Welcome, indeed, is a food that is known to be pure and wholesome, rich in nutrition and good to eat,—so good that no other food can take its place. We refer to Malta-Vita, that delicious crisp, whole-wheat food. Among all the cereal foods we believe Malta-Vita is the only food that is simply and wholly pure grain product and nothing else, except a little salt. It is free from any foreign sweetening agent or other adulterant, and is made in absolute cleanliness.

A perfect breakfast is impossible

A perfect breakfast is impossible without Malta-Vita, and it's just as good three times a day. Containing every food element of the best white wheat and pure barley malt extract, it is intensely vitalizing and easily digested. Let your children have all the Malta-Vita they want and you need not fear for their health. Try some yourself with cream or fruit. You never tasted anything quite so good. All grocers, now 10 cents.

Rome, Nov. 8.-Giuseppe Crealin has been run to earth at last. His romantic capture was effected with great difficulty. A dozen selected soldiers, all experienced mountaineers, disguised as guides, but heavily armed, were sent to capture the bandit's almost inacessible stronghold on the summit of Monte Zeda, 6,700 feet above sea level. In parties of two, the men slow-ly toiled upwards through the pine woods, holding every path towards growth, thus delaying their ascent for a time. Finally, the brigand took refuge in his hiding place, and a regular siege began. Towards evening, when the cold had become intense, and the soldiers' numbed hands scarcely permitted them to take aim, Crealin suddenly ceased firing. The besiepers feared a stratagem, but when they finally took the fortress by storm, Crealin was found senseless with a wound in his head.
