

HALF OUR PILLS ARE C

At all times and to all people I am willing to testify that the Catarrh of the Head is a blessing. I had it for some time and it was very bad. I was told by a physician that I was too old (80) to be cured, but I went to an eminent doctor in the city of Erie and treated him for six months, with like results. I had read of the Catarrh Remedies often. I was strongly tempted to give them a trial, so I sent for the Catarrh Snap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the latter of the Snap dry on me. I used the Ointment with great effect after washing in warm water to stop the itching at once. I am now cured.

The Catarrh treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 St. Vernon St., Philadelphia, Pa., August 2, 1905.

THE VALUE OF CHARCOAL.

Nearly everyone knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purposes.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfests the mouth and throat from the poison of catarrh.

All suggestions of cholera in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of finest charcoal and purified by other and harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat. We also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some seasons of preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal. I send you a small package and see for yourself, F. A. Stuart Co., 56 Stuart building, Marshall, Mich.

VICTORY FOR 14TH.

The First O.H.A. Senior Game—The Visitors Were Weak—Richardson Was the Star.

Whatever is the senior O.H.A. coming to? The Toronto Argonauts brought a team to Kingston, yesterday, which a junior team could easily have defeated, and the 14th Regiment, the entire game, especially in the first half, and the forwards of both teams experienced considerable difficulty in pushing over the rough surface. After three minutes the game was over as far as Toronto was concerned, the Argonauts had a wide aggregate than any junior team would put on the ice. During the first half, Hiscock in goal for Kingston, was only required to make one stop, which fact shows plainly that the life from Toronto had better sell their hockey outfit and settle down to some less scientific game. The teams and positions were as follows:

14th Regiment—Hiscock, goal; Richardson, point; Vanhorn, cover; Potter, rover; Bernier, centre; G. Richardson, right wing; left wing; Aragonauts—James, goal; McKee, point; Wyndham, cover; Quigley, rover; Martin, centre; Clewlo, left wing; Duff, right wing; 14th Regiment—Hiscock, goal; Richardson, point; Vanhorn, cover; Potter, rover; Bernier, centre; G. Richardson, right wing; left wing; Aragonauts—James, goal; McKee, point; Wyndham, cover; Quigley, rover; Martin, centre; Clewlo, left wing; Duff, right wing; 14th Regiment—Hiscock, goal; Richardson, point; Vanhorn, cover; Potter, rover; Bernier, centre; G. Richardson, right wing; left wing; Aragonauts—James, goal; McKee, point; Wyndham, cover; Quigley, rover; Martin, centre; Clewlo, left wing; Duff, right wing.

Gananoque, Jan. 4.—A benefit assembly was held in Turner's assembly hall this evening. The proceeds are to be in aid of the Tiger's hockey team.

Dr. and Mrs. J. P. Sinclair, who have been spending the past ten days with friends in Bristol, Conn., have returned home. Miss Carrie Clow, King street, who spent the past couple of weeks with her sister in Lyn, returned home last evening. Mrs. Cornell, of Lyn, who has been visiting for a week past with friends in town, returned home. Miss Laura Ferguson, of St. Johns, returned home a few days ago, with friends in Kingston.

Master Edgar and Miss Lelia, son and daughter of Mr. and Mrs. John Seale, Garden street, have left for Algoma, where Mrs. Seale has secured an appointment as school teacher.

Senior Mirinda and her wife returned from their relatives before returning to Perth, have returned home.

A. D. Howe, of Ganoque, is seriously ill. He has been confined to his bed for several days past. Rev. Ralph and J. N. Timberlake, of Montreal, who have been visiting with their party, Mr. William and Mrs. Timberlake, at the parsonage, have returned to Montreal.

Miranda's Jewels Came Back.

Savannah, Ga., Jan. 5.—Jewels, principally diamonds, valued by a local expert at \$50,000, were recovered yesterday by the Atlantic Coast line and will be sent on to Bonny Mir-Sandals a Cuban, who is awaiting their arrival at Jacksonville, Fla., before proceeding on his way to Savannah.

Senior Mirinda and his wife left New York, December 21st. They had a satchel containing the jewels. At Jacksonville they complained of the loss of the jewels. Two of their fellow-passengers, a woman and her daughter, were arrested, but subsequently released.

The jewels were found by the negro porter in the closet of a car, where it is suggested, they may have been left by the thief to secure later opportunity offered.

To Fight Wheat Corners.

Spokane, Wash., Jan. 5.—Farmers all over this state are forming branches of the United States Wheat Growers' Association for the purpose of pooling interests and getting better prices for their products. The main object of the association, however, is to protect the members of the association from corners and combinations. In some parts of the state farmers still hold one-third of the 1906 grain crop as the product quotations do not show above fifty cents. The farmers, as a rule are out of debt, and rather than sell at these prices they will hold to protect the members of the association from corners and combinations.

PROF. HORN.

The noted Munich scientist who has invented a successful system of telegraphy by which photographs can be telegraphed to a great distance.
