NO MORE VIOLENCE

COMPANY RAN NO CARS IN HAMILTON LAST NIGHT.

Looks Like a Settlement—Several of Saturday Night's Rioters Committed—Three Elect to Be Tried By Jury.

Hamilton, Nov. 28.—The company made no attempt to run cars last night, and consequently no violence was offered. Mr. McMahon, president of the International Street Railway company, arrived from Chicago, and the prospect of negotiations being opened between the company and the men seems most hopeful.

Tuesday morning a number of drunken strikebreakers were sent out in charge of one of the cars, and they created a lot of excitement by running through the centre of the city at a reckless rate of speed. They did not bother about their fender, and went through the city with it at the rear of the car. Several unsuccessful attempts were made to stop the car, and finally the leaders of the strike-breakers were sent for. They succeeded in stopping the car at the corner of King and McNab streets, and placed another crew in charge. The police say that the men who were on the car in the first place will be prosecuted.

The strikers have also complained to the police authorities that the strikebreakers are breaking many of the city by-laws, and they received the promise that the complaints would be investigated. Several of the strikebreakers have tired of their jobs and left the city. Six left by an early morning train. The company officials say that they were through with the men, and that they did not desert.

A number of men arrested Saturday night on charges of rioting were before the magistrate yesterday, the court sitting all day. Even then the magistrate was able to get through only about ten of the twenty odd cases being disposed of. Colonel Denison was the principal witness against many of the prisoners. He came up from Toronto for the purpose of giving evidence against them. Clarence and Judson Ryerson were committed for trial on charges of rioting, and Judson was also committed on a charge of assaulting Col. Denison by striking him over the back with his whip. John Moran, Thomas Crowe, Archie Fair and John Oliver were also sent up for trial on charge of rioting, while Arthur King, a supporter of the Tammany Tigers, of Toronto; Alfred Bailey, and Robert Speers, were acquitted, the evidence against them not being strong enough to warrant the magistrate in sending them up for trial. The three men who were committed for trial were before Judge Snyder for election. They all elected to be tried by a jury, and as the judges have refused to accept bail for them, they will have to remain in jail until the session sits on December 11th.

CITY AND VICINITY.

Last Shipment Made.

The last shipment from Oswego left Tuesday for Kingston on the steamer Bothnia. This closes navigation for the season in Oswego and the trestles and elevators will close for the winter.

The New Literature.

First And Last Appearance.

"It was my first appearance and it will be my last," said a drunk who came before Magistrate Farrell in today's police court, and was discharged. There was only the one case on the docket.

Work For Magistrate.

An abusive language case, in which two Ontario street women are involved, will be heard by Magistrate Farrell at the police court to-morrow. The summonses for the case have been issued.

Hadn't Seen The Pavement.

A Cleveland man paying a brief visit to town this week, naively asked how Princess street was paved—he hadn't seen the pavement, he said, and rather wondered that the city had not had the mud washed off. There was not the slightest intention on his part to be funny, he merely sought information.

With Correspondents.

"Can a person be sued in Canada for a debt contracted in the United States, goods bought being left there, although not in possession of the seller?"

Yes. Anyone can sue a resident of Canada in a Canadian court for an outside debt, but must, if it be demanded, give security for costs.

Gave Him A Morris Chair.

On Saturday, November 24th, the officers and crew of steamer Picton, presented Captain D. F. Mills with a beautiful Morris reclining chair. An address was read testifying the good qualities of Capt. Mills and the kind esteem in which he is held by his men. The steamer Picton has left for winter quarters.

Mrs. Davis Dead.

On Wednesday morning Margaret Mary O'Neil, wife of James Davis, died at the home of her mother, Mrs. George Farrell, 428 King street, from consumption, aged twenty-six. She leaves a husband and one child, Hazel. The funeral service will be held at St. Mary's cathedral on Friday, at 9:30 a.m., where a requiem mass will be sung.

Kingston Dispatch True.

Capt. Sinclair, of Detroit, underwriters' representative, went to Michipicoten Island, where the Canadian steamer Strathmore was wrecked. He confirms the Kingston dispatch which stated the steamer was destroyed by fire, but says the fire occurred after the boat had gone on the rocks and that it completed the work of destruction. Nothing is left of the vessel.

To-Night At The Grand.

"Zephra," in prismatic splendour, will grace the boards at the opera house to-night, and all sincerely trust the friends of the two hundred young people participating will rally to their support, and give them a rousing reception. The first performance at Parada was the best. To-night will be seen in Kingston for the first time a shower of 40,000 yards of serpentine confetti, at the finale of third act.

A Delightful Evening.

Dr. Lake and Mrs. Lake were "At Home," last evening, to the members of the Young Peoples' Society of the First Baptist church. A large number accepted their kind invitation and a very delightful evening was enjoyed. Mrs. Lake and the doctor are past-masters as entertainers, and it seemed as if they surpassed themselves last evening. Music, games and guessing competitions kept the large company of young people busy and in the best of spirits.

The Juniors Entertained.

An entertainment was given to the junior members of the Y.M.C.A., in the association rooms, on Tuesday night, by the Young Ladies' League. The programme consisted of an illustrated talk, on Mexico, by T. F. Harrison. D. A. Couper and G. D. Murray recited in their usual fine style. The 100 boys present spent a thoroughly enjoyable evening. After partaking of refreshments served by the ladies, they gave the various association yells before leaving for their homes.

Storrington Doings.

The township of Storrington council has spent $32 on the road between Sunbury and Inverary; $20 on culverts on Keelerville road; $20 on Carrying Place road, at Partridge Hill; $15 on culverts at Langwith's ditch on Washburn road, at Bear Creek; $22 on culverts on Mathew's and North Shore roads; $30 on road at Sleith's hill.

Alexander Ritchie has resigned as township clerk, and Hugh J. Moreland was appointed to take office, December 17th.

The council has resolved to commute statute labor at 75c. per day, each division to receive the money collected within its bounds.

Making A Long Tour.

The entertainment company playing "The Scarlet Mysteries" at the Grand on Monday and Tuesday, is on a tour that will likely take between three and four years. A Whig representative had an interview with a member of the troupe, this morning, and found out that the company has been on this side of the Atlantic for the last two months, arriving at Newfoundland, about September 1st. They play at all the leading centres to the Pacific coast, and expect to sail for Australia, about the middle of January. "The Scarlet Mysteries" will also tour New Zealand, Tasmania, Holland, Fiji Island, India and then back to Japan, before they return to England.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Province, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.
