Contractor Harry Watts, made a gruesome find. He was at work digging in the cellar when his shovel ran across something which appeared to be very hard. On investigating, he was surprised to find that he had unearthed two human skeletons. The bones were collected and placed in a box, and will be buried.

The property was no doubt used as a cemetery in the early days.

TAKES SERIOUS VIEW OF THE WORDS OF SIR WILFRID LAURIER.

Regarding Home Rule for Ireland—The London Saturday Review Criticises Canada's Premier.

London, Oct. 22.—The Saturday Review, commenting on Sir Wilfrid Laurier's speech at the T. P. O'Connor meeting at Ottawa, says: "We are surprised that so clever a man as Sir Wilfrid Laurier should not see the absurdity and impropriety of his position. The domestic politics of Great Britain are no business of the government of the dominion. In Canada, we think and say what they like about home rule. Their opinions may not be valuable, because they cannot be cognizant of the facts, but they would be harmless utterances if the speaker were a private person. As premier of the dominion, however, speaking at a public meeting, it behooves him to be careful of the effect of his words. The first effect of such a speech must be to excite irritation among the Scotch and Protestant elements of the dominion, and that the Scotch are a powerful factor in Canada, the Anglo-Irish episode ought to have impressed Sir Wilfrid and his colleagues. Other consequences will surely be to breed bad blood quite gratuitously between Canada and half the British nation, a result which it is admitted, by Winston Churchill, that the unionist party is composed. It is possible that Laurier thinks the radicals will be in office twenty years, and that the unionists don't matter.

SUICIDES IN AN HOUR

After Posting Up Suspension of His Firm.

London, Ont., Oct. 22.—P. MacLay, head of MacLay and Co., whose suspension was announced on Saturday, committed suicide within an hour after posting the notice of the failure on the door of the bank, by throwing himself before a train in a tunnel half a mile from his place of business.

Ojeda Sees The Pope.

Roma, Oct. 22.—The pope on Saturday received with the usual ceremonial, the Marquis Ojeda, the new Spanish ambassador to the Vatican, who presented his credentials and also an autograph letter from King Alfonso. The pontiff expressed the desire that the traditional friendship between the Vatican and Spain be maintained and strengthened. Afterwards the marquis visited the papal secretary of state, Cardinal Merry del Val, and had a lengthy conversation with him. Marquis Ojeda is persona grata at the Vatican, where he is looked upon as a statesman, and not as a politician wishing to further the plans of the present Spanish liberal cabinet.

Lacrosse Team To Go Aboard.

Ottawa, Oct. 22.—As a result of their winning the championship honors of 1906 Emmanuel Tasse, president of the Capital Lacrosse Club, in fulfillment of a promise made at the beginning of the season, will take the victors across the water to meet the best team to be found in the British Isles. They will also compete in the preliminaries and will be away from home all but about two months. The party will leave Ottawa about the end of March.

Premature Blast Kills Two.

Bellefleur, Oct. 22.—At the Point Anne works of the Belleville Portland Cement company, a party of men were working in the quarry and there was a premature blast. George Rion and William Bower were so severely injured that they died soon after. Bower was a resident of this city, about eighteen years of age. Rion, who was also a young man, lived in the country.

Durham's Policy Justified.

London, Oct. 22.—The Morning Leader, referring to the biography of Lord Durham by Stuart Reid, published on Saturday, says Canada has justified its policy in her splendidly progressive development. The principles on which the policy are based are accepted as those which should underlie all successful colonial administration.

Horses Have Typhoid.

Regina, Sask., Oct. 22.—A severe epidemic of typhoid has broken out among horses along the whole course of Wascana Creek, between Regina and Lubbock, a distance of twenty miles. Twenty-three sick horses are in a single veterinary stable here.

Accidentally Killed.

Montreal, Oct. 22.—Shot through the heart by the accidental discharge of his rifle, the death on Saturday morning of George Smith, of 217 St. Catherine street, Missouneuve, put a tragic end to the pleasure of a deer hunting party ranged near Lac Maccaise, ten miles from Lac Beauport.

Where Heredity Told.

"Your daughter plays well," a woman said to her neighbor. "Yes," the latter replied, "she does have a fine touch, and it's no wonder, for she loves the piano, and never tires of it. 'Ye see,' she's a great taste for music, but, then, that's only natural, for her grandfather had his skull fractured with a cornet at a picnic."

CAPTAIN'S FISH STORY.

Held For Unlawful Landing Japanese.

Victoria, B.C., Oct. 22.—The Japanese schooner, *Sulan Marui*, is held here for attempting to run a number of Japanese into Canada. Twenty-two Japanese, out of fifty-two on board were landed twenty miles from here on Friday. Nine have been apprehended. The detained schooner is to be confiscated and a fine of \$100 for each man not taken. The captain said heavy weather had blown them from the Copper Islands, where they had been fishing. The schooner was short of water.

George Simpson, of Bay View, member of the provincial government, who was nominated recently as liberal candidate for the Dominion House of Commons in the riding of Hanover, A. B. Warburton, died early this morning. Mr. Simpson's death was due to blood-poisoning.

Surviving are her brother Edward Beattie, of Portsmouth, and five daughters and three sons, the latter being: Mrs. Mollen, Montreal; Mrs. Downey, and Mrs. Mansville, Buffalo, N.Y.; Mrs. Fredrick Stundin and Miss Agathe White, Kingston, Peter, of Rochester, N.Y.; Edward, of Albany, N.Y., and Benjamin, of Montreal. The deceased was a member of St. Mary's cathedral.

An special meeting of the Ladies' Auxiliary was held this afternoon to arrange for a sale of work, the proceeds of which will be devoted to the buying of new furniture and games.

Hubbard's Swedish Guide.

Montreal, Oct. 22.—George Elleson, the Swedish guide who went to Labrador with Lemond Hubbard on his ill-fated expedition, is here after a tour through Ungava with S. P. M. Tasker of Baltimore. Elleson is understood to be in course of negotiating respecting an important expedition of discovery to the Labrador country.

Towed For A Mile.

Two young Kingstonians were out sailing on the bay, yesterday afternoon. When they went to tack one of the young men was unfortunately enough to drop overboard. He was unable to again get into the boat, and had to be towed to the Barrfield shore, a distance of nearly a mile.

Likely To Be Dr. Sands.

The present indications are that Alderman Sands will be appointed city clerk at the council meeting this evening. It is said he received the majority vote of the liberal aldermen, who control the council. Only two names were before the caucus.

Battery Horses Removed.

The horses and accoutrements of "A" Battery were removed this morning from their old quarters at the riding school to the new stables at Artillery park.

A New York Failure.

New York, Oct. 22.—The failure of J. W. Honning, a large trader on the New York stock exchange, was announced to-day.

Robert Clark, a negro, was taken from the Luccombe, Miss., jail by a mob of 300 whites, and hanged to a telegraph pole in the heart of the city.

LARGE SUIT BEGUN OVER MINING PROPERTY IN COBALT DISTRICT.

Plaintiffs Want One-Fourth Interest in Mining Claim—Motion to Quash Local Option By-Law in Beausville.

Toronto, Oct. 22.—One of the largest suits yet entered over mining properties in the Cobalt district, has just been begun by William Ribb, Jr., Emick, W. S. Blackwell, and W. McLeod, against W. H. Gates of Windsor, J. G. Woodcock and Halseybury Archibald McDiarmid, Campbell, P. D. Ross and William Southam, Ottawa, and the Patterson Lake Silver Cobalt company, Toronto. Plaintiffs ask for a declaration that they are entitled to a one-fourth interest in a mining claim in the township of Coleman, containing about twenty-five acres, and that the defendants hold the lease as to the one-fourth interest in trust for the plaintiffs. The writ also asks that \$200,000 be paid the plaintiffs, being four-fifths of the purchase price to be paid by the defendants.

A motion was made before Chief Justice Meredith, this morning to quash the local option by-law recently passed in Beausville, by a majority of six out of a total vote of 212. H. C. Robinson, an hotelkeeper, seeks to have the by-law quashed on the ground that it was not properly advertised, and that voters had cast ballots who were not properly qualified. The motion was adjourned for two weeks.

Something of a surprise was sprung on the crown in the London bribery investigation this morning. John O'Neary, who had been arrested in London, on Saturday, on a bench warrant, and kept in custody since as a material witness turned out to be the wrong man. He made a vigorous protest against the ill-treatment to which an innocent man he had been subjected, and counsel for the crown, after being convinced they had the wrong man, offered a letter of apology. The offer was not accepted. Several witnesses, this morning, swore to having accepted money in connection with the election. They said they were liberals, and intended to vote for Byrnes anyway.
