Bovril will do it for you

A meal prepared with the help of a chafing dish has a great fascination for many.

But the woman who uses a chafing dish and hasn't tried what the addition of a few drops of Bovril will do, has yet to find out how delightfully piquant and appetising, a chafing dish preparation can be made.

Not only does "Bovril" add to the richness and taste, but also very materially to the nourishing qualities, and that's best of all.
