## HUGHES WINS

### Hearst Carried Greater New York.

### NOT A HEAVY VOTE

#### REPUBLICAN LOSSES IN THE CITIES.

Senator McCarren Put Up a Bitter Fight in Brooklyn Against Hearst, But He Carried the City by 4,000—Tammany and Independence League Carry the Judiciary.

New York, Nov. 7.—According to incomplete returns from all over the state, Charles E. Hughes, the republican candidate, has been elected governor of New York State and the Independence League, by approximately a plurality of 200 or more. Two years ago Governor Hughes was elected on the republican ticket by 89,560. The latest figures seem to indicate that Hughes' plurality above the Bronx will exceed 115,000. To offset this Mr. Hearst's plurality in Greater New York will be probably from 75,000 to 80,000.

## Sketch of Hughes.

After his return to the practice of law, in 1893, he still occupied the post of special lecturer in the Cornell and Columbia law schools for a time. In later years he demonstrated his ability as an examiner of witnesses and his exploits in turning on the searchlight on insurance matters in New York, made him soon rank as a political leader.

St. Petersburg, Nov. 7.—Five hundred men, women and children, constituting the population of the village of Drozdenko, Esthonia, are in peril of being shot by order of the czar because they are unable to give the authorities the name of an unknown man who murdered their mayor. The bloody work done, he ordered the murderer, and that, at the moment he emerged from the church, drew up at the door, and putting a revolver to the driver's head, ordered him to carry him into the depth of the forest. The drive lasted six hours and the driver said not a word was spoken during the journey.
