BOARD OF EDUCATION

HOUSEHOLD SCIENCE AND MANUAL TRAINING

Were Discussed—Management Committee to Supply Further Details to Special Meeting—Inspector Leake Present.

The November meeting of the Board of Education was held last evening, the following members being in attendance: Trustees Kelly (chairman), Anglin, Donnelly, Elliott, Godwin, Hafner, Lambert, Laturney, MacCallum, Martin, Meek, Melley, McLean, Renton, Wormwith. These communications were read and referred to committees:

Miss Susie Bowden applying for promotion as domestic science teacher. Miss Corrine M. Frame, Clayton, N. Y., applying for position as either domestic science or manual training teacher.

Provincial treasury department sending cheque for \$91.50 towards kindergarten work.

W. C. T. U. secretary, expressing sincere thanks to the board for its cooperation for making it possible for so many hundreds of boys to get such help as the White Cross representative of the W. C. T. U. was enabled to give them. The opinions of several teachers regarding the lectures were expressed.

Miss H. E. Barney, secretary of the Kingston Teachers' Institute, asking the board to have the Tonic Sol Fa system of music introduced into the schools; also that the public schools be dismissed at half past three o'clock, except for backward and inattentive pupils.

The management committee recommended that the tender of R. Uglov & Co. for pupils' supplies for the year 1907, be accepted, the figure being \$1,692.61.

On the communication of W. Farrell Dyde, asking the board to give a grant towards athletic expenses in the colleges, no action.

On the communication of W. Farrell Dyde, asking your committee to report concerning the establishing of manual training and household science departments in the public schools; that a manual training and household science department be established in January next, the former to include the art work and the latter the sewing, now being done in the schools, and that the property committee be instructed to report at the next meeting of the board regarding the necessary accommodations.

On the communication of J. G. Galloway, entering a complaint against the principal of Frontenac school, after an investigation your committee presented its findings to the parties concerned.

Mr. Donnelly moved, seconded by Mr. Martin, that a grant of \$25 be made to the Collegiate for athletic expenses, if the finance committee could provide the funds. Opposition was made to the proposed grant, because it would be a bad precedent. The motion to make the grant was defeated on this division.

Yeas—Messrs. Anglin, Donnelly, Hafner, Laturney, Martin, Meek, McLean.

Nays—Messrs. Kelly, Bennett, Elliott, Lambert, MacCallum, Melley, Renton, Wormwith.—S.

Inspector Leake Speaks. There was a long discussion upon the division of the committee's report upon the establishment of household science and manual training in the public schools.

A. H. Leake, provincial inspector of manual training and household science was present and gave the board some information as to the establishment of these departments. He pointed out that the practice had been to give instruction in household science to girls at too early an age. Older girls best appreciated the subject. His idea was that girls in the junior and senior fourth classes should be given needle work, and afterwards, in the first and second forms of the collegiate be drafted into household science work.

The inspector advised that Miss Shaw be continued in the teaching of art and needle work and thus she could be classed as a second household science teacher, and an extra grant secured from the government.

Prof. Martin remarked that Inspector Leake's ideas were similar to his own in connection with teaching household science to girls. He contended that the girls in the schools of the public schools, which he said were soon to be established, were the ones to whom to teach household science. The speaker asked if it was science. The speaker asked if it was science.

Help for the Kidneys Through Gin Pills.

A GUARANTEED CURE. Read this letter. Read it twice. You have never heard such good news before.

If your kidneys are sick, it tells how to be free of pain—how to have all your old-time health and vigor.

I have been for years a sufferer with pain in the back and across the kidneys. There was scarcely a minute, day or night, that I was free of pain, and when I attempted to pass urine, it felt almost unbearable. A friend of mine, Portage la Prairie, who was similarly afflicted, strongly advised me to try Gin Pills, as they had cured him. I bought a box of Gin Pills, and in less than a week, to my great delight, found myself without pain. I have had to go as often as every 20 minutes to urinate and several times during the night. Since taking Gin Pills, I sleep through the entire night and am not more than ordinarily inconvenienced during the day. I can earnestly recommend Gin Pills to anyone suffering from pain in the back, kidneys, or bladder.

Mr. G. O. Gowler, Portage la Prairie. "Your druggist has Gin Pills, or will get them for you. Go box—\$ for 35c."

If you will send us your name and address and tell us the name of the druggist you have read this we will send you a trial box of Gin Pills absolutely free. You will get such relief that you will gladly continue the treatment until cured. Do it today—now—and start to cure yourself.

A CLERGYMAN DEAD

REV. F. B. STRATTON PASSED AWAY ON THURSDAY.

He Had Held a Prominent Place in the Church—Had Been Preaching For Over Half a Century—A Sketch of His Career.

After an illness extending close upon two months, Rev. F. B. Stratton passed away Thursday night, at six o'clock, at his home, 464 Albert street. The news of his death was learned with sincere regret as he was one of the most active members of the Methodist ministry in this district.

He was sixty-eight years of age, and was superannuated in the year 1902. He lived there until last spring when he purchased a home in Kingston, and moved here. It was on September 17th, just as he was about to leave to attend the conference of the general conference, at Montreal, that Mr. Stratton was stricken with illness, in fact he was taken ill just a few hours before the time set for his departure. He was removed to the hospital, and remained there for five weeks, afterward being taken to his home, during last summer, it will be remembered that Mr. Stratton preached at the Sydney church, during the illness of the pastor, Rev. C. E. Manning. A remarkable coincidence is the fact that deceased preached his last sermon at the Sydney church, during the illness of the pastor, Rev. C. E. Manning. Deceased was survived by his wife and six daughters—Mrs. T. R. Carnovsky, Detroit, and Mrs. Freda Stratton, Indianapolis, where he was born, and where he spent his boyhood days.

Mr. Henry Dudeney, English writer, is author of "The Shoulder-Knot," the novel which opens December Smart Set. The scenes of the tale are laid in a remote hamlet in rural England, and four characters constitute practically all those vitally concerned in the narrative. Mr. Dudeney writes in a masterly way, and along lines generally new, far from the beaten paths of current fiction.

The propeller City of New York, with Capt. Dan Rooney, will arrive this morning with grain from Whitty. This is the first trip this vessel has made since Kingston. She can carry about 15,000 bushels of grain.

SOLUTION SUGGESTED In the Matter of Lodge Medical Attendance. In discussing with a Whig representative the lodge contract question, a leading physician said that the best way to arrive at a solution would be for lodge representatives and a committee of the doctors to have a conference. He pointed out that the present system of lodge medical attendance is neither satisfactory to the lodgees, the patients or the doctors. It is impossible for doctors to give the best medicine to the lodge patients for the paltry remuneration they are receiving, nor can they be expected to give the same attendance to them as they would give to their private patients. They do not contract to do so. The best way would be for lodgees to pay their physicians for the services they give their members. A record could be kept of this. It would cost more, but there would be greater satisfaction on all sides.

A Lot Expected. In buying furs people now expect better quality, better values and better all-around satisfaction here than anywhere else, and we don't disagree with them. See our big values in Alaskan sable and mink scarfs and mufflers. Campbell Bros., the manufacturing furriers.

Another Good Assembly. The hackmen had another of their popular assemblies in the White hall, last night, with Crosby & O'Connor's orchestra furnishing excellent music. The 200 dancers spent an enjoyable evening. The dance broke up about two o'clock this morning.

Remanded A Week. Magistrate Farrell had only one case to deal with at today's police court. Daniel McDonald was accused of vagrancy, and was remanded a week.

SOMETHING TO REMEMBER

Was the Excellent Concert at the Y. M. C. A.

The sale of work and concert, given by the Ladies' Auxiliary of the Y. M. C. A. in the association rooms, yesterday, proved a success in every sense of the word. Ladies were coming and going all the afternoon, purchasing the dainty and handsome fancy work prepared by the auxiliary, and friends.

In all about \$125 was realized, every article offered being sold.

Last evening in the gymnasium the excellent concert, organized by Miss L. Sineclair, added another success to the day. The programme was far more varied than ever held in the Y. M. C. A. rooms, and was made up of selections, both vocal and instrumental, by Kingston's finest musicians.

The male quartette of Queen Street Methodist church rendered several selections in a highly complimentary manner. Messrs. Shea, Bradley and Craig sang very pleasing solos, and Miss Dutton's recitations were up to her usual high standard. Miss Musie's vocal solo and Miss Toye's piano solo were features of the evening. Miss Singleton made quartette of the excellent programme she had arranged, and though the audience was small, those fortunate ones who were present have something in the way of an excellent evening of music to remember for a long time.
