THE SPORT REVIEW

FIVE KINGSTON FOOTBALL TEAMS

Play Against Toronto Aggregations To-Morrow - May They All Win - Limestone's Confident of Smashing Tammany.

Four college teams go up from Kingston to play in Toronto to-morrow. Varsity I, and Queen's play in the afternoon; Varsity II, and Royal Military College in the morning; Varsity III, and Queen's III, also in the morning, and the soccer teams of the universities clash before the senior game in the afternoon. At least three of the four games will come to Kingston as the contest for the intermediate championship will be a walk-over for Cadets with their lead of thirty points. Queen's III, are ahead of Varsity III, by seven points and should add more before the contest for the junior championship is ended. Queen's soccer team has not been defeated this season and will undoubtedly retain its reputation in to-morrow's contest. Of Queen's soccer team's chances nothing can be said, but any team that practices as industriously as Queen's seniors has this season is all right and will spring surprises on opponents. It would not be surprising if all the local football teams went to-morrow.

Regarding Rugby Rules. The Toronto Telegram is now advocating the intercollegiate rugby rules for adoption by the O.R.F.U. One year ago, the Whig advocated this same thing. The Telegram says: "All season it has been borne in upon the rugby critics in Toronto that there is something lacking in the Ontario snap-back game; that there is a deadness in putting the ball into play. At the same time the game played by the preparatory colleges, Ridley, St. Andrew's, U.C.C. and T.C.S., has been acclaimed by these same experts as the best in sight, with plenty of action, where the snap-back is still, adding just that spice that the Ontario regulations lack.

"And the feeling has spread and at least two of this year's Ontario officials are taking in their stride the game played by the colleges, and have been not at all backward in acknowledging their preference for that style over the snap-back of their own country.

"It is practically certain that there will be an effort made at the annual meeting of the O.R.F.U. to discard the snap-back for the college rules, which are really as close a compromise between the old intercollegiate scrum game and fighting lines game and the Ontario rules as can be evolved. In view of the fact that at least two of the officials are prepared to support such a change, it looks from here as though this would be the last year of the Burnside regulations.

"There are in existence the Canadian union rules which are nearly so, with those of the preparatory colleges and as the Canadian championships are played under these regulations there is a further incentive to adopt them in Ontario. Quebec's style is, to all intents and purposes, identical with the Canadian and as has been said, is as near the Ontario rules as it can be and retain a scrum game.

"The cry of uniformity for Canada is also bearing weight and all in all there seems little room for doubt, but that Ontario and Quebec will have the same rules next year and they will be the Canadian or preparatory college code."

To Be A Hot Game. About 300 excursionists left, to-day, for Toronto and though there are four games booked for the Queen City to-morrow, the interest of the local enthusiasts hinges around the game between Tigers and Montreal in Hamilton. Considerable money has been put up on the result of the game; neither team appear to be favorites. As a betting proposition the game is far from being certain. Tigers play on their own field and have not been defeated in three years, also the "Rooters' Club," of Hamilton, with a trained membership of 500 men, will add assistance to the home team, while Montreal will be in a strange town. However the Montrealers are in shape to have been playing the scrimmage game all season, while Tigers have been drilled in the snap-back system. As to form both teams are reported to be in the best possible condition and to-morrow's game, under favorable weather conditions, promises to be the hardest fought game Canada has seen in many years.

Must Elect Him. The O. M. A. elections occur on Saturday. The executive committee is to be chosen. The Toronto Telegram says: "A. B. Cunningham of Kingston is the only man east of Toronto up for election, and that district must have at least one man on the board. Besides Mr. Cunningham is a good man."

Varsity's Misfortunes. The Montreal Witness, in discussing the present situation of the intercollegiate rugby teams, says that "McGill may be saved the trouble of travelling to Toronto to meet with the Varsity before last Saturday's match, the certificate of eligibility for one of Toronto's players, who had played in the first three matches of the season, was not in possession of the McGill authorities, who, as provided by the

regulation of the constitution wrote the Toronto executive to send in the necessary certificate - undergraduate standing. What was McGill's surprise, when the certificate was not forthcoming, to find that the player in question did not put in an appearance either, and had been dropped from the team. Now as no certificate has been sent in to the secretary of the union at all this season for this member of the team, it is more than likely that Toronto's first three games will be rendered null and void, and that such a course of action will put McGill at the head of the league."

It's hard for a team to do wrong in intercollegiate athletics. Toronto University seems to have been doing crooked work all season in field sports and rugby, and now has been caught for a second time. It will have to suffer accordingly.

The Limestone's Confident. The Limestone are confident that they can defeat the Toronto Tammany Tigers at Port Hope to-morrow afternoon and are getting on the field with the full intention of winning. Captain Moxley is now quite capable of resuming his position at quarter-back, and with Laird again at full-back, the Limestone's chances are good. They were in the last match with Gananoque. Davies will not likely play to-morrow. His place will be taken by McCall or McErmott. The Limestone's are to leave for Port Hope morning at 5.15 o'clock. Their expenses will be \$50. They have \$50 on hand, so unless they get a little from gate receipts or subscriptions, they will be "in the hole." Should they win to-morrow, and have to travel away from home again, they'll be bankrupt, but their friends will no doubt come to their aid.

SAVED A HOSPITAL

BRAVERY DISPLAYED BY A KINGSTON GIRL.

Miss Minnie Birtles Honored on Day She Becomes Professional Nurse, at Binghamton, N.Y. Miss Minnie Birtles, of Kingston, was one of three young women who were transformed into professional nurses at the city hospital at Binghamton, N.Y., the other evening. The graduation class of 1906, was attended by music, flowers, and an attendance of prominent men and women.

In the decoration of the rooms a pretty compliment was paid Miss Birtles in arranging an English flag with that of the United States. In connection with the graduation it is interesting to note that Miss Birtles, through her quick action and cool-headedness, prevented a tragedy at the hospital. Miss Birtles, and her bravery she was presented with a handsome gift by the board of trustees of the hospital. Miss Flaherty, another nurse, who took a prominent part in the incident referred to, was remembered in the same manner.

Not long since, in the still watches of the night, when apparently all was secure and quiet throughout the institution, the nurses became aware that something was amiss. Miss Birtles and Miss Flaherty investigated, and they found a brick fire burning in the cellar of the main corridor. Help was summoned immediately, and the blaze was soon extinguished. The fire was caused by a gas fixture being too near the ceiling. The hospital had been in danger for years. By their prompt action the Misses Birtles and Flaherty's no doubt prevented a terrible horror.

Miss Birtles is a daughter of Sergt. Major Birtles, of the R.M.C. She is the first Canadian graduate at that hospital, and has been engaged permanently on the staff.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Keepers on Their Rounds. The chess board did not meet yesterday. It meets Thursday, November 22nd.

Stanley Nesbitt, of Toronto, is in Kingston on a visit to his father, Sergt. Nesbitt.

This morning the thermometer registered twelve degrees below the freezing point.

The season for deer shooting expired yesterday. Of course the hunters are all home.

Contractor Snowden denies emphatically that he will be a candidate for the office of Mayor of Kingston.

Mrs. Owen Tierney, of New York, was in Kingston attending the funeral of her father, the late James Campbell.

The Eastern Ontario Command are handed in to the militia department before the opening of parliament.

"Three Swallows." Sir John Power & Son's Famous for over a century. Of highest standard of purity. Distillers to His Majesty the King.

Not Hard to Decide. We have for so long been the recognized leaders in Kingston as manufacturers of reliable, well made fur coats that now most people have no hesitation in deciding on the best place to buy any fur coat every day that our values in fine furs far surpass anything to be found elsewhere. Get our prices on ladies fur lined coats. Campbell Bros., the busy fur store.

Read the wonderful cures by Dr. Williams' Pink Pills. Sold at Gibson's Red Cross drug store.

Our No. 1 Universal meat chopper is just the size for house use. Strathairn's hair cream, splendid Flannellet night dresses, splendid flannel, 65c, 75c, \$1 and up. New York Dress Reform.

Have you a grate? Get Blue Grass Lump Stoves. See Bibby's \$12.50 blue suite.

Kingston's Famous Fur Store REAL FUR WEATHER

Quality for quality we're not undersold anywhere in Canada. This is "the big store with little prices."

For instance: Persian Lamb Jacket, 24 inches long, full blouse style, large fox o' neck, with blue slip lining, silk girdle, all water, made of fine snowy even curl skins, \$125.

Alaska Seal Skins, made of best full furred skins, extra large and long, on both sides, trimmed with 12 large Alaska Seal tails, \$20.

Large imperial shape suit to match, \$12.

George Mills & Co Manufacturing Fur Specialists

CITY AND VICINITY.

Files Cured In 6 To 14 Days. Paste Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Files, in 6 to fourteen days or money refunded. 50c.

Found Dead In Bed. Mrs. Elizabeth Hallett, wife of C. A. Hallett, was found dead in bed in Waterloo, N.Y., on Tuesday. She was born in Kingston thirty-nine years ago. Her maiden name was Higelow. Death was due to heart failure.

Has Gone To Hamilton. Frederick Hayward, late wine clerk at the Collender, King street, has secured a position as chief wine clerk at the Royal Hotel, Hamilton. Friends tendered a banquet to Mr. Hayward at the Collender hotel, last night. He leaves to-day for the Ambitious City to accept his position.

Hackmen's Assembly. The hackmen gave a jolly assembly in the Whig hall, last night, with an attendance of about fifty couples. Dancing was continued until about two o'clock, this morning. Crosby & O'Connor's orchestra furnished excellent music and responded to requests in a pleasant and appreciative manner.

May Be Made Governor. Rev. A. B. Chambers, D.D., a Methodist minister, is suggested as the next governor of Ontario. He was a former minister at Nanawan. He would not confirm the rumor, saying no offer had been made, but added: "As far as I'm concerned, any position in which I can assist the unfortunate, there is my place."

A Decidedly Hot Shot. Brer Cliff, of the Carleton Place Canadian, his below the armor when he remarked: "Chicago women are wrestling with the question of who owns a wife's clothes, the wife or her husband. That seems purely academic. The husband wouldn't assert his ownership of them even if he hid it, as wives sometimes proverbially do of a husband's important article of male wearing apparel."

Cadet Cross-Country. The R. M. C. cadets had a cross-country run on Tuesday between the various companies. The distance was over ten miles and "B" and "C" companies tied with 158 points. The company winners were: "A" company, Cadet Humphreys, first; Cadet Spain, second; "D" company, first; "E" company, first; "F" company, first; "G" company, first; "H" company, first; "I" company, first; "J" company, first.

Get Busy, Aldermen. It cannot be said of some of the Kingston aldermen that they attend the committee meetings regularly. On Tuesday evening the civic property committee had to be called off, as only the chairman and Ald. Cooke put in an appearance. The parks committee has a membership of seven, but at its meeting on Thursday afternoon only three members turned out. Ald. Givens, the chairman, and Ald. Toye and Cooke, is the preparation for the Christmas rush the cause of this lack of attendance?

Visited Mayor Carruthers. Maj.-Gen. Finn, of the 21st Imperial Lancers, who, for the past few years, has been in Australia, is touring Canada, examining the fortifications and quarters of the permanent forces. Gen. Finn, passing through Kingston the other day, heard that Maj. Bruce Carruthers lived in the city and stopped off to see him. Gen. Finn and Maj. Carruthers are old friends, being connected with the same regiment in 1882. Gen. Finn has left for Ottawa to interview the minister of militia.

At The Y. M. C. A. Another address on "The First Aid To Injuries" will be given at the Y.M.C.A. to-night.

The business men's gymnasium class will meet to-night at eight o'clock.

At the meeting of the basketball committee, Thursday night, the schedule was read. The first games will be played as follows: Seniors on Thursday, November 29th; business school on Monday, November 30th; school boys on Wednesday, November 21st. Charles Moxley will act as referee for the George B. Meadows' cup, and Harry Warwick will referee the games for the George Williams' cup.

Miss Farthing Ill. Woodstock Sentinel-Review. Miss Farthing, a sister of Canon Farthing, Kingston, is seriously ill at the Woodstock General Hospital. Mr. Farthing has been notified of his sister's condition and is expected in the city shortly. Miss Farthing, who has for some years been engaged in missionary work in various points in Alaska, will be remembered by many people here. She arrived in Woodstock from Chicago Saturday afternoon and was taken ill en route. Upon her arrival here she went to the general hospital, where it was found that her condition was very serious. It may be necessary to perform an operation at once.

Friction Among Officers. The Kingston correspondent of the Military Gazette in commenting upon the trouble in No. 3 Company, C.A.S. Co., says: "For some time there has been a lack of harmony in this corps, and the most strained relations have existed between some of its officers. This has caused the efficiency of the corps to suffer exceedingly. It is a great pity that such an important branch of the service should be permitted to go to pieces for the want of action. The local press has spoken plainly and it is now up to someone to probe the wrong to the very bottom."

It is said that the company will be reorganized and some new officers appointed.

"After dinner mints" fresh at Gibson's Red Cross drug store. Phone 220.

"Listen to this: 'We know there's a saving burning Swift's coal.' customer remarks.

A BIG FREIGHT YEAR

THE SEASON HAS BEEN A BUSY ONE.

The Water Front Has Been a Scene of Activity All Summer - Many New Branches of Freight Handled.

The freight business, brought to the city by water, has increased in dimensions, this season, as never before. The water front since the opening of navigation to the present time has been the busiest part of the city. Several lines of merchandise have been shipped and received from here, this season, that have never been handled before.

Pressed hay is being shipped west from here, notably to Fort William, in which district the small crop has failed, and another branch is the receiving of four from the same place. Coal also is more expensive in the surrounding district this season, local merchants are shipping car-loads daily to the villages about.

Next week will see the close of navigation as far as way freight is concerned, and though the grain boats have some weeks to run a change has come over the usually busy waterfront. Vessels are being put into winter quarters all along the harbor.

OUT-ON PAROLE. Sad Case of Young Man in the Penitentiary. Lewis Rioux, aged eighteen, sentenced some time ago to a term in the Kingston penitentiary, will be allowed out on parole. He is in poor health, however, and it is believed that his mind has become unbalanced during his stay in the institution.

Rioux's home is near Quebec, and a relative arrived in the city this morning to take care of him. Rioux, so it appears, was a passenger on a railway train. He had no money, and the conductor put him off between two stations. He became angry at this treatment, and he threw a stone and hit the conductor. He was tried, found guilty and sentenced. The brother-in-law who came to take Rioux back to his home received quite a shock when he found the state that he was in. He was aware that Rioux was unwell, but had no idea that he was so bad. It may be that he will not be in a fit state to be taken to his home for some time yet.

Simple And Effective. Here is a simple and effective remedy for coughs and colds: Mix a half ounce of the Virgin Oil of Pine (pure) with two ounces of glycerine and a half pint of good whiskey. Shake well and take in teaspoon doses every four hours.

This formula is said to be very effective, being the prescription of an eminent specialist in the cure of consumption. It will break up a cold, in 24 hours, and cure any cough that is curable.

The ingredients for this prescription can be found at any good drug store, but care should be taken that only the pure Virgin Oil of Pine should be used. This is put up only in half-ounce vials for dispensing, securely sealed in a round wooden case with engraved wrapper, having the name "Virgin Oil of Pine (pure)" plainly printed thereon.

The cheaper oils that are sold in bulk only create nausea and have no effect whatever upon the bronchial tubes.

See Bibby's new overcoat.

Dr. Scott's Liniment

Is the best for man or beast. As a HOUSE LINIMENT for all Swellings, Cuts, Bruises, Sprains, Strains, Scratches, etc. It is unassailable.

Large bottle, 25 cents. An Excellent Hair Restorer and Scalp Cleanser.
