THE SPORT REVIEW

RESULT OF THE OUTSIDE RUGBY MATCHES.

'Varsity Beat McGill in Montreal—Wins For Rough Riders, Montreal and Argonauts—Other News of Sport.

Toronto Varsity practically cinched the Intercollegiate championship Saturday by defeating McGill in Montreal by six points to two. Even if McGill defeats Ottawa College in Ottawa next Saturday, a win for Varsity against McGill in Toronto on November 24th, will only leave the championship a tie. Fine judgment and almost faultless play by the back division gave Toronto game Saturday. They outplayed and outplayed the McGill backs from start to finish, and though more frequently in trouble than McGill's quintette, they showed splendid reserve and worked out of all sorts of tight places. The first half resulted in a one to nothing lead for McGill.

Meeting in Montreal.

A meeting of the executive of the C.I.L.U. was held in the Windsor Hotel, Montreal, on Saturday morning, the following members being present: J. Stephens, McGill, president; C. V. Jamieson, Varsity, vice-president; R. M. Mills, Queen's, secretary-treasurer; Adet Hale, R.M.C.; J. McEwen, McMaster. The schedule for the coming winter was drawn up as follows:

Senior Series. January 18—McGill at Toronto. January 25—Toronto at Queen's. January 25—Queen's at McGill. February 1—Toronto at McGill. February 8—Queen's at Toronto. February 15—McGill at Queen's.

Intermediate Series. A—January 26—Toronto II at McMaster. February 2—McMaster at Toronto II. B—January 25—Queen's II, at R. M. C. I. February 1—R.M.C. I. at Queen's II. February 8—B. at A. February 15—A. at B.

The junior district schedules will be arranged between the districts decided by the executive later.

Sporting Notes.

It is said that the Canadian Amateur Skating Association is contemplating sending a Canadian Amateur Athletic Union as the M.A.A.A. has already done.

At the recent autumn competition of the Royal Perth Golfing Society in Scotland, E. C. Grant, of the Ottawa Golf Club, won the "Athlete Cross," a handicap prize medal play. The match was a twenty-four hole one, and Mr. Grant won with four handicap from scratch.

Toronto Mail and Empire: With the addition of "Chaucer" Elliott, the Argonauts rugby team, who will connect with the programme through the medium of a song, the Harmony quartette, and the somewhat mysterious "dark secret" novelty stunt the St. George's list of attractions for their monster smoker next Saturday night is beginning to assume gigantic proportions.

Toronto Globe: The Canadian Amateur Athletic Union will lose the Eastern Hockey League, with its half dozen game money teams, and will gain the thousands of active players of the Ontario Hockey Association. Which side, think you, more nearly represents the desirable idea in sport? And to which side could a share in the government and encouragement of amateur sport be more safely entrusted?

The fighting days of old Bob Fitzsimmons are over, but the legend of fate that the greatest fighting machine that ever lived should be retired from the game in a stage bout. That slow Fitz over on the hard head of Kid Welch at Terre Haute, broke his arm, and it is now reported that it will never again be strong enough for a struggle with a real hard hitting Fitz is old and the bones will not knit together again, very well.

The international match of the South African footballers' tour in Toronto. The Canadian Amateur Athletic Union will lose the Eastern Hockey League, with its half dozen game money teams, and will gain the thousands of active players of the Ontario Hockey Association.

Another Death At Plevna. Plevna, Nov. 10.—A. W. Wood, one of the leading men in this district, has passed away. Only a week ago, he was acting as pall-bearer, at the funeral of the late L. Kring, when he caught a severe cold, which developed into pneumonia, and after three days severe illness, he died. He leaves a widow and a large family. The funeral took place on Friday, November 2nd, in the presence of a large concourse of people. The services in the church and graveside were taken by the rector, Rev. Mr. Cox, an intimate friend of the deceased. Mr. Wood will be sorely missed. He was always an active man and took the greatest interest in the work of the settlement. He showed the same interest in his religious life as in his ordinary vocation as a merchant. He was a hearty supporter of all good work, and his place at the services of his beloved church, was seldom vacant.

Harrowsmith Happenings.

Harrowsmith, Nov. 10.—J. Truscott has bought two houses in Newburgh, G. A. Redmond's improving, his property by putting a new fence around it. A. Ward has sold his farm to Ernest H. Haggart, who is moving to Hartington. The sale of Mrs. Horatio Way's farm was largely attended and everything went at a high price. C. E. Haggart and family have gone to Bancroft to spend the winter. Mrs. Grace Graves is in Kingston learning the art of dressmaking. Mrs. Lillie, of Petworth, at J. Bell's, Mrs. Brown of Murvale, William Redmond's, Mrs. D. Wallace has returned home from Westport. Mrs. J. S. Gallagher has returned home after spending a week at Westport. Mrs. W. Back is spending a few days with friends at Wilton.

Leprosy in South America.

Leprosy is increasing in both North and South America. Columbia, where there were only 400 leprosy forty years ago, is said to have 60,000 now, and many find their way into the United States. Such a medical authority as Dr. Ashmead, who was formerly chief medical officer to the government of Japan, says the increase is alarming. When leprosy is brought into a new country it takes fifty years for the seeds to take root, and it becomes epidemic after some 250 years. It has been shown that mosquitoes are active in transferring the bacilli of leprosy.

TWO BEARS APPEAR

And Frighten the People of Myer's Cave.

Myer's Cave, Nov. 10.—Quite a number from this neighborhood have gone further north to hunt, as they are becoming very scarce, in this section. Bears seem to be very numerous. W. McLaughlin, who resides near Marble Lake school, in this township, shot one just outside the schoolyard, the animal was first seen by the scholars, in an adjacent field, where it climbed a tree presumably for safety, but a well directed shot from Mr. McLaughlin's rifle, soon brought the animal to the ground. A few days afterwards Master Harold McGregor, on going to bring the calves home for the night, espied a large bear, among the calves, apparently gazing with them. A team attached to a wagon coming along at the time, frightened the animal, when it took to the woods. Mr. McGregor followed at once with his rifle, but the animal was no where to be seen.

One by one our residents, who went to the harvest fields of the great North-West in August, are returning, the latest arrivals being Duncan and W. McGregor, George and Willie Salmon, and all speak in glowing terms of the country. D. Gray and E. Morgan also arrived home some time ago. Messrs. John Curtis and E. Delyea, have gone to work for the winter, in the lumber woods around North Bay. Mrs. T. Delyea and daughter, Emma, were the guests of Mrs. A. Delyea on Tuesday last. B. F. Deltor, of Arden, was a recent visitor at the Cave. William Henny, who has been seriously ill, is no better. Mrs. W. Henny, who has been quite ill for some time, is slowly convalescing. S. Cuddy, who was so seriously hurt some time ago, is able to be about. Mrs. F. H. Jack, of Point St. Charles, Montreal, returned to her home on the 24th ult. Messrs. Walter Clark and Andrew Millar, of Violet, and E. Perry, of Centerville, are visitors at the Cave, the guests of Mr. and Mrs. C. McGregor. George, the little son of Mr. and Mrs. T. D. Perry, who has been very ill, for a few days is getting better. B. Sedgewick, T. D. Perry and sons, James and Oscar, have gone for a hunt on the Marina lake. Mrs. D. Gray, spent Tuesday last, the guest of her mother, Mrs. J. C. Mitchell. Mr. and Mrs. E. Wood, Harlowe, spent Sunday last at the Cave, the guest of the latter's parents, Mr. and Mrs. T. D. Perry. Master Harold Neale, who has been on the sick list, is some better. J. Critchley, a business trip to Montreal this week.

THE FOREST WOOL

SPUN FROM FIBRE OF THE PINE LEAVES.

Resembles Coarse Wool and is Woven Into Serviceable Fabric—Many Uses to Which the Pine Tree is Put—Its Medicinal Value Known Throughout the World.

In Germany and Sweden the great pine forests furnish not only timber and medicine, but clothing as well. The pine leaves are treated with a solution of soda and the fiber applied to textile purposes under the name of "Wald Woll" or forest wool. It has some resemblance to coarse wool and is spun and woven into blankets and garments that are said to be warm and durable. The fine medicated cloth so perfectly that eruptions and skin diseases are unknown to the wearer.

The medicinal properties of the pines are known throughout the world. An eminent authority on diseases of the throat and lungs, established a camp for consumptives in the pine woods of Maine and made so many remarkable cures here that his treatment attracted great attention from the medical world. His methods were endorsed by the highest authorities. The treatment was very simple, consisting of open air exercise, deep breathing and nourishing food. Every four hours the patient was given one teaspoonful of a mixture of the Pure Virgin Oil from the white pine trees combined with white and glycerine, in the following proportion: Virgin Oil of Pine (Pure) 1 oz. Glycerine 2 oz. Whiskey 8 oz.

This treatment strengthened the lungs and healed the bronchial tubes. It is claimed that this treatment will break a cold in twenty-four hours and cure any cough that is curable. The ingredients can be secured from any good prescription drug store at small cost and can be easily mixed in your own home.

Inquiry at the prescription department of the lowest cost drug store, will elicit the information that Virgin Oil of Pine (Pure) is put up only in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper, with the name "Virgin Oil of Pine (Pure)" plainly printed thereon. There are many rank, imitations of Virgin Oil of Pine (Pure), which are being put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired results.

PRETTY COSTUME.

Design For Broadcloth or Velvet.

The plate shows a most becoming model for an afternoon frock, the model being in hycarlin like cloth, lined with silk, and made to match. The yoke and collar were of Irish crochet lace, the ruffles on the lower part of the bodice and on the sleeves being of chiffon, matching the cloth, in shade. The little velvet straps at the base of the collar were of velvet, in a slightly darker shade of blue. The skirt was made with a sweep and had a related panel set in on each side, below the hip yoke, which was cut in one with the front and side-back pocket plaits.
