"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who omestead rection of Domin-lands in Manitoba or the North-Province, excepting 8 and 26, not weed, may be homesteaded by any on the sole head of a family, or male and the sole head of a family, or male and the sole head of a family, or male as the sole head of a family, or male the sole head of a family, or male as the sole head of a family, or male the sole head of a family, or male sician in Erie. I went to an must be made in person by the eminent doctor in the city of Erie and ication for entry or inspection like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better, I took two baths a day, dry on. I used the Ointment with water, to stop the itching at once.
